

Adams County Historical Society Dedicates 4 Rooms And Thanks Its Benefactors

The Adams County Historical Society at its October meeting Tuesday evening in the Old Dorm at the seminary said a formal "thank you" to its benefactors of the last two years.

Gifts of cash, historical objects and volunteer services since the society began development of its new home in the historic Old Dorm brought the organization to a new peak in its history and plans announced Tuesday evening told of plans for future expansion of the collection on the four floors of the building erected 131 years ago.

Dr. Charles H. Glatfelter, society president, expressed the society's formal thanks to the Emma G. Musselman Foundation, the county commissioners, to Mrs. Cora E. Berkey and to granddaughters of the late Dr. P. L. Hill for gifts to the society.

"IN BEST SHAPE EVER"

Later the membership gave a rising vote of thanks to all who contributed in any way to the development of the old dormitory into a headquarters and museum for the historical society.

The Musselman meeting room was filled with more than 125 members of the society and guests for Tuesday evening's meeting.

Reviewing the rises and declines of the county historical society since it was established first in 1888, Dr. Glatfelter said, "Our collection is in better shape now than ever before and our museum is in order. We have plans for more rooms and more displays as we continue our efforts to provide many means to enable people to understand the past."

FOUR ROOMS READY

Referring specially to the Musselman room, the Berkey, the Hill and the Stewart rooms, Dr. Glatfelter noted that a typical school room of the last century has been reproduced, a parlor of the 1880s has been recreated, county newspaper files from 1818 are available, an archaeology collection has been displayed and there will be a Lutheran room, a religious life room and others will be developed.

"This is a moment of hope and cautious optimism for the society," Dr. Glatfelter said.

Dr. Glatfelter added: "We are going to need financial support in the future and the continuing interest of more and more people."

INTRODUCES OFFICERS

He introduced other officers of the society who with him began their new terms of office this month: Vice President George Olinger; Secretary J. M. Sheeds; Treasurer Mary R. Eberhart; Librarian William C. Darrah and Director Edith Ditchburn. Dr. Frederick Tilberg, Past President Clarence Deardorff, Kenneth L. Kroh and Herbert W. Miller.

Later Dr. Glatfelter announced the reappointment of Arthur W. Weaner as corresponding secretary for the society.

Nothing that a gift from the Emma G. Musselman Foundation two years ago made possible the beginnings of the restoration work in the old dormitory, Dr. Glatfelter pointed to their meeting room.

As in the past the South Mountain Fairgrounds will be headquarters for the Apple Harvest festival. Among activities scheduled according to Richard A. Slaybaugh, secretary-treasurer of the fruitgrowers, hay rides for the children, distribution of free balloons, guided tours of orchards, displays of apple varieties, old-fashioned open kettle apple butter boiling, distribution of apple cider and a pie baking contest.

The pie baking contest is to be held in three divisions; one for youngsters aged 8 to 14, another for the 14 to 20-year group and the third for those over 20 years of age. The prize pies will be auctioned off during the day.

50 ROADSIDE STANDS

Barbecued turkey sandwiches will be featured at the dinner to be available at the fairgrounds. Maps and signs will guide tourists throughout the county's fruit belt containing 18,000 acres of orchards producing approximately 4,000,000 bushels of apples.

The Apple Blossom queen and her court will be at the fairgrounds through the day, October 13, to greet the visitors.

In brochures sent out by the fruitgrowers and Gettysburg Travel Council, visitors are urged to "bring your camera and your color film."

Fairfield has nearly completed plans for its second annual village fair, scheduled to be held Saturday from 3 to 9 p.m. in the Fairfield Joint School at the west edge of the borough.

Preparations have included an all-day apple butter making party Tuesday by one committee. The making of 25 freezers of home-made ice cream by another committee and even such prosaic items as the turning of a collar to give the appropriate appearance to the country store keeper, Edgar H. Newman Sr., when he presides at the second appearance of "Newman's Store" which attracted much attention last year by exactly re-creating a grocery store of the turn of the century.

Penn-Moc Shoe Co., Dolly's Beauty Shop, Ken's TV and William Orner Feeds will be among other businesses having displays in the high school auditorium which will be filled to capacity with booths and displays of all kinds.

17 MOTELMEN ADOPT NICKEL-A-ROOM PLAN

Owner of 17 of the area's motels, meeting Tuesday noon at the Lamp Post Tea Room, voted to place on themselves a voluntary levy of five cents per room occupancy as their "dues" to the Gettysburg Travel Council.

To make the operation simpler the group voted to forward the "nickel" each time a room is rented" on a monthly basis to the Travel Council with the exception of July and August. During those two months they will make their "payments" to Travel Council weekly.

Discussion at the meeting indicated that the group felt the "nickel a rented room" figure was easier to compute than the 1 1/2 per cent of gross business of the best month figure suggested as the assessment at a recent meeting and will provide more income for Travel Council.

NEED IS "APPARENT"

Bill Warren, of the motel group, said it plans to present the system worked out by the motel operators to the Travel Council meeting next Tuesday "as a challenge to the others to work out equitable assessments in their own business groups in this effort to raise sufficient money to properly operate."

Need for additional funds on the part of Travel Council is "most apparent," Warren said. It was noted that the town needs to secure a number of posters along the Pennsylvania Turnpike during the next two years to remind people going and coming from the World's Fair in New York to take time to visit "Gettysburg" while only 22 miles away. Hundreds of thousands of tourists will be traveling from the central U. S. to New York for the World's Fair and Gettysburg will need the signs to remind them of how close they come to the town via the turnpike. In addition other efforts to attract tourists need to be carried out during the year, thus requiring more funds, according to the discussion.

FOUND 71 JOBS

Arthur M. Gordon, chairman of the county committee, said it also is considering counties for nomination for "Physician of the Year"; "Handicapped Pennsylvanian of the Year" and "Disabled Veteran of the Year," with the county nominees to be entered in a state competition.

In connection with Employ the Handicapped Week, Gordon noted, "The Gettysburg Employment office has placed 71 handicapped workers of which 14 were veterans, in jobs during the fiscal year ending June 30, 1963."

URGED TO APPLY

Gordon joined Ronald K. Baltzley, manager of the Gettysburg office of the State Employment Service, in urging local employers to list job openings with the local office in order that handicapped workers may have a chance to apply for jobs for which they are qualified.

In addition they encouraged employers to make their places of business accessible to the handicapped by the addition of ramps with hand rails and other facilities.

Baltzley advised handicapped workers who are unemployed or seeking a more suitable job to apply at the local employment office on West St. A special program of services is available for handicapped workers aimed at placing them in suitable jobs at their highest skills.

FOLLOW OLD VIEWS

McNamara's report probably will follow the line of previous observations of American officers on the scene. An intelligent guess can be made on its main points. On the basis of recommendations available before he arrived, McNamara probably will recommend no increase in the force of 15,000 U.S. military men in Viet Nam and no increase in the current \$1.5 million daily in U.S. aid.

FRANKLIN TWP. SCHOOL WILL BE DEDICATED

An address by State Senator D. Elmer Hawbaker will highlight dedication ceremonies for the new Franklin Twp. Elementary School at Cashtown Sunday afternoon at 2:30 o'clock.

Principal Hobart E. Benchoff will preside at the exercises which will be followed by an "open house" when the public will be shown the new structure being used for the first time this fall.

Platform guests will be introduced and County Superintendent of Schools M. Francis Coulson will extend greetings.

TO PRESENT FLAHS

Formal presentation of the building will be made by a representative of Kookan-Staber and Associates, architect engineers for the building. The acceptance will be by Arthur E. Hutchison, chairman of the Gettysburg School Authority which handled financing of the new school, and Thomas O. Oyler, president of the Franklin Twp. School Board.

Donald H. Hershey, president of the Cashtown Lions Club, will present new flags to the school from his organization and then Senator Hawbaker will speak.

The school chorus will sing the "Alma Mater" and the dedicatory prayer and benediction will be given by the Rev. Fr. Louis J. Yeager, pastor of St. Ignatius Catholic Church.

\$405,000 BOND ISSUE

The construction project, which included some improvements and changes in the former building, was financed with a \$405,000 bond issue. The new structure includes six new classrooms, a music room, an auditorium-gymnasium, a health room, a library and two offices.

The school has a record enrollment this fall of 367 which includes 35 enrolled at morning and afternoon sessions of the township's first kindergarten.

All of the township's public elementary school children attend this school now since the closing in June, 1962, of the Buchanan Valley School, the last of 16 one-room schools to be closed in the township since 1915.

TO SEEK JOBS FOR COUNTY'S HANDICAPPED

Adams County's committee for Employment of the Handicapped today announced plans for promotion of such employment during the coming months.

"National Employ the Handicapped Week" will be observed next week, October 6 through 12. The county committee will again sponsor essay and poster contests for high school students on the theme "How Handicapped Workers In My Community Are Proving That Ability Counts."

The essay contest will be held November 1 through January 31. The poster contest will start November 1 and close February 23. Judges for the events will be named in the near future.

McNamara May Tell JFK Not To Increase Force Or Funds To S. Viet Nam

By ROY ESSOYAN
Associated Press Staff Writer
SAIGON, Viet Nam (AP)—Defense Secretary Robert S. McNamara probably found no final answer in South Viet Nam to two important questions.

He probably didn't learn how to get President Ngo Dinh Diem to do what the United States thinks must be done to win the war against the Communist Viet Cong. Or what would happen if Diem were overthrown.

But McNamara left for Washington Tuesday with a massive report that should help President Kennedy make one crucial decision — whether the Communists can be defeated if the United States continues to support Diem's authoritarian and increasingly unpopular regime.

"SHOWMANSHIP"

The defense secretary probably had much of the information he got here before he left Washington last week. One highly placed, sympathetic diplomat described

Ernest Simpson, driving his 1911 Cadillac touring car, will take the couple over the battlefield with a National Park Ranger as the guide.

In the evening the tourists will be guests of the club at its dinner session at Five Star Restaurant at which state Senator D. Elmer Hawbaker, Mercersburg, will be the speaker.

President Robert Ziegler presided at Tuesday's meeting at which John J. Slentz, Donald Peters and Herbert Fruehan were elected to the board of control for one-year term.

LIONS HOLD 1ST FALL MEETING

The Fairfield Lions Club held its initial fall meeting Tuesday evening in the Lutheran parish hall with 32 Lions and Carl Menchey of Gettysburg as guest.

The business meeting was presided over by Donald Bucher, president.

It was announced by the club secretary, William R. Newman, that the Fairfield Lions Club was the winner in the 1962-63 point contest in Region One for District 14C. He also said the recent broom and light bulb sale netted the club \$228 for its charity fund. There are about a dozen brooms remaining to be sold as well as a number of light bulbs. The club will have a booth at the Village Fair from 3 until 9 p.m. Saturday in the Fairfield High School.

President Bucher introduced Alden Gleason, Fairfield R. 2, as a new member of the club. He also appointed William C. Schultz, Otto Kroeger, Kenneth Sanders, Harold Deardorff, L. Glenn Shiner and Harold Day as a committee in charge of a "hunter's breakfast" from 6 a.m. until noon in the Lutheran parish hall Saturday, November 2.

Harold Day, program chairman, introduced William Musser, a member of the Fairfield Club, who showed sequence movies of the Gettysburg vignette productions from last July 1-4. Mr. Musser's script had been prepared by Mrs. Roy Clifford.

Day told the club that the next meeting will be an open forum for the entire community in the Community Hall at which time "pros" and "cons" on the revision of the Pennsylvania state constitution will be presented.

Special sale of fall dresses, cottons and dacrons, were \$12.95 to \$27.95, now \$9.00 to \$15.00. Carol Ann Shoppe.

PLAN APPLE HARVEST FETE ON OCTOBER 13

Adams County's fruit growers are completing plans for the Apple Harvest Holiday Sunday, October 13.

As in the past the South Mountain Fairgrounds will be headquarters for the Apple Harvest festival. Among activities scheduled according to Richard A. Slaybaugh, secretary-treasurer of the fruitgrowers, hay rides for the children, distribution of free balloons, guided tours of orchards, displays of apple varieties, old-fashioned open kettle apple butter boiling, distribution of apple cider and a pie baking contest.

The pie baking contest is to be held in three divisions; one for youngsters aged 8 to 14, another for the 14 to 20-year group and the third for those over 20 years of age. The prize pies will be auctioned off during the day.

50 ROADSIDE STANDS

Barbecued turkey sandwiches will be featured at the dinner to be available at the fairgrounds.

Maps and signs will guide tourists throughout the county's fruit belt containing 18,000 acres of orchards producing approximately 4,000,000 bushels of apples.

The Apple Blossom queen and her court will be at the fairgrounds through the day, October 13, to greet the visitors.

In brochures sent out by the fruitgrowers and Gettysburg Travel Council, visitors are urged to "bring your camera and your color film."

Apples of various varieties will be available at 50 orchard markets and roadside stands throughout the county area as part of the Harvest Holiday, according to the brochure prepared by the fruitgrowers' association.

VILLAGE FAIR AT FAIRFIELD ON SATURDAY

Fairfield has nearly completed plans for its second annual village fair, scheduled to be held Saturday from 3 to 9 p.m. in the Fairfield Joint School at the west edge of the borough.

Preparations have included an all-day apple butter making party Tuesday by one committee. The making of 25 freezers of homemade ice cream by another committee and even such prosaic items as the turning of a collar to give the appropriate appearance to the country store keeper, Edgar H. Newman Sr., when he presides at the second appearance of "Newman's Store" which attracted much attention last year by exactly re-creating a grocery store of the turn of the century.

Penn-Moc Shoe Co., Dolly's Beauty Shop, Ken's TV and William Orner Feeds will be among other businesses having displays in the high school auditorium which will be filled to capacity with booths and displays of all kinds.

MANY DISPLAYS

Home baked bread will be another feature.

The Fairfield Girl Scout troop, led by Mrs. Charles Taylor, will have charge of the dining room while the supper will be served under direction of Mrs. Russell Hall. The Boy Scout troop under leadership of Charles Deardorff will have a display, as well as the school art department under direction of the instructor, Thomas Brown.

Eagles' Boosters Will Meet Friday

The Eagles Boosters of the Bermdian Springs High School will meet Friday at 8 p.m. in the high school cafeteria. Edward Smith, booster president, will preside.

Tom Shreiner, head football coach, will be in charge of the program which he says will be of interest to all parents and others in the community.

An oyster, ham and turkey supper will be served November 16 at the high school.

17 MOTELMEN ADOPT NICKEL-A-ROOM PLAN

Owner of 17 of the area's motels, meeting Tuesday noon at the Lamp Post Tea Room, voted to place on themselves a voluntary levy of five cents per room occupancy as their "dues" to the Gettysburg Travel Council.

To make the operation simpler the group voted to forward the "nickel each time a room is rented" on a monthly basis to the Travel Council with the exception of July and August. During those two months they will make their "payments" to Travel Council weekly.

Discussion at the meeting indicated that the group felt the "nickel a rented room" figure was easier to compute than the 1 1/2 per cent of gross business of the best month figure suggested as the assessment at a recent meeting and will provide more income for Travel Council.

NEED IS "APPARENT"

Bill Warren, of the motel group, said it plans to present the system worked out by the motel operators to the Travel Council meeting next Tuesday "as a challenge to the others to work out equitable assessments in their own business groups in this effort to raise sufficient money to properly operate."

Need for additional funds on the part of Travel Council is "most apparent," Warren said. It was noted that the town needs to secure a number of posters along the Pennsylvania Turnpike during the next two years to remind people going and coming from the World's Fair in New York to take time to visit Gettysburg "while only 22 miles away." Hundreds of thousands of tourists will be traveling from the central U. S. to New York for the World's Fair and Gettysburg will need the signs to remind them of how close they come to the town via the turnpike. In addition other efforts to attract tourists need to be carried out during the year, thus requiring more funds, according to the discussion.

HONOR GRADUATE

A/3c Robert E. Riley, of Biglerville, has been named honor graduate of the U.S. Air Force course for aircraft engine mechanics at Sheppard AFB, Tex. He is a son of Mr. and Mrs. Robert B. Riley, of Biglerville R. 1, and studied the operation and maintenance of reciprocating aircraft engines and related systems. He is returning to his Pennsylvania Air National Guard unit at Olmsted Air Force Base, Middletown, for duty. He is a graduate of Biglerville High School.

PROPERTY SOLD

The executors of the Catherine Cunningham estate have sold a property at 196 S. Stratton St. to Mr. and Mrs. Walter O. Powell, E. Middle St. The sale was made by Lee M. Hartman, local realtor. Immediate possession will be given.

FRANKLIN TWP. SCHOOL WILL BE DEDICATED

An address by State Senator D. Elmer Hawbaker will highlight dedication ceremonies for the new Franklin Twp. Elementary School at Cashtown Sunday afternoon at 2:30 o'clock.

Principal Hobart E. Benchoff will preside at the exercises which will be followed by an "open house" when the public will be shown the new structure being used for the first time this fall.

A song by a chorus of Fifth and Sixth Grade pupils and the national anthem will open the program and the invocation will be given by the Rev. Henry R. Early, pastor of Flohr's Lutheran Church. Platform guests will be introduced and County Superintendent of Schools M. Francis Coulson will extend greetings.

TO PRESENT FLAGS

Formal presentation of the building will be made by a representative of Kookan-Staber and Associates, architect engineers for the building. The acceptance will be by Arthur E. Hutchison, chairman of the Gettysburg School Authority which handled financing of the new school, and Thomas O. Oyler, president of the Franklin Twp. School Board.

Donald H. Hershey, president of the Cashtown Lions Club, will present new flags to the school from his organization and then Senator Hawbaker will speak.

The school chorus will sing the "Alma Mater" and the dedicatory prayer and benediction will be given by the Rev. Fr. Louis J. Yeager, pastor of St. Ignatius Catholic Church.

\$405,000 BOND ISSUE

The construction project, which included some improvements and changes in the former building, was financed with a \$405,000 bond issue. The new structure includes six new classrooms, a music room, an auditorium-gymnasium, a health room, a library and two offices.

The school has a record enrollment this fall of 367 which includes 35 enrolled at morning and afternoon sessions of the township's first kindergarten.

All of the township's public elementary school children attend this school now since the closing in June, 1962, of the Buchanan Valley School, the last of 16 one-room schools to be closed in the township since 1915.

TO SEEK JOBS FOR COUNTY'S HANDICAPPED

Adams County's committee for Employment of the Handicapped today announced plans for promotion of such employment during the coming months.

"National Employ the Handicapped Week" will be observed next week, October 6 through 12.

The county committee will again sponsor essay and poster contests for high school students on the theme "How Handicapped Workers In My Community Are Proving That Ability Counts."

The essay contest will be held November 1 through January 31. The poster contest will start November 1 and close February 28. Judges for the events will be named in the near future.

FOUND 71 JOBS

Arthur M. Gordon, chairman of the county committee, said it also is considering countians for nomination for "Physician of the Year," "Handicapped Pennsylvanian of the Year" and "Disabled Veteran of the Year," with the county nominees to be entered in a state competition.

In connection with Employ the Handicapped Week, Gordon noted, "The Gettysburg Employment office has placed 71 handicapped workers of which 14 were veterans, in jobs during the fiscal year ending June 30, 1963."

URGED TO APPLY

Gordon joined Ronald K. Baltzley, manager of the Gettysburg office of the State Employment Service, in urging local employers to list job openings with the local office in order that handicapped workers may have a chance to apply for jobs for which they are qualified.

In addition they encouraged employers to make their places of business accessible to the handicapped by the addition of ramps with hand rails and other facilities.

Baltzley advised handicapped workers who are unemployed or seeking a more suitable job to apply at the local employment office on West St. A special program of services is available for handicapped workers aimed at placing them in suitable jobs at their highest skills.

McNamara May Tell JFK Not To Increase Force Or Funds To S. Viet Nam

By ROY ESSOYAN
Associated Press Staff Writer
SAIGON, Viet Nam (AP)—Defense Secretary Robert S. McNamara probably found no final answer in South Viet Nam to two important questions.

He probably didn't learn how to get President Ngo Dinh Diem to do what the United States thinks must be done to win the war against the Communist Viet Cong. Or what would happen if Diem were overthrown.

But McNamara left for Washington Tuesday with a massive report that should help President Kennedy make one crucial decision — whether the Communists can be defeated if the United States continues to support Diem's authoritarian and increasingly unpopular regime.

"SHOWMANSHIP"

The defense secretary probably had much of the information he got here before he left Washington last week. One highly placed, sympathetic diplomat described

McNamara's trip as "a piece of necessary showmanship" for the benefit of a U.S. Congress increasingly hostile to the American commitment in South Viet Nam.

McNamara covered more than 2,000 miles in his swing through major war zones.

He conferred with Diem three hours. The visit probably was too brief to get across more than an impression of U.S. displeasure with Diem's repressive tactics.

FOLLOW OLD VIEWS

McNamara's report probably will follow the line of previous observations of American officers on the scene. An intelligent guess can be made on its main points.

On the basis of recommendations available before he arrived, McNamara probably will recommend no increase in the force of 15,000 U.S. military men in Viet Nam and no increase in the current \$1.5 million daily in U.S. aid.

He may suggest, on purely military grounds, a modest cut in

"Nonpolitical" Trips By President Fictional

By J. W. DAVIS

WASHINGTON (AP) — One of the more entertaining fictions in the legends of Washington is that a president can take a nonpolitical speaking tour across the country.

For the president is not only president, he's the chief of his political party. And, likely as not, he intends to run again. It follows that almost anything he does or says is looked upon as political.

This didn't start with President Kennedy's 10-state Western trip. Just think of his immediate predecessors — Dwight D. Eisenhower, Harry S. Truman, Franklin D. Roosevelt — they all indulged in the nonpolitical trip with political aspects.

EIGHT NIXON STATES

When Kennedy's itinerary was announced, it could hardly be overlooked that eight of the states he was visiting went for Republican Richard M. Nixon in 1960.

Nor could it be overlooked that conservative strength is perhaps growing in these states, and their electoral support could be crucial in the 1964 election.

The Kennedy trip was billed as one devoted to conservation, rather than politics.

Last Tuesday, Gov. George Romney of Michigan accused Kennedy of playing politics in a meeting of representatives of Great Lakes states at Duluth, Minn.

It was a meeting called to consider conservation and economic developments. But, Republican Romney complained, the man he sent there wasn't even allowed on the platform. Instead, he said, Michigan was represented by a Democrat.

PRaises DEMOCRATS

For another example, Kennedy spoke warmly in Wyoming of Sen. Gale Magee, Democrat who faces a fight next year. He had similar praise in Montana for Sen. Mike Mansfield.

In Salt Lake City, a Kennedy attack on certain foreign policy ideas was widely interpreted as an attack on the views of Sen. Barry Goldwater of Arizona, a possibility for the 1964 GOP presidential nomination.

Kennedy's nonpolitical trip called to mind a similar one taken by President Eisenhower in October 1960. Eisenhower wasn't running himself, but he wanted Nixon to succeed him.

EISENHOWER TOUR

Eisenhower was greeted in California by the Democratic governor Edmund G. Brown, who told him: "Don't do too much for Mr. Nixon."

Smilingly, Eisenhower replied: "This is a nonpolitical tour, but I'll do all I can to see that Nixon is elected."

Another president who got fun out of such a situation was Harry Truman. In June 1948 he set out on what the White House described as a "nonpolitical, bipartisan trip."

TRUMAN QUIP

That tag didn't last long. Truman told a crowd in Ohio, before the journey was hardly under way: "On this nonpartisan, bipartisan trip that we are taking here, I understand there are a whole lot of Democrats present."

Ordinarily, the opposition doesn't get too exercised when a president chooses to call a trip nonpolitical. There was a sharp exception to this in 1944 when Roosevelt ran for a fourth term, against Republican Thomas E. Dewey.

Roosevelt announced he would not run "in the usual partisan, political sense."

Then he set out on a series of

Biologists Prove Outdoor Mastery

ST. LOUIS (AP) — About 70 of 350 biologists here for an annual symposium brought along their sleeping bags and slept out among the plants at Shaw's Garden.

Rain one night forced most of them to move indoors.

Hugh C. Cutler, executive director of the Garden, said, "Three or four young fellows got pretty wet but the majority are experienced and can dress under a sleeping bag and come out looking pretty good."

Precious Stones Are Found In Arkansas

LITTLE ROCK, Ark. (AP) — Arkansas advertises itself as a bonanza for rock collectors. A specimen of almost every kind of rock found in the U.S. can be found in the state.

And Arkansas is the only state in which the diamond can be found. One hundred mineral specimens have been found in the Magnet Cove area near Hot Springs.

MANY MONKEYS

HONG KONG (AP) — Hong Kong is reexporting 4,000 monkeys monthly from Southeast Asian countries to Europe and the United States.

The monkeys are flown in special cages and each animal sells for between \$5 and \$6.

DEATHS

BUDAPEST, Hungary (AP) — The Rev. Sandor Sik, 74, superior of the Hungarian Priest order and Hungary's leading Catholic poet, died Monday after a long illness, the Hungarian agency MTI announced. He was a celebrated poet, essayist and publicist for 50 years.

YARMOUTH, Maine (AP) — Edward E. Dissell, 74, retired Connecticut law book publisher, died Sunday. Dissell, who headed the firm of E. E. Dissell & Co. in Hartford before retiring in 1957, was born in Canton, Ohio.

BOYLE'S Grab Bag

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

More middle class wives are now holding jobs outside the home. In more than half the families with income from \$7,000 to \$15,000 yearly, the wife works at least part of the year.

The average working girl is getting older, too. Half of the 25 million women in the U.S. labor market are over 40.

TWO INCHES TALLER

Here's why so many parents look up to their children these days: Young people are about two inches taller than those of 60 years ago.

Teen-age mommies: Almost 40 per cent of U.S. brides now marry in their teens. Over half of them become mothers before their 20th birthday.

Betcha never knew this: Men's fingers are approximately 10 per cent longer and 20 per cent wider than ladies' fingers.

Our quotable notables: "I have no use for a man who lies in bed after nine o'clock in the morning." — Henry R. Luce.

MORE TO REACH 80

Know your language: The word "sincere" is said to come from two Latin words, "sina" and "cere," meaning "without wax."

Remember when it was being predicted that man soon would be able to live 150 to 200 years? Many scientists today doubt this is a possibility in the foreseeable future, but think that better medicine and hygiene will enable more of us to live to be 80.

Small fry: Comedienne Marion Powers tells about the little girl who prayed, "Please, God, make three times two equal seven — 'cause that's what I wrote on my exam paper in school."

GOOD THING TO KNOW

White plague: Many people erroneously believe miracle drugs have solved the problem of tuberculosis. Actually, it is still one of the most widespread human ills, afflicting some 50 million people throughout the world, and killing 10,000 yearly in the United States alone.

Patience test: Researchers have found that most people don't mind waiting 30 seconds for an elevator, but as the interval approaches a minute they begin to fuss and fume.

It was Arthur Brisbane who observed, "It's a good thing to know how to satisfy your own conscience and make the cash register ring also."

Judge Favors Noisy Parrot

ZANESVILLE, Ohio (AP) — When Polly wants a cracker she has every right to ask for it, according to a judge's ruling.

The parrot's owner, James A. McIntire, was arraigned on a disturbing the peace charge. A neighbor claimed Polly disturbed the peace by whistling, screaming and hollering day and night.

The judge threw out the case on the grounds that the law specifies that a disturbance of the peace may be caused only by the use of horns, bells, radios or other instruments and devices. Parrots do not qualify.

RECOGNITION OF DOMINICAN SETUP URGENT

SANTO DOMINGO, Dominican Republic (AP) — Leaders in the Dominican Republic say the country will be bankrupt in three months if the United States and other American nations do not accept the regime that ousted President Juan Bosch.

"From a psychological point of view, maybe we'll last only one month," a high-level government official said in an interview. "Public opinion will deteriorate if we fail to get diplomatic recognition and you might see an uprising inside 30 days. Then we'd get a military dictatorship or a Communist takeover."

Officials in the provisional government, businessmen and foreign diplomats, agree that the Dominican future rests in U.S. hands. No one consented to be quoted by name.

NEARLY OUT OF MONEY

Dr. Jose Antonio Bonilla Atiles, ambassador-designate to the United States, flew to Washington on Tuesday in an attempt to get the Dominican Republic invited back into the family of Western Hemisphere nations and win restoration of \$50 million a year in U.S. aid.

Government and business leaders attributed the dismal outlook primarily to the cutoff of substantial private investment funds and U.S. aid programs after the military coup a week ago.

They cited these other factors: The government has barely enough money to keep it running until Dec. 31.

UNEMPLOYMENT UP

Unemployment in a labor force of about 450,000 has roughly doubled in the last year and stands at 30 per cent. Tourist traffic dropped sharply after the coup.

The military force and national police are a heavy drain on the economy. A reduction of the men in uniform would mean greater unemployment.

Dr. Warren Bilkey, an economist on leave from the University of Notre Dame while working as an adviser to the Dominican government, said an investment incentive law is sorely needed.

Dominican experts trace the dire financial situation to the Trujillo dictatorship. But they say the situation became worse during Bosch's seven-month rule.

Civilian observers are keeping a close eye on Elias Wessin y Wessin, a Cuban-born officer of the most powerful military man.

NONCATHOLICS PRAISE POPE'S UNITY EFFORTS

By JOHN GALE

Associated Press Staff Writer
VATICAN CITY (AP) — Many non-Catholic observers at the Vatican Ecumenical Council are deeply impressed by the efforts of Pope Paul VI to continue the drive toward Christian unity started by Pope John XXIII.

Sixty-three delegates from 21 non-Catholic church bodies have privileged seats inside St. Peter's Basilica when the 2,500 council fathers meet.

The new Pontiff obviously made a mark when he said at the resumption of the council Sunday: ASKS FORGIVENESS

"If we are in any way to blame for . . . separation, we humbly ask God's forgiveness and ask pardon, too, of our brethren who feel themselves to have been injured by us."

Said the Rev. Dr. Harold De Soysa, Anglican archdeacon of Colombo, Ceylon: "That was far more than any Pope has said before."

The Rev. Albert C. Outler, American delegate from the World Methodist Council, commented: "I think it was a splendid statement of the spirit of Pope John and a new level of precision and direction has been given to the program of work for the pontificate of Pope Paul."

Canon Peter John Mann of the Old Catholic Church (Union of Utrecht) termed the Pope's speech "very encouraging."

COUNCIL APPROVAL

The observers Tuesday night had their first meeting in nine months with members of the Vatican Secretariat for Promoting Christian Unity. They were invited to make observations on the schema, or topic redefining in detail the nature of the Catholic church. The council overwhelmingly approved the schema as a basis for debate on its individual clauses.

A Yugoslav bishop suggested today that a special commission be created within the Vatican Curia to study modern atheism.

COMBAT ATHEISM

Bishop Franjo Franic of Split told the daily working session in St. Peter's Basilica that the commission would be a clearing house to help Roman Catholic bishops throughout the world combat atheism.

The Yugoslav was one of 15 prelates — cardinals, archbishops who spoke on the first chapter of a four-chapter document concerning the church, "De Ecclesia."

The document redefines the nature of the Roman Catholic Church and the image it has of itself.

A council spokesman gave newsmen the gist of the remarks of Bishop Franic and other speakers.

Negroes Boycott Cambridge Vote

CAMBRIDGE, Md. (AP) — "We'll have to start all over again so to speak," said Mayor Calvin W. Mowbray of Cambridge after a town charter amendment to open restaurants, motels and hotels to Negroes was defeated.

The equal public accommodations amendment lost 1,994 to 1,720 in Tuesday's referendum — with 60 per cent of the town's Negro voters staying away from the polls.

The city council adopted the amendment as part of an attempt to end anti-segregation demonstrations that erupted into violence in this city of 12,600 last summer. Opponents petitioned the amendment to public referendum.

"The obvious thing is that the Negroes did not vote," said city attorney C. Awdry Thompson.

Mrs. Gloria Richardson, chairman of the militant Cambridge Non-Violent Action Committee, had urged Negroes to boycott the polls, contending they should not be required to vote on a right that was inherently theirs.

TOBIAS WINS TITLE

MECHANICSBURG — Dick Tobias has clinched the 1963 modified point championship at Williams Grove Speedway. It is now impossible for Leroy Felty, the second place runner, to catch Tobias. His third place finish last week coupled with Felty's failure to finish the 25-lap feature enabled the Lebanon pilot to capture the laurels.

SHORTAGE OF WATER CAUSES "EMERGENCY"

HARRISBURG (AP) — Gov. Scranton's office reported today he has declared a state of extreme emergency in various sections of the Commonwealth because of severe water shortages.

In an official proclamation, the governor said: "Investigation made at my direction has disclosed the fact that the current, long-continued period of unusually dry weather has resulted, or is likely to result, in critical shortages of public water supplies in a number of Pennsylvania communities."

The governor said that the water shortages "seriously and adversely" have affected the health and welfare of a number of people in various sections of the state.

AREAS NOT NAMED

However, Scranton named no specific communities in his proclamation.

The governor's proclamation authorizes stricken areas to adopt and enforce water use restrictions and enter into agreements or contracts for employment of personnel or purchase of equipment and materials to meet the water emergency.

Tuesday the U.S. Agriculture Department declared 14 Pennsylvania counties eligible for emergency drought aid under the feed grains program.

The 14 counties—the first to be given the special department's special price arrangement in 1963 — are Bedford, Blair, Cumberland, Dauphin, Fayette, Franklin, Fulton, Greene, Huntingdon, Juniata, Mifflin, Perry, Somerset and York.

ASKS NATIVES TO 'SELL' STATE

HARRISBURG (AP) — Gov. Scranton has called on Pennsylvanians of all walks of life to become unofficial ambassadors for the Commonwealth to carry the state's industrial message across the country.

Scranton made the appeal in a formal kickoff dinner Tuesday night to recruit 100,000 Pennsylvanians for the promotion of economic growth.

Formation of the committee was one of Scranton's key promises during his successful campaign for governor.

"All Pennsylvanians must begin telling the world about Pennsylvania's advantages for business and travel," Scranton told some 250 representatives of business, labor, civic and fraternal organizations.

Another speaker was Frank L. Magee, a Pittsburgh industrialist named by Scranton last month to head up the economic task force.

"This is a selling job," stated Magee. "The quickest road to failure is lack of faith in our state. Our effort is to sell Pennsylvania to Pennsylvanians, and, in turn, to those outside the state."

Roofers Is Charged In Fatal Shooting

PHILADELPHIA (AP) — Louis Lippolis, 28, a Philadelphia roofer, has been taken to Atlantic City jail in Mays Landing, N. J., to face charges resulting from the death of James J. Brown, 27.

Brown, a Philadelphia policeman, was wounded last Aug. 23 while on vacation. He had been paralyzed and died Tuesday in a Philadelphia hospital.

Authorities said he was shot while trying to break up a fight in a parking lot in Egg Harbor Township, N. J.

Lippolis, who was charged with the shooting, had been released in \$2,500 bail on Sept. 18. Tuesday authorities took him to Mays Landing from Camden, N. J., where he was being held in \$15,000 bail on charges of being a fugitive from Philadelphia on burglary charges. He was arrested on that fugitive charge Saturday.

The police are also looking for Francis Higgins, 28, also of Philadelphia, who is free in \$1,000 bail as a material witness in the death of Brown.

The idea was approved Tuesday at the concluding session of the agency's seventh general conference.

The plan is expected to become effective next year.

Adams County Historical Society Dedicates 4 Rooms And Thanks Its Benefactors

The Adams County Historical Society at its October meeting Tuesday evening in the Old Dorm at the seminary said a formal "thank you" to its benefactors of the last two years.

Gifts of cash, historical objects and volunteer services since the society began development of its new home in the historic Old Dorm brought the organization to a new peak in its history and plans announced Tuesday evening told of plans for future expansion of the collection on the four floors of the building erected 131 years ago.

Dr. Charles H. Glatfelter, society president, expressed the society's formal thanks to the Emma G. Musselman Foundation, the county commissioners, to Mrs. Cora E. Berkey and to granddaughters of the late Dr. P. L. Hill for gifts to the society.

"IN BEST SHAPE EVER" Later the membership gave a rising vote of thanks to all who contributed in any way to the development of the old dormitory into a headquarters and museum for the historical society.

The Musselman meeting room was filled with more than 125 members of the society and guests for Tuesday evening's meeting.

Reviewing the rises and declines of the county historical society since it was established first in 1888, Dr. Glatfelter said, "Our collection is in better shape now than ever before and our museum is in order. We have plans for more rooms and more displays as we continue our efforts to provide many means to enable people to understand the past."

FOUR ROOMS READY

Referring specially to the Musselman room, the Berkey, the Hill and the Stewart rooms, Dr. Glatfelter noted that a typical school room of the last century has been reproduced, a parlor of the 1880s has been recreated, county newspaper files from 1818 are available, an archaeology collection has been displayed and there will be a Lutheran room, a religious life room and others will be developed.

"This is a moment of hope and cautious optimism for the society," Dr. Glatfelter said.

Dr. Glatfelter added: "We are going to need financial support in the future and the continuing interest of more and more people."

INTRODUCES OFFICERS

He introduced other officers of the society who with him began their new terms of office this month: Vice President George Olinger; Secretary J. M. Sheads; Treasurer Mary R. Eberhart; Librarian William C. Darrah and Director Edith Ditchburn. Dr. Frederick Tiberger, Past President Clarence Deardorff, Kenneth L. Kroh and Herbert W. Miller.

Later Dr. Glatfelter announced the reappointment of Arthur W. Weaner as corresponding secretary for the society.

Nothing that a gift from the Emma G. Musselman Foundation two years ago made possible the beginnings of the restoration work in the old dormitory, Dr. Glatfelter pointed to their meeting room (Continued On Page 3)

ASK STATE TO GET MOVING ON X-KEYS PLANS

The Adams County commissioners replied this morning to a request from the state Department of Highways as to who would be responsible for traffic lights at Cross Keys by reminding that the county and the three townships involved had voted formally December 6, 1961, to construct and maintain the lights.

The county officials this morning also formally adopted a resolution calling upon the state to expedite renovations at the intersection of Routes 30 and 94 a mile east of New Oxford.

A state Highways Department official called the commissioners office here this morning and said the department needed an answer today as to whom would be responsible for the maintenance of traffic lights at Cross Keys because the state plans to enlarge the crossing by putting in new lanes next spring.

MONEY IS READY

The commissioners said they were aware of the numerous petitions that the state has received recently concerning the intersection and said they did all they could two years ago when they met with the supervisors of Berwick, Hamilton and Oxford Twp., in November and December, 1961, and set up a program by which the county will pay 90 per cent of the cost of installation of the lights and allocated money for that purpose. The three townships agreed to split the other 10 per cent of the cost and pay for the upkeep.

The lighting system adopted was one suggested by state highway officials at the time, the commissioners recalled and state officials at that time met with the commissioners and supervisors to outline the plans the state had to put in additional lanes at the crossing to make it safer and easier for traffic to cross.

State officials, they added, were present at the meeting where final decisions were made on the division of cost and responsibility for maintenance of the lights was decided upon.

They also recalled that the money then allocated by the county has been ready to be spent at any time since.

TELLS LEAGUE OF JAPANESE FLOWER PLANS

Mrs. J. Van Cleve Lott spoke at the first fall meeting of the Woman's League of Gettysburg College held Tuesday afternoon in the Student Union building.

Using the topic "Heaven, Man and Earth" Mrs. Lott demonstrated the principles of Japanese flower arranging, using the O'Hara or traditional school, which she learned when she resided in Japan for several years. She explained that her topic alluded to the names given to the three main symbols of Japanese flower arrangement and are always used.

She analyzed a number of displays she had arranged previously and before closing made up an arrangement of bittersweet and a large dahlia, explaining the purpose of each placement. She exhibited a formal Japanese flower kit, containing cutting tools, saw, spray, clippers and pruning shears.

Mrs. Franklin R. Bigham, president, opened the meeting and Mrs. John W. Vanorssdal conducted the devotions. A moment of silence was observed, honoring the memory of the recently deceased members Mrs. Elizabeth S. Henning, Mrs. S. F. Snyder and Miss Martha Sachs, and honorary members J. W. Albright, Dr. Frank H. Kramer and S. F. Snyder.

Residents of those four districts will be asked to make a \$3 deposit at registration which is returnable upon completion of the course. The school districts in Gettysburg and the three townships pay the tuition. Residents of all other areas are charged a \$10 tuition fee which must be submitted with their registration form.

NEW REGISTRATION PLAN
J. R. Corbin, director of the adult evening classes, announced today a change in registration procedures. In other years a preliminary registration session was conducted a week prior to the opening of the class sessions but (Continued On Page 2)

RESERVE UNIT IS INSPECTED
The annual general inspection of Battery C, 3rd Howitzer Battalion, 15th Artillery, the local Army Reserve unit, took place Tuesday at the Army Reserve Training Center on the Fairfield Rd.

Lt. Col. Vergino Renzi, German-town, U. S. Army Reserve unit advisor, was the inspector checking security, administration, communications, supply and vehicles during the afternoon. In the evening he inspected the unit members in ranks for military appearance and knowledge of their various jobs in the units.

Lt. John D. Bream, of the local unit, conducted a question and answer period questioning all unit members on knowledge of all military subjects.

M/Sgt. James Sneeringer then conducted a class on the .30 calibre carbine.

Following the drill Col. Renzi held a critique with key personnel of the unit of his findings in the inspection.

It was announced that the local battery will take part in a week-end drill of the 3rd Howitzer Battalion at Indiantown Gap October 26 and 27. Individual battery training in reconnaissance, survey and occupation of position will be given.

2 Fire Companies Called To Blaze

East Berlin and Abbottstown firemen were summoned Tuesday night when fire broke out in a dump at the Adams County Fairgrounds between the two boroughs.

The blaze was near the cattle barn on the fairgrounds and firemen worked until 1:25 this morning to extinguish the blaze lest it spread to the various structures on the grounds. Two bulldozers were secured to order to spread out the debris to permit the water to extinguish completely the blaze.

EXCHANGE TO HOST TOURISTS FOR PA. WEEK

Gettysburg's Exchange Club will again mark Pennsylvania Week by entertaining a touring couple next Tuesday, October 8.

Plans for the event were outlined Tuesday evening at the meeting of the service club in the Lamp Post Tea Room.

Vice President Wayne Kump, assisted by local state police, will drive out one of the roads leading to Gettysburg next Tuesday morning and when they spot an out-of-state licensed car approaching will halt the tourists and ask them to be the guests of the Exchange Club as the club's observance of Pennsylvania Week.

When a couple agrees to accept the invitation, the tourists will be escorted to the Plaza Restaurant for lunch.

Ernest Simpson, driving his 1911 Cadillac touring car, will take the couple over the battlefield with a National Park Ranger as the guide.

In the evening the tourists will be guests of the club at its dinner session at Five Star Restaurant at which state Senator D. Elmer Hawbaker, Mercersburg, will be the speaker.

President Robert Ziegler presided at Tuesday's meeting at which John J. Slentz, Donald Peters and Herbert Fruehan were elected to the board of control for one-year term.

LIONS HOLD 1ST FALL MEETING

The Fairfield Lions Club held its initial fall meeting Tuesday evening in the Lutheran parish hall with 32 Lions and Carl Menchey of Gettysburg as guest. The business meeting was presided over by Donald Bucher, president.

It was announced by the club secretary, William R. Newman, that the Fairfield Lions Club was the winner in the 1962-63 point contest in Region One for District 14C. He also said the recent broom and light bulb sale netted the club \$228 for its charity fund.

PLAN APPLE HARVEST FETE ON OCTOBER 13

Adams County's fruit growers are completing plans for the Apple Harvest Holiday Sunday, October 13.

As in the past the South Mountain Fairgrounds will be headquarters for the Apple Harvest festival. Among activities scheduled according to Richard A. Slaybaugh, secretary-treasurer of the fruitgrowers, hay rides for the children, distribution of free balloons, guided tours of orchards, displays of apple varieties, old-fashioned open kettle apple butter boiling, distribution of apple cider and a pie baking contest.

The pie baking contest is to be held in three divisions; one for youngsters aged 8 to 14, another for the 14 to 20-year group and the third for those over 20 years of age. The prize pies will be auctioned off during the day.

50 ROADSIDE STANDS

Barbecued turkey sandwiches will be featured at the dinner to be available at the fairgrounds.

Maps and signs will guide tourists throughout the county's fruit belt containing 18,000 acres of orchards producing approximately 4,000,000 bushels of apples.

The Apple Blossom queen and her court will be at the fairgrounds through the day, October 13, to greet the visitors.

In brochures sent out by the fruitgrowers and Gettysburg Travel Council, visitors are urged to "bring your camera and your color film."

Apples of various varieties will be available at 50 orchard markets and roadside stands throughout the county area as part of the Harvest Holiday, according to the brochure prepared by the fruitgrowers' association.

VILLAGE FAIR AT FAIRFIELD ON SATURDAY

Fairfield has nearly completed plans for its second annual village fair, scheduled to be held Saturday from 3 to 9 p.m. in the Fairfield Joint School at the west edge of the borough.

Preparations have included an all-day apple butter making party Tuesday by one committee. The making of 25 freezers of homemade ice cream by another committee and even such prosaic items as the turning of a collar to give the appropriate appearance to the country store keeper, Edgar H. Newman Sr., when he presides at the second appearance of "Newman's Store" which attracted much attention last year by exactly re-creating a grocery store of the turn of the century.

Penn-Moc Shoe Co., Dolly's Beauty Shop, Ken's TV and William Orner Feeds will be among other businesses having displays in the high school auditorium which will be filled to capacity with booths and displays of all kinds.

MANY DISPLAYS
Home baked bread will be another feature.

The Fairfield Girl Scout troop, led by Mrs. Charles Taylor, will have charge of the dining room while the supper will be served under direction of Mrs. Russell Hall. The Boy Scout troop under leadership of Charles Deardorff will have a display, as well as the school art department under direction of the instructor, Thomas Brown.

McNamara May Tell JFK Not To Increase Force Or Funds To S. Viet Nam

By ROY ESSOYAN
Associated Press Staff Writer
SAIGON, Viet Nam (AP)—Defense Secretary Robert S. McNamara probably found no final answer in South Viet Nam to two important questions.

He probably didn't learn how to get President Ngo Dinh Diem to do what the United States thinks must be done to win the war against the Communist Viet Cong. Or what would happen if Diem were overthrown.

But McNamara left for Washington Tuesday with a massive report that should help President Kennedy make one crucial decision — whether the Communists can be defeated if the United States continues to support Diem's authoritarian and increasingly unpopular regime.

"SHOWMANSHIP"
The defense secretary probably had much of the information he got here before he left Washington last week. One highly placed, sympathetic diplomat described

Eagles' Boosters Will Meet Friday

The Eagles Boosters of the Berksman Springs High School will meet Friday at 8 p.m. in the high school cafeteria. Edward Smith, booster president, will preside.

Tom Shreiner, head football coach, will be in charge of the program which he says will be of interest to all parents and others in the community.

An oyster, ham and turkey supper will be served November 16 at the high school.

17 MOTELMEN ADOPT NICKEL-A-ROOM PLAN

Owner of 17 of the area's motels, meeting Tuesday noon at the Lamp Post Tea Room, voted to place on themselves a voluntary levy of five cents per room occupancy as their "dues" to the Gettysburg Travel Council.

To make the operation simpler the group voted to forward the "nickel each time a room is rented" on a monthly basis to the Travel Council with the exception of July and August. During those two months they will make their "payments" to Travel Council weekly.

Discussion at the meeting indicated that the group felt the "nickel a rented room" figure was easier to compute than the 1 1/2 per cent of gross business of the best month figure suggested as the assessment at a recent meeting and will provide more income for Travel Council.

NEED IS "APPARENT"

Bill Warren, of the motel group, said it plans to present the system worked out by the motel operators to the Travel Council meeting next Tuesday "as a challenge to the others to work out equitable assessments in their own business groups in this effort to raise sufficient money to properly operate."

Need for additional funds on the part of Travel Council is "most apparent," Warren said. It was noted that the town needs to secure a number of posters along the Pennsylvania Turnpike during the next two years to remind people going and coming from the World's Fair in New York to take time to visit "Gettysburg" while only 22 miles away. "Hundreds of thousands of tourists will be traveling from the central U. S. to New York for the World's Fair and Gettysburg will need the signs to remind them of how close they come to the town via the turnpike. In addition other efforts to attract tourists need to be carried out during the year, thus requiring more funds, according to the discussion.

PROPERTY SOLD

The executors of the Catherine Cunningham estate have sold a property at 196 S. Stratton St. to Mr. and Mrs. Walter O. Powell, E. Middle St. The sale was made by Lee M. Hartman, local realtor. Immediate possession will be given.

FOUND 71 JOBS
Arthur M. Gordon, chairman of the county committee, said it also is considering countians for nomination for "Physician of the Year"; "Handicapped Pennsylvanian of the Year" and "Disabled Veteran of the Year," with the county nominees to be entered in a state competition.

In connection with Employ the Handicapped Week, Gordon noted, "The Gettysburg Employment office has placed 71 handicapped workers of which 14 are veterans, in jobs during the fiscal year ending June 30, 1963."

URGED TO APPLY
Gordon joined Ronald K. Baltzley, manager of the Gettysburg Office of the State Employment Service, in urging local employers to list job openings with the local office in order that handicapped workers may have a chance to apply for jobs for which they are qualified.

In addition they encouraged employers to make their places of business accessible to the handicapped by the addition of ramps with hand rails and other facilities.

Baltzley advised handicapped workers who are unemployed or seeking a more suitable job to apply at the local employment office on West St. A special program of services is available for handicapped workers aimed at placing them in suitable jobs at their highest skills.

FRANKLIN TWP. SCHOOL WILL BE DEDICATED

An address by State Senator D. Elmer Hawbaker will highlight dedication ceremonies for the new Franklin Twp. Elementary School at Cashtown Sunday afternoon at 2:30 o'clock.

Principal Hobart E. Benchoff will preside at the exercises which will be followed by an "open house" when the public will be shown the new structure being used for the first time this fall.

A song by a chorus of Fifth and Sixth Grade pupils and the national anthem will open the program and the invocation will be given by the Rev. Henry R. Early, pastor of Florh's Lutheran Church. Platform guests will be introduced and County Superintendent of Schools M. Francis Coulson will extend greetings.

TO PRESENT FLAGS

Formal presentation of the building will be made by a representative of Kookon-Staber and Associates, architect engineers for the building. The acceptance will be by Arthur E. Hutchison, chairman of the Gettysburg School Authority which handled financing of the new school, and Thomas O. Oyler, president of the Franklin Twp. School Board.

Donald H. Hershey, president of the Cashtown Lions Club, will present new flags to the school from his organization and then Senator Hawbaker will speak.

The school chorus will sing the "Alma Mater" and the dedication prayer and benediction will be given by the Rev. Fr. Louis J. Yeager, pastor of St. Ignatius Catholic Church.

\$405,000 BOND ISSUE

The construction project, which included some improvements and changes in the former building, was financed with a \$405,000 bond issue. The new structure includes six new classrooms, a music room, an auditorium-gymnasium, a health room, a library and two offices.

The school has a record enrollment this fall of 367 which includes 35 enrolled at morning and afternoon sessions of the township's first Kindergarten.

All of the township's public elementary school children attend this school now since the closing in June, 1962, of the Buchanan Valley School, the last of 16 one-room schools to be closed in the township since 1915.

TO SEEK JOBS FOR COUNTY'S HANDICAPPED

Adams County's committee for Employment of the Handicapped today announced plans for promotion of such employment during the coming months.

"National Employ the Handicapped Week" will be observed next week, October 6 through 12.

The county committee will again sponsor essay and poster contests for high school students on the theme "How Handicapped Workers in My Community Are Proving That Ability Counts."

The essay contest will be held November 1 through January 31. The poster contest will start November 1 and close February 28. Judges for the events will be named in the near future.

Arthur M. Gordon, chairman of the county committee, said it also is considering countians for nomination

SAYS WEEKEND OF PAGEANT "GREAT FUN"

Gettysburg provided some thrilling experiences for some members of the 150th Pennsylvania Bucktails here for the "Day in the Life of a Civil War Soldier" program 10 days ago.

Mrs. Nell Swift, Philadelphia, wife of one of the group, wrote Curvin Heiss, who directed the pageant, to thank the local Travel Council for presenting the program and to thank a number of unknown young men who lifted the Swift car out of the Western Maryland Railway tracks when it became stuck while coming out of the Varsity parking lot while a locomotive was approaching.

Mrs. Swift wrote: "Since this weekend past I have had so many wonderful, happy and, strange as it may seem, frightening memories. First let me thank you for inviting me to participate as a nurse—my, but that was fun!

"SENSE OF AWE"
"My husband, three brothers, two wives and children and myself came with the 150th Pennsylvania Bucktails.

"As to being frightened. Our car went off the railroad track coming out of a Varsity dining lot. We found our later we shouldn't have been there to begin with. But nonetheless a train was coming and all I could see was that light coming closer and our car standing so still. Several young men came and helped us. I'm certain they came out of that diner, and as easily as picking up a baby, they lifted the car, fully loaded with muskets, camp gear etc., up and on to the level road. I thanked them, but I didn't do it individually. So would you have your newspaper print a note of thanks to those boys.

"When I know I'll be going to Gettysburg, I get a terrific sense of excitement, awe, but mostly I believe it is love of my country. "The food was absolutely wonderful. You folks outdid yourselves. Once again a very heartfelt thank you."

British Teen-agers Spend Much Money

LONDON (AP)—A social research expert reported today Britain's 5½ million teen-agers are spending a billion pounds (\$2.8 billion) a year.

Dr. Mark Abrams said most of it goes on clothing, phonograph records, record-players, tape recorders and cars or motorcycles. Clothing accounts for around 10 per cent.

The total outlay is more than it costs the country to run its army and navy.

VALACHI HAD WRONG MAN

WASHINGTON (AP)—Joseph Valachi said today he was wrong in testifying that gangster Girolamo Santuccio, alias Bobby Doyle, whom he has named as a killer in the underworld, lives in Stamford, Conn. He said he had intended to say that Santuccio lives in Hartford, Conn.

Valachi spoke up to correct the testimony he had given Tuesday. Sen. Abraham Ribicoff, D-Conn., went before the Senate investigations subcommittee at the start of today's session with a protest that "by coincidence" there is a Robert Doyle in Stamford—and only one man there of that name—who has been deeply embarrassed by the testimony.

"AWFULLY SORRY"

Ribicoff said the Stamford Doyle is a respected business man of Irish extraction, some 20 years younger than the hoodlum Valachi had named as an underworld trigger man in three 1950 gangland slayings.

LA. John Roach of the Hartford police force was sworn as a witness and testified he had known a Hartford Doyle for about 10 years.

"He hangs around the streets and has no visible means of support," Roach said.

Sen. John L. McClellan, D-Ark., the subcommittee chairman, said he was "awfully sorry" about the mixup.

TWO ARE NAMED TO HOLY OFFICE

VATICAN CITY (AP)—Pope Paul VI today named two additional cardinals—Augustin Bea and Iliedando Antoniutti—to the Congregation of the Holy Office, foremost of the 12 Vatican administrative agencies.

Cardinal Bea, 82-year-old German-born president of the Secretariat for Promoting Christian Unity, is a leader of Church Progressives and Vatican sources viewed his appointment as a move of major significance.

Cardinal Antoniutti, 65, an Italian, is generally considered among the Church Conservatives. The Holy Office was founded in 1542 by Pope Paul III to combat heresy. It studies doctrinal questions and also functions as a tribunal. Its competence extends to all questions dealing with faith and morals.

Cubans Report Attack From Sea

HAVANA, Cuba (AP)—A sawmill on the northwest coast of Oriente Province was destroyed early Tuesday in an attack from the sea, the Cuban armed forces ministry announced today.

A communique said "a pirate ship" slipped into the area under cover of darkness and destroyed the mill at Cayo Guin, near the town of Baracoa.

The vessel then escaped to the north, the communique said. The nature of the attack was not disclosed.

Hanover Man Hurt In Auto Accident

Milan J. Tomic, 26, Hanover, was treated for minor injuries at the office of a physician following a crash which demolished a 1956 sedan after it ran off the Littlestown pike west of Mt. Pleasant in Conewago Township at 7:30 a.m. Tuesday.

Conewago Township Patrolman Thomas Carbaugh said Tomic, a painter traveling to work, was operating his car west and attempted to pass another west-bound auto. Tomic tried to maneuver his auto back into the west-bound lane, lost control when he applied brakes, skidded 282 feet, went off the left of the roadway, struck a guard rail, flipped over and slid down a 10-foot embankment, Carbaugh reported.

Police conveyed Tomic to the physician's office where he was treated for abrasions of the forehead and right knee and a stiff neck.

Carbaugh said the car, valued at approximately \$600, was demolished. The guard rails, on property of L. B. Sheppard, were damaged to an extent of \$75, police reported.

American personnel or U.S. aid in line with known U.S. and Vietnamese suggestions.

He may recommend an increase in fighter aircraft and helicopters. McNamara may tell Kennedy that if U.S. air was suddenly cut off, Vietnamese forces would have sufficient supplies to operate—after a fashion and with much less mobility—for 6 to 12 months.

SAW NO REFORMS

McNamara saw no evidence Diem had instituted any reforms—such as Kennedy has been suggesting—since the secretary visited Viet Nam 16 months ago.

He probably will report the political-religious crisis sparked by Buddhist suicides and demonstrations has not had an appreciable effect on the morale of government troops so far, but if the ruthless political tactics continue the situation could become dangerous.

McNamara probably will report the Viet Cong is being pushed back in the central highlands and northern provinces.

TELLS LEAGUE

a present membership of 413, 328 active members and 85 honorary.

The report of Mrs. Robert Weaner disclosed that two names had been inscribed in the Golden Book of Memory, Mrs. Charles A. Hanson, mother of President C. A. Hanson, by Dr. and Mrs. Donald R. Heiges, and Dr. Frank H. Kramer by Atty. and Mrs. Franklin R. Bigham.

Mrs. John H. Eddy and Mrs. Kirk were appointed to serve as delegates to the annual convention of the General League November 7 and 8. Instead of one of the large dinners usually held, the delegates will be assigned to dine at the various fraternity houses on the campus, in order to get a glimpse of fraternity life.

Mrs. Bigham urged support of the morning convocations being held at 11 o'clock October 11 which will be Academic Day; October 15, with Dr. George W. Forrell, theologian from the University of Iowa, as speaker; October 29 and November 7. Attention was also called to the firm subscriptions series being given in the Student Union building starting October 11. Tickets may be purchased for individual films or a season ticket may be purchased for \$4 for 14 films, both American and foreign.

A number of new members were introduced.

Mrs. Bigham announced that a series of coffee hours had been held by League members for the distaff members of the 30 new families at the college.

Mrs. Fryling was in charge of the nursery which is being conducted this year by members of the Chi Omega sorority.

BAND ALUMNUS GOING TO GAME

UNIVERSITY PARK—Members of the fast-stepping Penn State Blue Band will have an opportunity to see on Saturday how they shape up with bands of past years.

At the Penn State-Rice football game, more than 100 bandmen who were graduated between 1947 and 1963 will take the field to form the first alumni band.

James W. Dunlop, director of the Blue Band, conceived the idea and wrote to all of the former bandmen who played during his 16 years at Penn State. "The response," he says, "was terrific."

Melvin R. Durboraw, Gettysburg R. 1, who played the alto sax in the Blue Band during his student days, will be on hand as the only alumnus from the county to join the old grads in the band show.

With the benefit of one rehearsal Saturday morning, the alumni band will take the field, toting instruments they played as Penn State students. Wearing white shirts and dark trousers, they'll join the snappy Blue Band in some of the half-time formations.

The Blue Band, which will do the pregame appearance as well as take over from the alumni to complete the half-time show, is also planning to get its share of attention. They'll be appearing for the first time in a new uniform that includes a navy blue coat and trousers for concert band purposes, to which is added for the marching band a white vest, white spats, white gloves and white cap.

Three Countians Pledged To Frats

Approximately 65 per cent of the incoming Freshman class have been pledged to fraternities at Gettysburg College. Rush results as of September 27 have been announced by the 13 fraternities and seven sororities.

Lambda Chi Alpha fraternity has pledged David M. LeVan, son of Mr. and Mrs. Alfred L. LeVan, R. 1, and a graduate of Valley Forge Military Academy; David W. Jones, son of Mr. and Mrs. Alfred Jones, 321 Springs Ave., and a graduate of Gettysburg High School; Richard S. Guise, son of Mr. and Mrs. Howard L. Guise, Biglerville R. 1, and a graduate of Biglerville High School.

INTRODUCE BENEFACTOR

Mrs. Willard S. Paul and John A. Hauser were introduced as officers of the Musselman Foundation. With them were General Paul and Mrs. Hauser.

Mrs. Cora E. Berkey, one of the senior members of the society, was presented as the donor of a "series of gifts" with the library designated as the Rev. Harvey E. Berkey and Cora E. Berkey room.

A letter was read from two granddaughters of Dr. J. L. Hill, Miss Katharine Kumber and Mrs. Louise Ankrom, both of Norwalk, O., who had been invited to the meeting but were unable to attend. A grandfather's clock, sofa, chairs, stands, silver service and portraits of Dr. and Mrs. Hill along with other "valued pieces" from the Hill home have been brought back to Gettysburg from Norwalk and occupy a third floor room in the Old Dorm. They were formerly in the Hill home here.

DEDICATORY PRAYER

Another room and part of a second is filled with former belongings of Dr. Henry A. Stewart, a former president of the society whom Dr. Glatfelter described as "a chief benefactor" of the society.

Dr. Glatfelter formally "set aside" these rooms and a dedicatory prayer was offered by Dr. Abdel Ross Wentz, former seminary president who was introduced as the "historian of the Old Dorm."

After the dedication nearly an hour was spent in a tour of the building with society officers serving as guides. A business session followed.

MANY ACCESSIONS

At the business meeting, the report of the retiring treasurer, Mr. Weaner, was given showing the society spent \$4,853 in the last year with \$3,967 of that amount going for improvements and restoration of the Old Dorm. There was a \$1 rental payment to the seminary for use of the leased building for the year.

Chairman Darrah filed a report for the library and museum committee and the building's part-time attendant, Berwyn Russell, listed accessions during recent months.

The list included centennial-connected items from the state commission, the Travel Council and individuals, the Henry Ste-

art grandfather's clock, a copy of the 200-year history of McSherrystown issued in connection with its bicentennial, items of furniture for the Black room including a bedstead with bullet holes in it, five Bibles, shutters, brick, lath and a door from the former Christ Reformed Church at Littlestown, a copy of a book on the 50th anniversary of the battle from Assemblyman Harry D. Rindinger, old deeds from the estate of Margaret Barr Lott dating back to the days of the Penns and a bound volume of the recent centennial edition of The Gettysburg Times.

OPEN TO PUBLIC

The necrology committee report listed these deaths of society members in the last year: Mrs. William B. Himes, Mrs. Bessie Walters, Dr. Frank H. Kramer

and Miss Martha Sachs. Dr. Glatfelter expressed thanks to many individuals and local businesses including Blocher's and the Gettysburg News and Sporting Goods for help they have given in the work of restoration at the Old Dorm.

Hours during which the building will be open to the public were announced as Tuesdays from 3 to 5 p.m. and Saturdays from 9 a.m. to 5 p.m. Volunteer helpers were asked to help with the staffing of the museum while it is open to the public.

"Nonpolitical" Trips By President Fictional

By J. W. DAVIS

WASHINGTON (AP) — One of the more entertaining fictions in the legends of Washington is that a president can take a nonpolitical speaking tour across the country.

For the president is not only president, he's the chief of his political party. And, likely as not, he intends to run again. It follows that almost anything he does or says is looked upon as political.

This didn't start with President Kennedy's 10-state Western trip. Just think of his immediate predecessors — Dwight D. Eisenhower, Harry S. Truman, Franklin D. Roosevelt — they all indulged in the nonpolitical trip with political aspects.

EIGHT NIXON STATES

When Kennedy's itinerary was announced, it could hardly be overlooked that eight of the states he was visiting went for Republican Richard M. Nixon in 1960.

Nor could it be overlooked that conservative strength is perhaps growing in these states, and their electoral support could be crucial in the 1964 election.

The Kennedy trip was billed as one devoted to conservation, rather than politics.

Last Tuesday, Gov. George Romney of Michigan accused Kennedy of playing politics in a meeting of representatives of Great Lakes states at Duluth, Minn.

It was a meeting called to consider conservation and economic developments. But, Republican Romney complained, the man he sent there wasn't even allowed on the platform. Instead, he said, Michigan was represented by a Democrat.

PRAISES DEMOCRATS

For another example, Kennedy spoke warmly in Wyoming of Sen. Gale Magee, Democrat who faces a fight next year. He had similar praise in Montana for Sen. Mike Mansfield.

In Salt Lake City, a Kennedy attack on certain foreign policy ideas was widely interpreted as an attack on the views of Sen. Barry Goldwater of Arizona, a possibility for the 1964 GOP presidential nomination.

Kennedy's nonpolitical trip called to mind a similar one taken by President Eisenhower in October 1960. Eisenhower wasn't running himself, but he wanted Nixon to succeed him.

EISENHOWER TOUR

Eisenhower was greeted in California by the Democratic governor Edmund G. Brown, who told him: "Don't do too much for Mr. Nixon."

Smilingly, Eisenhower replied: "This is a nonpolitical tour, but I'll do all I can to see that Nixon is elected."

Another president who got fun out of such a situation was Harry Truman. In June 1948 he set out on what the White House described as a "nonpolitical, bipartisan trip."

TRUMAN QUIP

That tag didn't last long. Truman told a crowd in Ohio, before the journey was hardly under way: "On this nonpartisan, bipartisan trip that we are taking here I understand there are a whole lot of Democrats present."

Ordinarily, the opposition doesn't get too exercised when a president chooses to call a trip nonpolitical. There was a sharp exception to this in 1944 when Roosevelt ran for a fourth term, against Republican Thomas E. Dewey.

Roosevelt announced he would not run "in the usual partisan, political sense."

Then he set out on a series of

The United States and Russia are quietly negotiating a treaty under which consulates would be opened in cities outside each other's capital. The arrangement would figure in any increased U.S.-Soviet trade.

President Kennedy may call in his top advisers to discuss possible wheat sales to Russia. A policy decision may be announced before the week is over.

Washington

Kennedy administration leaders abandon efforts to speed Senate Finance Committee action on the tax cut bill. This retards its chances of passage this year.

Angster Joseph Valachi resumes his testimony against his old underworld pals. Officials say police statements will back up his story.

President Ahmed Ben Bella seeks to rally the Algerian masses to oppose a Berber mutiny in the army.

Biologists Prove Outdoor Mastery

ST. LOUIS (AP) — About 70 of 350 biologists here for an annual symposium brought along their sleeping bags and slept out among the plants at Shaw's Garden.

Rain one night forced most of them to move indoors.

Hugh C. Cutler, executive director of the Garden, said, "Three or four young fellows got pretty wet but the majority are experienced and can dress under a sleeping bag and come out looking pretty good."

Precious Stones Are Found In Arkansas

LITTLE ROCK, Ark. (AP) — Arkansas advertises itself as a bonanza for rock collectors. A specimen of almost every kind of rock found in the U.S. can be found in the state.

And Arkansas is the only state in which the diamond can be found. One hundred mineral specimens have been found in the Magnet Cove area near Hot Springs.

MANY MONKEYS

HONG KONG (AP) — Hong Kong is reexporting 4,000 monkeys monthly from Southeast Asian countries to Europe and the United States.

The monkeys are flown in special cages and each animal sells for between \$5 and \$8.

Deaths

BUDAPEST, Hungary (AP) — The Rev. Sandor Sik, 74, superior of the Hungarian Priest order and Hungary's leading Catholic poet, died Monday after a long illness.

He was a celebrated poet, essayist and publicist for 50 years.

YARMOUTH, Maine (AP) — Edward E. Dissell, 74, retired Connecticut law book publisher, died Sunday. Dissell, who headed the firm of E. E. Dissell & Co. in Hartford before retiring in 1957, was born in Canton, Ohio.

BOYLE'S Grab Bag

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

More middle class wives are now holding jobs outside the home. In more than half the families with income from \$7,000 to \$15,000 yearly, the wife works at least part of the year.

The average working girl is getting older, too. Half of the 25 million women in the U.S. labor market are over 40.

TWO INCHES TALLER

Here's why so many parents look up to their children these days: Young people are about two inches taller than those of 60 years ago.

Teen-age mommy: Almost 40 per cent of U.S. brides now marry in their teens. Over half of them become mothers before their 20th birthday.

Betcha never knew this: Men's fingers are approximately 10 per cent longer and 20 per cent wider than ladies' fingers.

Our quotable notables: "I have no use for a man who lies in bed after nine o'clock in the morning." — Henry R. Luce.

MORE TO REACH 80

Know your language: The word "sincere" is said to come from two Latin words, "sina" and "cere," meaning "without wax."

Remember when it was being predicted that man soon would be able to live 150 to 200 years? Many scientists today doubt this is a possibility in the foreseeable future, but think that better medicine and hygiene will enable more of us to live to be 80.

Small fry: Comedienne Marion Powers tells about the little girl who prayed, "Please, God, make three times two equal seven — 'cause that's what I wrote on my exam paper in school."

GOOD THING TO KNOW

White plague: Many people erroneously believe miracle drugs have solved the problem of tuberculosis, a scourge through the centuries. Actually, it is still one of the most widespread human ills, afflicting some 50 million people throughout the world, and killing 10,000 yearly in the United States alone.

Patience test. Researchers have found that most people don't mind waiting 30 seconds for an elevator, but as the interval approaches a minute they begin to fuss and fume.

It was Arthur Brisbane who observed, "It's a good thing to know how to satisfy your own conscience and make the cash register ring also."

Judge Favors Noisy Parrot

ZANESVILLE, Ohio (AP) — When Polly wants a cracker she has every right to ask for it, according to a judge's ruling.

The parrot's owner, James A. McIntire, was arraigned on a disturbing the peace charge. A neighbor claimed Polly disturbed the peace by whistling, screaming and hollering day and night.

The judge threw out the case on the grounds that the law specifies that a disturbance of the peace may be caused only by the use of horns, bells, radios or other instruments and devices.

Turns Dairy Farm Into Public Park

LAFAYETTE, Ala. (AP) — J. C. Sharpe turned a dairy farm into a recreation center, became the pro at his own 18-hole golf course and hasn't regretted the change for a minute.

The 240-acre playground features everything from homemade rides to softball diamonds. School and church groups, clubs and family reunions kept the place overflowing this year and the facility is already booked for every weekend next summer.

Local Store Owner Is Wed

Abraham Harris, proprietor of a Baltimore street department store, was married to Leah Backall, Philadelphia, on September 4, friends disclosed today. The ceremony was performed in Cumberland, Md., by Rabbi Aaron Kefkowitz. Mrs. Harris is the daughter of Abraham Backall, Philadelphia, and Mrs. Harris is the son of Mr. and Mrs. Michael Harris, Philadelphia. The Gettysburg merchant moved here 23 years ago from New Oxford where he had operated a store for a number of years. Mr. and Mrs. Harris will reside in the apartment above the Harris store.

Republicans Hold Lead: Adams county has a registered Republican majority for the first time in 40 years — possibly for the first time in history — it was revealed today with the announcement of the results of the special registration held here. Court House officials said they had no knowledge that the G.O.P. ever before had held the lead in registrations. A hasty search of court house records failed to show any previous year the democrats had not held the edge on registrations. At present — with full registration not yet complete — the Republicans are approximately 150 ahead, figures announced by Winfield G. Horner, clerk to the county registration commission, revealed. The total registration up to today was approximately 17,900.

New Garbage Ordinance: Finding most prospective collectors of garbage in Gettysburg ready or preparing to comply with the new ordinance, the members of the Gettysburg Board of Health at a conference Wednesday set Oct. 15 as the date for enforcement and moved to familiarize the residents of the town with their duties in regard to garbage containers. Board members pointed out that the new ordinance not only affects garbage collectors but specifies the type of containers householders, hotelmen and others may use for placing the garbage and other refuse at accessible points on collection days.

75th Anniversary Makes Record: More than a million and a half persons visited the Gettysburg battlefield during the travel year that ended September 30. That estimate was telegraphed to the director of the National Park Service at Washington, D. C., late Friday night by James R. McCone, park superintendent. The telegram estimated the number of persons visiting the battlefield here between October 1, 1937, and September 30, 1938, as 1,554,234. The estimated number of automobiles for the same period was given at 391,978.

Edward Bulleit is a graduate of Gettysburg college and the Duke University law school.

Today's Talk

NO
There is no shorter word in all the English language than No. And yet, what other word can express so much? Or mean so much?

Many a great and stalwart character has been built with this small word as its cornerstone. The young man who early learns the significance of its use travels the direct route to a substantial success.

No, with the right, is a majority! To have the courage and the will to say No at the right time is character genius. To stand thus alone with your decision is a worthy distinction.

If you think No, Say No — and walk ahead proudly with your chin up. We hear a great deal about the Yes folks, but very little about the No crowd. For one reason, because it's a rather small crowd. You often have to stand alone with your No decision. Senator William Borah, who died in 1940, was always a magnificent representative of the No party. He always had the courage to stand alone and to say No, if he felt that he was right — no matter how many men, or nations, there might be to decry his stand.

Learn the art of saying No, with a smile, but learn it, at any rate. It often becomes the handiest small word in all the world. The supposition is that No is a negative word. So it is, from some standpoints, and under some conditions, but this talk supports the inspiration side of NO — the side that prods the pride of a man or woman and says to him or her: Dare to say No! Because it is right.

How many a failure has been saved by this simple No! How many a man can say that he owes his success and happiness to the fact that he knew how to say No when the time came. None but cowards can decry you for saying No — if you feel it when you say it.

Just Folks

ONE WOMAN THE PRO CAN'T TEACH

He was giving her a lesson as I chanced to walk that way
And I heard him shouting: "Woman, will you mind the things I say?"

You're a flubbing, dubbing female, and you will be till you die
I can never teach you, and a fool I was to try."

Then the lady turned upon him:
"Other women hit the ball
And I've watched them and I tell you they don't hit your way at all."

"There you go again," he shouted
Just as angry as could be,
"You'll try anything they tell you
but you pay no heed to me."

Then she took her clubs and left
him and I said unto the pro:
"I was startled by your language,
do you handle ladies so?"

And he turned upon me sadly:
"That's the curse of married life,
All men ever gets is battle when
he tries to teach his wife."

timore street now owned by the heirs of the late Mrs. George E. Stock. Five of Mrs. Stock's children, Dr. Leo F. Stock, Washington; Joseph Stock, Cleveland; the Rev. Fr. Mark E. Stock, Gettysburg; Simon Stock, Harrisburg; and Mrs. M. J. Flynn, Gettysburg, are the present owners. The building, purchased by the late father of the present owners in 1877, was completely remodeled once before in its existence. In 1903 a third story was added to the place and a completely new front was built. When George E. Stock bought the place he carried on his cigar store and factory in a room on the ground floor of the building. He continued with the store and factory until his death in 1915. After that Mrs. Stock, the present owners' mother, continued to live at the residence until her death in 1937. In the meantime the cigar store and factory had been converted into a storeroom occupied for many years past by the Haines Shoe Company. After the death of her mother the heirs decided to renovate and adapt the property to its location. The residential part of the property was converted into three apartments, one on the third floor and two on the second. The first floor was widened and lengthened to supply room for two stores. An addition was built to the rear of the building to permit the addition of space sufficient for the two stores and the front space was widened by several feet. Both stores and the apartments have already been rented. Lawrence Sheads, Joseph Reaser and Michael J. Flynn have rented the apartments. The stores have been leased to the Haines Shoe company and the Thompson's Lady Shop. This latter store will be an entirely new opening in the community.

"TIP" WORKERS STRIKE CLOSES 13 HOTEL BARS

PHILADELPHIA (AP) — Bars and restaurants in 13 hotels and motels were still closed today and many guests were forced to carry their bags as a result of a strike by 2,000 employees.

The workers, members of Local 568 of the Hotel, Motel and Club Employees Union, walked out Tuesday in a contract dispute centering largely on money issues.

Negotiators promised to meet today with federal mediator Rex Marlowe to try again to settle the dispute.

Supervisory employees took over many of the jobs normally handled by the union members. The strikers include waiters, bartenders, bellhops, porters, waitresses and chambermaids.

CANCELS UF DINNER

Besides the inconvenience to guests, the strike forced the cancellation Tuesday of the kickoff of the 1964 United Fund Drive and a luncheon of the Philadelphia Bar Association.

There's one major convention in town and another is due Friday. Pickets paraded outside the hotels and motels Tuesday and one scuffle was reported. Two pickets were arrested.

The union is seeking increases of \$3 a week for employees who receive few tips and \$2 a week for those who earn most of their wages in tips. Management has offered \$1 a week to the untipped workers and 50 cents a week for those who get tips.

WAGE SCALE

This was later expanded to \$4 a week for little-tipped employees, broken down to \$3.4 a week for the first year of a three-year contract, and \$1.33 a week for the second and third years. It offered \$1 a week raise to employees who get tips.

The hotels also offered to contribute 80 cents a week per worker for a pension. Weekly wages now range from \$28 to \$30 a week for waiters and \$125 to \$130 to second chefs.

Hotels affected are the Adelphi, Bellevue-Stratford, Benjamin Franklin, Drake, St. James, Warwick, Sheraton, Sylvania and Essex. Motels affected are the Sheraton, Roosevelt, Penn Center and City Line.

WASHINGTON (AP) — In the news from Washington:

CORREGIDOR MEMORIAL: The House has passed and sent to the Senate a bill authorizing expenditure of \$1.5 million as the U.S. share in making the Philippine island of Corregidor a World War II memorial.

House approval Tuesday was by voice vote. Under the bill, the Philippines would put up a similar amount and would maintain the memorial.

DOMINICAN DEBATE: Three Democratic senators have demanded that the State Department permanently withhold recognition from the military junta that last week overthrew President Juan Bosch of the Dominican Republic.

The three, Sens. Hubert H. Humphrey of Minnesota, Wayne Morse of Oregon and Ernest Gruening of Alaska, also urged withholding of military aid to the new regime.

The Senate Foreign Relations committee plans to question John Bartlow Martin, U.S. ambassador to the Dominican Republic at the time of the coup, and Edwin M. Martin, assistant secretary of state for Latin America, at its first closed session Thursday.

TROOPS TO STAY: An authoritative source says the Kennedy administration has decided to leave the 3,500-man 3rd Armored Cavalry Regiment in Germany.

Plans to return the regiment were revealed several weeks ago as part of a plan to cut back U.S. troops levels in Germany to the number on duty before the 1961 Berlin crisis. Some 22,000 of the 40,000 extra troops sent to Europe at that time have been withdrawn.

No reason was given for the reversal. **FREAR RESIGNS:** Former Democratic Sen. J. Allen Frear Jr. of Delaware has resigned from the Securities and Exchange Commission. Although Frear, 60, has been ill a year, it was not known if this was the reason for his resignation.

The POWER OF FAITH

By WOODI ISHMAEL

That which the Lord hath ordained as the sovereign remedy and the mightiest instrument for the healing of all the world is the Union of all its peoples in one Universal Cause, one Common Faith.

—Baha' u'llah

Abdu'l-Bahá, son of Bahá'u'lláh, founder of the Bahá'í world Faith, from early childhood shared his father's exile and imprisonment for his belief in the oneness of mankind and the common foundation of all religions.

After his father's death in 1892, Abdu'l-Bahá spent another sixteen years in prison before being freed by the young Turks revolution in 1908. He then spent the rest of his 70 years as the central figure in the Faith as his father's will had decreed. He is regarded by the faithful as the perfect example of the Spirit of Bahá'u'lláh's teaching.

He carried the Bahai movement to Europe in 1911 and then to America in 1912 where he dedicated the cornerstone of the Bahá'í Temple in Wilmette, Ill. In 1920 he was knighted by the British Commonwealth for his humanitarian activities during World War I. After his death in 1921, the Bahai movement continued to grow and today there are almost 3,000,000 adherents around the world. There are 310 groups or "spiritual assemblies" in the United States.

SAYS WEEKEND OF PAGEANT "GREAT FUN"

Gettysburg provided some thrilling experiences for some members of the 150th Pennsylvania Bucktails here for the "Day in the Life of a Civil War Soldier" program 10 days ago.

Mrs. Nell Swift, Philadelphia, wife of one of the group, wrote Curvin Heiss, who directed the pageant, to thank the local Travel Council for presenting the program and to thank a number of unknown young men who lifted the Swift car out of the Western Maryland Railway tracks when it became stuck while coming out of the Varsity parking lot while a locomotive was approaching.

Mrs. Swift wrote: "Since this weekend past I have had so many wonderful, happy and strange as it may seem, frightening memories. First let me thank you for inviting me to participate as a nurse-my, but that was fun!"

"SENSE OF AWE"

"My husband, three brothers, two wives and children and myself came with the 150th Pennsylvania Bucktails. "As to being frightened. Our car went off the railroad track coming out of a Varsity dining lot. We found our later we shouldn't have been there to begin with. But nonetheless a train was coming and all I could see was that huge light coming closer and our car standing so still. Several young men came and helped us. I'm certain they came out of that diner, and as easily as picking up a baby, they lifted the car, fully loaded with muskets, camp gear etc., up and on to the level road. I thanked them, but I didn't do it individually. So would you have your newspaper print a note of thanks to those boys.

"When I know I'll be going to Gettysburg, I get a terrific sense of excitement, awe, but mostly I believe it is love of my country. "The food was absolutely wonderful. You folks outdid yourselves. Once again a very heartfelt thank you."

British Teen-agers Spend Much Money

LONDON (AP)—A social research expert reported today Britain's 5½ million teen-agers are spending a billion pounds (\$2.8 billion) a year.

Dr. Mark Abrams said most of it goes on clothing, phonograph records, record-players, tape recorders and cars or motorcycles. Clothing accounts for around 10 per cent.

The total outlay is more than it costs the country to run its army and navy.

VALACHI HAD WRONG MAN

WASHINGTON (AP)—Joseph Valachi said today he was wrong in testifying that gangster Gino Santuccio, alias Bobby Doyle, whom he has named as a killer in the underworld, lives in Stamford, Conn. He said he had intended to say that Santuccio lives in Hartford, Conn.

Valachi spoke up to correct the testimony he had given Tuesday. Sen. Abraham Ribicoff, D-Conn., went before the Senate investigations subcommittee at the start of today's session with a protest that "by coincidence" there is a Robert Doyle in Stamford — and only one man there of that name — who has been deeply embarrassed by the testimony.

"AWFULLY SORRY"

Ribicoff said the Stamford Doyle is a respected business man of Irish extraction, some 20 years younger than the hoodlum Valachi had named as an underworld trigger man in three 1950 gangland slayings.

La. John Roach of the Hartford police force was sworn as a witness and testified he had known a Hartford Doyle for about 10 years.

"He hangs around the streets and has no visible means of support," Roach said.

Sen. John L. McClellan, D-Ark., the subcommittee chairman, said he was "awfully sorry" about the mixup.

TWO ARE NAMED TO HOLY OFFICE

VATICAN CITY (AP)—Pope Paul VI today named two additional cardinals — Augustin Bea and Iñeando Antoniutti — to the Congregation of the Holy Office, foremost of the 12 Vatican administrative agencies.

Cardinal Bea, 82-year-old German-born president of the Secretariat for Promoting Christian Unity, is a leader of Church Progressives and Vatican sources viewed his appointment as a move of major significance.

Cardinal Antoniutti, 65, an Italian, is generally considered among the Church Conservatives. The Holy Office was founded in 1542 by Pope Paul III to combat heresy. It studies doctrinal questions and also functions as a tribunal. Its competence extends to all questions dealing with faith and morals.

Cubans Report Attack From Sea

HAVANA, Cuba (AP)—A sawmill on the northwest coast of Oriente Province was destroyed early Tuesday in an attack from the sea, the Cuban armed forces ministry announced today.

A communique said "a pirate ship" slipped into the area under cover of darkness and destroyed the mill at Cayo Guin, near the town of Baracoa.

The vessel then escaped to the north, the communique said. The nature of the attack was not disclosed.

Hanover Man Hurt In Auto Accident

Millan J. Tomic, 26, Hanover, was treated for minor injuries at the office of a physician following a crash which demolished a 1958 sedan after it ran off the Littlestown pike west of Mt. Pleasant in Conewago Township at 7:30 a.m. Tuesday.

Conewago Township Patrolman Thomas Carbaugh said Tomic, a painter traveling to work, was operating his car west and attempted to pass another west-bound auto, Tomic tried to maneuver his auto back into the west-bound lane, lost control when he applied brakes, skidded 282 feet, went off the left of the roadway, struck a guard rail, flipped over and slid down a 10-foot embankment, Carbaugh reported.

Police conveyed Tomic to the physician's office where he was treated for abrasions of the forehead and right knee and a stiff neck.

Carbaugh said the car, valued at approximately \$600, was demolished. The guard rails, on property of L. B. Sheppard, were damaged to an extent of \$75, police reported.

American personnel or U.S. aid in line with known U.S. and Vietnamese suggestions.

He may recommend an increase in fighter aircraft and helicopters. McNamara may tell Kennedy that if U.S. air was suddenly cut off, Vietnamese forces would have sufficient supplies to operate — after a fashion and with much less mobility — for 6 to 12 months.

SAW NO REFORMS

McNamara saw no evidence Diem had instituted any reforms — such as Kennedy has been suggesting — since the secretary visited Viet Nam 16 months ago.

He probably will report the political-religious crisis sparked by Buddhist suicides and demonstrations has not had an appreciable effect on the morale of government troops so far, but if the ruthless political tactics continue the situation could become dangerous.

McNamara probably will report the Viet Cong is being pushed back in the central highlands and northern provinces.

a present membership of 413, 328 active members and 85 honorary.

The report of Mrs. Robert Weaver disclosed that two names had been inscribed in the Golden Book of Memory, Mrs. Charles A. Hanson, mother of President C. A. Hanson, by Dr. and Mrs. Donald R. Heiges, and Dr. Frank H. Kramer by Atty. and Mrs. Franklin R. Bigham.

Mrs. John H. Eddy and Mrs. Kirk were appointed to serve as delegates to the annual convention of the General League November 7 and 8. Instead of one of the large dinners usually held, the delegates will be assigned to dine at the various fraternity houses on the campus, in order to get a glimpse of fraternity life.

Mrs. Bigham urged support of the morning convocations being held at 11 o'clock October 11 which will be Academic Day; October 15, with Dr. George W. Forrell, theologian from the University of Iowa, as speaker; October 29 and November 7. Attention was also called to the firm subscriptions series being given in the Student Union building starting October 11. Tickets may be purchased for individual films or a season ticket may be purchased for \$4 for 14 films, both American and foreign.

A number of new members were introduced.

Mrs. Bigham announced that a series of coffee hours had been held by League members for the distaff members of the 30 new families at the college.

Mrs. Fryling was in charge of the nursery which is being conducted this year by members of the Chi Omega sorority.

Tea was served with Mrs. C. A. Hanson and Dean Martha Storek pouring. One of Mrs. Lott's fall arrangements graced the tea table. Approximately 100 members attended.

BAND ALUMNUS GOING TO GAME

UNIVERSITY PARK—Members of the fast-stepping Penn State Blue Band will have an opportunity to see on Saturday how they shape up with bands of past years.

At the Penn State-Rice football game, more than 100 bandsmen who were graduated between 1947 and 1963 will take the field to form the first alumni band.

James W. Dunlop, director of the Blue Band, conceived the idea and wrote to all of the former bandsmen who played during his 16 years at Penn State. "The response," he says, "was terrific."

Melvin R. Durbin, Gettysburg R. 1, who played the alto sax in the Blue Band during his student days, will be on hand as the only alumnus from the county to join the old grads in the band show.

With the benefit of one rehearsal Saturday morning, the alumni band will take the field, toting instruments they played as Penn State students. Wearing white shirts and dark trousers, they'll join the snappy Blue Band in some of the half-time formations.

The Blue Band, which will do the pregame appearance as well as take over from the alums to complete the half-time show, is also planning to get its share of attention. They'll be appearing for the first time in a new uniform that includes a navy blue coat and trousers for concert band purposes, to which is added for the marching band a white vest, white spats, white gloves and white cap.

Three Countians Pledged To Frats

Approximately 65 per cent of the incoming Freshman class have been pledged to fraternities at Gettysburg College. Rush results as of September 27 have been announced by the 13 fraternities and seven sororities.

Lambda Chi Alpha fraternity has pledged David M. LeVan, son of Mr. and Mrs. Alfred L. LeVan, R. 1, and a graduate of Valley Forge Military Academy; David W. Jones, son of Mr. and Mrs. Alfred Jones, 321 Springs Ave., and a graduate of Gettysburg High School; Richard S. Guise, son of Mr. and Mrs. Howard L. Guise, Biglerville R. 1, and a graduate of Biglerville High School.

as a result of that gift.

INTRODUCE BENEFACTOR

Mrs. Willard S. Paul and John A. Hauser were introduced as officers of the Musselman Foundation. With them were General Paul and Mrs. Hauser.

Mrs. Cora E. Berkey, one of the senior members of the society, was presented as the donor of a "series of gifts" with the library designated as the Rev. Harvey E. Berkey and Cora E. Berkey room.

A letter was read from two granddaughters of Dr. J. L. Hill, Miss Katharine Kummel and Mrs. Louise Ankrom, both of Norwalk, O., who had been invited to the meeting but were unable to attend. A grandfather's clock, sofa, chairs, stands, silver service and portraits of Dr. and Mrs. Hill along with other "valued pieces" from the Hill home have been brought back to Gettysburg from Norwalk and occupy a third floor room in the Old Dorm. They were formerly in the Hill home here.

DEDICATORY PRAYER

Another room and part of a second is filled with former belongings of Dr. Henry A. Stewart, a former president of the society whom Dr. Glatfelter described as "a chief benefactor" of the society.

Dr. Glatfelter formally "set aside" these rooms and a dedicatory prayer was offered by Dr. Abdel Ross Wentz, former seminary president who was introduced as the "historian of the Old Dorm."

After the dedication nearly an hour was spent in a tour of the building with society officers serving as guides. A business session followed.

MANY ACCESSIONS

At the business meeting, the report of the retiring treasurer, Mr. Weaver, was given showing the society spent \$4,853 in the last year with \$3,957 of that amount going for improvements and restoration of the Old Dorm. There was a \$1 rental payment to the seminary for use of the leased building for the year.

Chairman Darrah filed a report for the library and museum committee and the building's part-time attendant, Berwyn Russell, listed accessions during recent months.

The list included centennial-connected items from the state commission, the Travel Council and individuals, the Henry Ste-

art grandfather's clock, a copy of the 200-year history of McSherrystown issued in connection with its bicentennial, items of furniture for the Black room including a bedstead with bullet holes in it, five Bibles, shutters, brick, lath and a door from the former Christ Reformed Church at Littlestown, a copy of a book on the 50th anniversary of the battle from Assemblyman Harry D. Rindinger, old deeds from the estate of Margaret Barr Lott dating back to the days of the Penns and a bound volume of the recent centennial edition of The Gettysburg Times.

OPEN TO PUBLIC

The necrology committee reported listed these deaths of society members in the last year: Mrs. William B. Himes, Mrs. Bessie Walters, Dr. Frank H. Kramer

and Miss Martha Sachs. Dr. Glatfelter expressed thanks to many individuals and local businesses including Blocher's and the Gettysburg News and Sporting Goods for help they have given in the work of restoration at the Old Dorm.

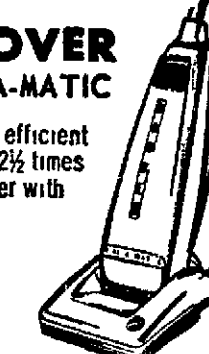

Hours during which the building will be open to the public were announced as Tuesdays from 3 to 5 p.m. and Saturdays from 9 a.m. to 5 p.m. Volunteer helpers were asked to help with the staffing of the museum while it is open to the public.

PRESSURE IS HEAVY ON 1ST SERIES GAME

By JOE REICHLER
Associated Press Sports Writer
NEW YORK (AP)—Pounds of extra World Series pressure weighed heavily on the shoulders of opening game pitchers Whitey Ford of New York and Sandy Koufax of Los Angeles today because of unusual importance attached to the first game of the 1963 post-season classic.

Most experts agree pitching will be more of a dominating factor in this series than in any inter-league October clash since World War II. They point to the comparatively light team batting averages, .232 for the Yankees to .251 for the Dodgers, and the presence of only three .300 hitters—Tommy Davis, Maury Wills and Mickey Mantle—in the lineups.

A contributory factor is the determination of both managers to stick with three starting pitchers regardless of the length of the series. This means that should the series go seven games, as have all since 1953 except the 1959 and 1961 series, Ford and Koufax will probably face each other three times.

PSYCHOLOGICAL EDGE

Thus the winner of the first Ford-Koufax duel—before some 70,000 at Yankee Stadium—would have a vast psychological as well as an actual edge.

The odds favored Ford at 6-5, with the Yankees a 7½-to-5 favorite to gain their seventh triumph in eight World Series meetings with the Dodgers. The perennial American League champions have a 20-7 record in Series play, compared to 2-8 for the Dodgers.

Both clubs presented predominantly right-handed line-ups against the left-handed slants of Ford and Koufax.

McMULLEN ON BENCH

The only southpaw swingers, aside from Ford, in the Yankee batting order, were shortstop Tony Kubek, first baseman Joe Pepitone and right fielder Roger Maris. Switch hitters Mickey Mantle and Tommy Tresh naturally batted right-handed.

At a late hour Tuesday night, Manager Walter Alton of the Dodgers had just about decided to keep Ken McMullen, the injured rookie third baseman, on the bench, playing Dick Tracewski at second and switching Jim Gilliam to third. McMullen pulled a hamstring muscle in his right leg last week.

WILLIE DAVIS 3RD

Alton promoted Willie Davis, the hottest hitting Dodger in September, from seventh to third spot in the batting order, behind Maury Wills and Gilliam with Tommy Davis, the National League's leading hitter, in the cleanup spot.

Bill Skowron, the ex-Yankee, was at first base, batting third behind the right-handed hitting Frank Howard. He was followed by Tracewski, John Roseboro and Koufax.

The Yankees had the same lineup that played all season when Mantle and Maris were in there. Mickey batted fourth behind Tresh and in front of Maris, Kubek and Bobby Richardson batted one, two with Elston Howard, Pepitone, Cleto Boyer and Ford comprising the bottom half of the order.

RING MAGAZINE GIVES RATINGS

NEW YORK (AP)—Hiroyuki Ebihara's first-round knockout of flyweight champion Pone King-petch earned the young Japanese cloutier the "Fighter of the Month" award from Ring Magazine today.

The dethroned Pone of Thailand was dropped to No. 2 contender in the 112-pound division, a notch behind Italy's Salvatore Burroni. Two changes were made in the heavyweight division's top ten.

Eddie Machen, former top-ranking contender who had been out of action for more than a year because of mental illness, resumed activity with a knockout of Ollie Wilson Machen, of Los Angeles, was given the No. 8 ranking.

Argentina's Gregorio Peralta made the ratings for the first time on the strength of his victory over light heavyweight champion Willie Pastrano in a non-title bout. Peralta was ranked 10th.

BURY MRS. UTZ

Funeral services for Mrs. Verdie M. (Garvick) Utz, 87, wife of Thomas E. Utz, who died on Monday at the home of her son and daughter-in-law, Mr. and Mrs. George E. Utz, Westminster, were conducted this afternoon at 1:30 p.m. from Little's Funeral Home, Littlestown. The Rev. Dr. George E. Bowersox, Hanover, retired Lutheran minister, presided.

Burial was in St. Bartholomew's Church Cemetery, West Manheim Twp. The pallbearers were six nephews of the deceased: LeRoy Garvick, Oscar Garvick, Hilbert Garvick, Ivan Garvick, Wilbur Nace and Oscar Nace.

Bullets Dominate In MAC Passing

Bob Laughton of Bucknell moved out in front in rushing and total offense, Gettysburg players dominate the passing ranks and Joe Slobjan of Delaware claimed the scoring lead as the Middle Atlantic Conference's University Division football race moved into full swing last weekend.

Laughton accounted for 108 yards rushing in his lone conference game thus far, tops for any division player. Jim Ward of Gettysburg piled up the most yards passing, 90, while teammate Dale Boyd heads the pass receiving ranks with four catches for 64 yards. Don Rogers of Bucknell has the most completed passes, 9 for 59 yards.

Slobjan led his team to a decisive victory over Lehigh with a 12-point effort.

In team statistics, Delaware leads in rushing, total offense, total defense, pass defense and scoring, while Bucknell leads in rushing defense and Gettysburg in punting and pass offense.

Vance Johnston of the Bullets is the punting leader with an average of 40.3 yards on three kicks.

IVY LEAGUE TEAMS TOPPING GRID FIGURES

NEW YORK (AP)—There's a distinct Ivy League tinge in the first set of team football statistics issued this season by the NCAA Service Bureau.

After just one game each, Pennsylvania is the national major college leader in total offense, rushing offense and scoring. Princeton leads in total defense and rushing defense and Cornell in punting.

Rutgers, a favorite playmate of the Ivies, is tops in forward pass defense and Columbia, Harvard, Dartmouth and Yale are among the leaders in various team statistical departments. The non-Ivy leader in forward passing offense is Southern Methodist.

NAVY IS HIGH

Noting this somewhat unusual situation, the NCAA statisticians point out that teams somewhat better known in football, notably the three service academies—Navy, Air Force and Army, have compiled somewhat more impressive statistics for two games each.

Leaders among the major teams that have been out twice are Navy in total offense and forward passing, Navy and Air Force tied in scoring, Georgia Tech in total defense and rushing defense and The Citadel in pass defense.

Navy's strong offensive showing is due largely to the passing of quarterback Roger Staubach, the individual leader in total offense and No. 2 in passing. The Midshipmen have gained 484 yards—486 by passing—for an average just 10 points below Penn's 452 yards for one game against Lafayette. Navy and Air Force have scored 79 points each in two games.

Liske Takes Early Lead As Passer

NEW YORK (AP)—Penn States Pete Liske, with a slight edge over Navy's Roger Staubach leads the nation's major college passers.

Staubach, however, is ahead in total offense.

Both Staubach and Liske have passed 39 times, with the Penn State quarterback having 30 completions for 288 yards; the Navy field general has completed 29 for 377 yards.

Liske has thrown three touchdown passes, Staubach one.

The figures were released Tuesday by the NCAA service bureau.

GRID CHOICES FOR WEEKEND ARE DECIDED

By HAROLD CLAASSEN
Associated Press Sports Writer
NEW YORK (AP)—The trouble in making the weekly college football selections is that not enough of the teams believe what they read. There were 14 such non-conformists last week but 40 others saw the light for a .741 average.

This week's picks: Alabama over Vanderbilt: Joe Namath, Mike Fracchia & Co., should win this one while concentrating on the outcome of the World Series game.

Texas over Oklahoma State: The Longhorns want this one.

BANKS ON STAUBACH

Northwestern over Illinois: Illinois is on the up-grade but so is Tom Myers, the Northwestern quarterback who already is regarded by many as the best in the land.

Navy over Michigan: Another game in which the quarterback may be the decisive factor. In this contest the person is Roger Staubach, the scrambling director of the Navy offense.

George Tech over Louisiana State: This could easily go the other way, especially because it is being played in the Tigers' lair.

SOUTHERN CAL, PITT

Southern California over Michigan State: They moved this game from Saturday afternoon to Friday night so that there would be no conflict with the World Series game. The irate Trojans will move the Big Tenners just as easily.

Pittsburgh over California: Fred Mazurek is the answer to Chancellor Litchfield's suggestion to Coach Michelosen that the Panthers should play a more daring and entertaining type of football.

Mississippi over Houston: Without too much trouble.

Duke over Maryland: The game highlights the Tobacco Festival and the nation's television screens.

PICKS LIONS

Penn State over Rice: Penn State has almost as much power and a lot more finesse than a year ago when it was the East's best.

Nebraska over Iowa State: The Cornhuskers veteran lineup includes Dennis Claridge, a quarterback who can do everything even to playing defense.

Ohio State over Indiana: The Buckeye line is too potent.

Arkansas over Texas Christian: The point is that Arkansas lost by a point last weekend and will be out for revenge.

Missouri over Idaho: Almost a walk.

SALTSBURG HI HAS LOST 36

By DAVE LEHERR
HARRISBURG (AP)—They might well call Saltsburg the New York Mets of scholastic football.

The Trojans have lost 36 straight football games since October, 1959, but their fans love 'em.

In fact, it was the townspeople that stopped a threat by school officials last year to discontinue football at the tiny Indiana County school.

The way coach Casey (just like the Mets) Lyle explains it, the Saltsburg booster club just would not let the school give up football.

And despite the 36-game losing streak, Lyle is convinced the fans will stick with the team.

"I think one of the reasons they turn up so faithfully is because they're afraid they'll miss the game we win," Lyle chuckles.

Then turning serious, he added: "We're going to win one this year and then all this will be all over. If we win one we'll win a couple. It's sort of psychological now."

Gopher Grid Great Dies Tuesday Night

ST. PAUL (AP)—Herb Joesting, two-time All-America on University of Minnesota football teams in the mid-1920s, died Tuesday night of a heart ailment at 58.

Joesting became ill while he and his wife were driving home and died after stopping the car. Joesting played fullback in 1925, 1926 and 1927.

He had been with the Minnesota Motor Vehicle Department since 1930 except for leaves of absence to play professional football.

Since 1952, Joesting had been supervisor of deputy registrars in the Motor Vehicle Department.

He was a native of Little Falls, Minn., but grew up in Owatonna, Minn.

NEW YORK (AP)—Hosts for the next three major league All-Star baseball games will be the New York Mets in 1964, the Minnesota Twins in 1965 and the St. Louis Cardinals in 1966.

The sites were picked Tuesday at a meeting of the Major League Executive Council.

ALSTON STICKS WITH PODRES IN 2ND GAME

By CHARLES MAHER
Associated Press Sports Writer
NEW YORK (AP)—Johnny Podres has a history of pitching his best when they flash him the dollar sign.

So, although Podres gave the most atrocious performance of his career only four days ago, Dodger Manager Walter Alton is standing by his earlier decision to start the 31-year-old left-hander Thursday in the second game of the World Series.

In what was billed as a World Series tuneup, Podres was assigned to go five innings Saturday night against the Philadelphia Phillies. Had John been compelled to go the full five, the Phillies might still be batting in the bottom of the fourth.

"I'VE FORGOTTEN IT"

Before he was mercifully excused with two out in the second, the Phils had scored eight runs on 12 hits—two homers, a triple, a double and eight singles.

"You can throw that game out," Podres said today. "I've already forgotten it. The only game I've got time to think about now is Thursday's."

"Every game I go out there and pitch to win. But if I'm going to pitch a game that really means something, I get keyed up a lot more. I seem to find a little extra, throw a little harder."

WON 2 IN '55

Podres beat the Yankees twice in the 1955 World Series, pitching a 2-0 shutout in the seventh game, aided by Sandy Amoros's great one-handed catch. He hasn't pitched against them since the spring of 1957.

"They've got some new guys, like Pepitone and Tresh, that I've never seen before," John said. "But we've got a pretty good book on the Yankee hitters. At least it looks like a pretty good book. I just hope it works as good as it looks."

MANTLE FACES MORE SURGERY

By MIKE RATHET
Associated Press Sports Writer
NEW YORK (AP)—It's "fairly definite" that Mickey Mantle, the New York Yankees' \$100,000-a-year outfielder who has undergone operations ranging from his toes to his tonsils, will be forced into still another right after the World Series.

Official confirmation of the need for an operation on Mantle—for removal of loose cartilage in his left leg—came from Dr. Sidney Gaynor, only hours before the 31-year-old slugger was scheduled to lead the Yankees onto the field for the Series' opener against the Los Angeles Dodgers.

Dr. Gaynor said that if Mantle underwent surgery immediately after the Series, he would have three months in which to recuperate before spring training and "we would expect him to be back in top physical condition by then."

Mantle, who has undergone a series of operations during an injury-plagued 13-year major league career, discussed the damaged leg in the Yankee dressing room before taking his final workout.

"If it doesn't get any better, it'll have to be operated on," admitted Mantle. "It's been getting stronger day by day, but as it stands now, we think it's going to be operated on."

Hanover Jayvees Top Littlestown

Hanover High School's heavier junior varsity football squad ran rough shod over the Littlestown Jayvees 32-7 at Littlestown Tuesday afternoon.

Carroll Rebert ran the first three touchdowns for Hanover on sprints of six, six and five yards. Jim Bittinger added the next score on an 11-yard run and Bittinger passes to Dave Lamb on a 20-yard scoring pass play.

Tommy Fox plunged over from the three for Littlestown in the last period and Bruce Crouse ran for the extra point.

Littlestown will host Gettysburg next Monday evening at 8 o'clock. Score by periods:

Hanover 7 12 13 0—32

Littlestown 0 0 0 0—7

Touchdowns: Hanover, Rebert 3, Bittinger, Lamb; Littlestown, Fox, PAT, Scott Bair 2, placekicks; Crouse, run.

Speedway Offers Racing On Sunday

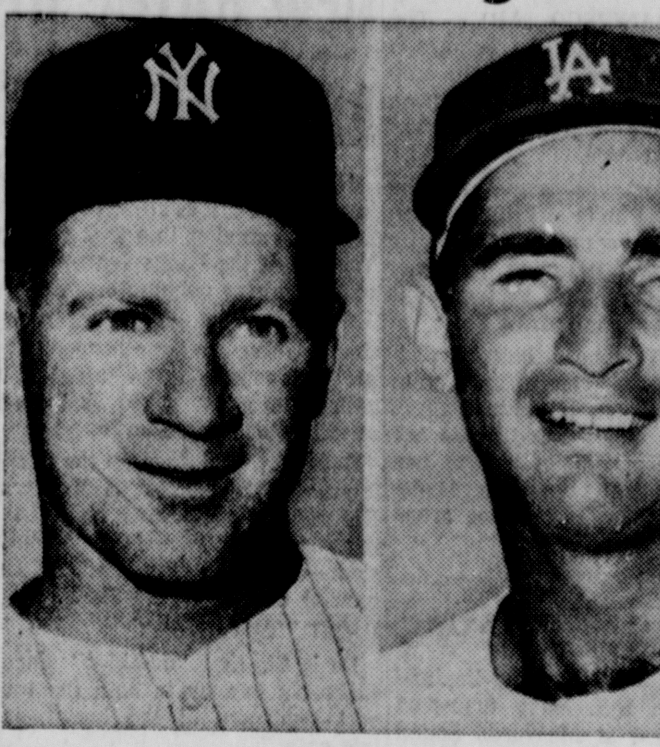

The sportsman-modified-late model stock car stars will return to the Lincoln Speedway Sunday afternoon at 2 o'clock.

Bud Folkert, Bobby Abel, Neil Haight, Gene Goodling, present point leader; Diz Dean, Willie Musselman, Ronnie Cranston, Pete Kantorsky are among the many top stock pilots that will answer the starter's green flag.

HOUK, ALSTON ARE SIZING UP TEAM CHANCES

By JIM BECKER
Associated Press Sports Writer
NEW YORK (AP)—What did Walter Alton of the Dodgers say to Manager Ralph Houk of the Yankees today, just before the World Series started?

"Good to see you Ralph," he said, "and the best of luck."

But was this what he was really thinking?

"Hah, good to see him. He's got Mantle healthy, and Maris healthy, and that damn infield and that outfield. You can't get a ball through the infield, and with that outfield you're lucky to get one base on a single. Then he has Howard catching, and he starts Whitey Ford in the first game. We may not get five runs all week."

HOUK'S THOUGHTS

And what does Houk say to Alton?

"Good to see you, Walter, and best of luck."

And is this what he really means?

"Luck, hah. He's got the greatest pitcher in the world, who needs luck? And that Wills and those Davis boys are liable to run us crazy. I've been reading all week about how they don't hit. With that pitching who has to hit? And they hit .251, anyway, and what did we hit? A robust .252, that's what. One percentage point, and you read in the papers that we're big monsters picking on the Little Leaguers."

BYRD PROMISES OPEN HEARINGS ON TAX BILL

WASHINGTON (AP)—Chairman Harry F. Byrd of the Senate Finance Committee says he may open public hearings next week on President Kennedy's tax cut bill.

Indications are, however, that lengthy committee deliberations and a decision to seek Senate action first on controversial civil rights legislation will delay final congressional action until early next year.

Senate Democratic leaders made plain Tuesday they planned to bring the civil rights bill up for a Senate vote before the tax cut measure which was passed last week in the House.

DELAYED BY CIVIL RIGHTS

The civil rights bill is expected to touch off a battle that almost certainly will include a lengthy Southern filibuster against the bill. Thus even if the Senate Finance Committee moves quickly on the tax bill, the Senate would be unable to consider it until it disposes of civil rights.

Byrd, a Virginia Democrat, said Secretary of the Treasury Douglas Dillon would be leadoff witness at the tax bill hearings. His announcement came Tuesday after his committee voted 11 to 4 against a move by Sen. Paul Douglas, D-Ill., to speed up hearings.

"It's a very unfortunate decision," Douglas said. "In effect, we will have no tax bill this year."

DIRKSEN PREDICTION

Sen. Everett M. Dirksen of Illinois, the Senate Republican leader and a Finance Committee member, said the committee's vote meant the bill would not be ready for floor action until Christmas.

One factor in drawing out the committee's work, Dirksen noted, is that 75 amendments—most of them rejected in the House—are expected to be offered to the tax measure.

The decision to put civil rights ahead of a tax cut was revealed by Sen. Hubert H. Humphrey of Minnesota, the assistant Senate Democratic leader, after Democratic congressional leaders met with the President.

Humphrey told a news conference that political considerations dictated action on civil rights first.

Berber Mutineers Dig In On Ridges

RECOGNITION OF DOMINICAN SETUP URGENT

SANTO DOMINGO, Dominican Republic (AP)—Leaders in the Dominican Republic say the country will be bankrupt in three months if the United States and other American nations do not accept the regime that ousted President Juan Bosch.

"From a psychological point of view, maybe we'll last only one month," a high-level government official said in an interview. "Public opinion will deteriorate if we fail to get diplomatic recognition and you might see an uprising inside 30 days. Then we'd get a military dictatorship or a Communist takeover."

Officials in the provisional government, businessmen and foreign diplomats, agree that the Dominican future rests in U.S. hands. No one consented to be quoted by name.

NEARLY OUT OF MONEY

Dr. Jose Antonio Bonilla Atiles, ambassador-designate to the United States, flew to Washington on Tuesday in an attempt to get the Dominican Republic invited back into the family of Western Hemisphere nations and win restoration of \$50 million a year in U.S. aid.

Government and business leaders attributed the dismal outlook primarily to the cutoff of substantial private investment funds and U.S. aid programs after the military coup a week ago.

They cited these other factors: The government has barely enough money to keep it running until Dec. 31.

UNEMPLOYMENT UP

Unemployment in a labor force of about 450,000 has roughly doubled in the last year and stands at 30 per cent. Tourist traffic dropped sharply after the coup.

The military force and national police are a heavy drain on the economy. A reduction of the men in uniform would mean greater unemployment.

Dr. Warren Bilkey, an economist on leave from the University of Notre Dame while working as an adviser to the Dominican government, said an investment incentive law is sorely needed.

Dominican experts trace the dire financial situation to the Trujillo dictatorship. But they say the situation became worse during Bosch's seven-month rule.

Civilian observers are keeping a close eye on Elias Wessin y Wessin, a Cuban-born military man, the most powerful military man.

The vessels collided Tuesday in heavy fog between Midland and Shippingport near the Ohio State line.

Twelve other persons were aboard the ferry which was loaded with eight autos. They escaped with no injuries or minor injuries.

The missing men, both engineers at Crucible Steel Co. at Midland, were on their way to work.

NONCATHOLICS PRAISE POPE'S UNITY EFFORTS

By JOHN GALE

Associated Press Staff Writer
VATICAN CITY (AP)—Many non-Catholic observers at the Vatican Ecumenical Council are deeply impressed by the efforts of Pope Paul VI to continue the drive toward Christian unity started by Pope John XXIII.

Sixty-three delegates from 21 non-Catholic church bodies have privileged seats inside St. Peter's Basilica when the 2,500 council fathers meet.

The new Pontiff obviously made a mark when he said at the resumption of the council Sunday:

ASKS FORGIVENESS

"If we are in any way to blame for... separation, we humbly ask God's forgiveness and ask pardon, too, of our brethren who feel themselves to have been injured by us."

Said the Rev. Dr. Harold De Soysa, Anglican archdeacon of Colombo, Ceylon: "That was far more than any Pope has said before."

The Rev. Albert C. Outler, American delegate from the World Methodist Council, commented: "I think it was a splendid statement of the spirit of Pope John and a new level of precision and direction has been given to the program of work for the pontificate of Pope Paul."

Canon Peter John Mann of the Old Catholic Church (Union of Utrecht) termed the Pope's speech "very encouraging."

COUNCIL APPROVAL

The observers Tuesday night had their first meeting in nine months with members of the Vatican Secretariat for Promoting Christian Unity. They were invited to make observations on the schema or topic redefining in detail the nature of the Catholic church. The council overwhelmingly approved the schema as a basis for debate on its individual clauses.

A Yugoslav bishop suggested today that a special commission be created within the Vatican Curia to study modern atheism.

COMBAT ATHEISM

Bishop Franjo Franic of Split told the daily working session in St. Peter's Basilica that the commission would be a clearing house to help Roman Catholic bishops throughout the world combat atheism.

The Yugoslav was one of 15 prelates—cardinals, archbishops who spoke on the first chapter of a four-chapter document concerning the church, "De Ecclesia."

The document redefines the nature of the Roman Catholic Church and the image it has of itself.

A council spokesman gave newsmen the gist of the remarks of Bishop Franic and other speakers.

Negroes Boycott Cambridge Vote

CAMBRIDGE, Md. (AP)—"We'll have to start all over again so to speak," said Mayor Calvin W. Mowbray of Cambridge after a town charter amendment to open restaurants, motels and hotels to Negroes was defeated.

The equal public accommodations amendment lost 1,994 to 1,720 in Tuesday's referendum with 60 per cent of the town's Negro voters staying away from the polls.

The city council adopted the amendment as part of an attempt to end anti-segregation demonstrations that erupted into violence in this city of 12,600 last summer. Opponents petitioned the amendment to public referendum.

"The obvious thing is that the Negroes did not vote," said city attorney C. Awdry Thompson.

Mrs. Gloria Richardson, chairman of the militant Cambridge Non-Violent Action Committee, had urged Negroes to boycott the polls, contending they should not be required to vote on a right that was inherently theirs.

TOBIAS WINS TITLE

MECHANICSBURG — Dick Tobias has clinched the 1963 modified point championship at Williams Grove Speedway. It is now impossible for Leroy Felty, the second place runner, to catch Tobias. His third place finish last week coupled with Felty's failure to finish the 26-lap feature enabled the Lebanon pilot to capture the laurels.

SHORTAGE OF WATER CAUSES "EMERGENCY"

HARRISBURG (AP)—Gov. Scranton's office reported today he has declared a state of extreme emergency in various sections of the Commonwealth because of severe water shortages.

In an official proclamation, the governor said:

"Investigation made at my direction has disclosed the fact that the current, long-continued period of unusually dry weather has resulted, or is likely to result, in critical shortages of public water supplies in a number of Pennsylvania communities."

The governor said that the water shortages "seriously and adversely" have affected the health and welfare of a number of people in various sections of the state.

AREAS NOT NAMED

However, Scranton named no specific communities in his proclamation.

The governor's proclamation authorizes stricken areas to adopt and enforce water use restrictions and enter into agreements or contracts for employment of personnel or purchase of equipment and materials to meet the water emergency.

Tuesday the U.S. Agriculture Department declared 14 Pennsylvania counties eligible for emergency drought aid under the feed grains program.

The 14 counties—the first to be given the special department's special price arrangement in 1963—are Bedford, Blair, Cumberland, Dauphin, Fayette, Franklin, Fulton, Greene, Huntingdon, Juniata, Mifflin, Perry, Somerset and York.

ASKS NATIVES TO 'SELL' STATE

HARRISBURG (AP)—Gov. Scranton has called on Pennsylvanians of all walks of life to become unofficial ambassadors for the commonwealth to carry the state's industrial message across the country.

Scranton made the appeal in a formal kickoff dinner Tuesday night to recruit 100,000 Pennsylvanians for the promotion of economic growth.

Formation of the committee was one of Scranton's key promises during his successful campaign for governor.

"All Pennsylvanians must begin telling the world about Pennsylvania's advantages for business and travel," Scranton told some 250 representatives of business, labor, civic and fraternal organizations.

Another speaker was Frank L. Magee, a Pittsburgh industrialist named by Scranton last month to head up the economic task force.

"This is a selling job," stated Magee. "The quickest road to failure is lack of faith in our state. Our effort is to sell Pennsylvania to Pennsylvanians, and, in turn, to those outside the state."

Roofer Is Charged In Fatal Shooting

PHILADELPHIA (AP)—Louis Lippolis, 28, a Philadelphia roofer, has been taken to Atlantic City jail in Mays Landing, N. J., to face charges resulting from the death of James J. Brown, 27.

Brown, a Philadelphia policeman, was wounded last Aug. 23 while on vacation. He had been paralyzed and died Tuesday in a Philadelphia hospital.

Authorities said he was shot while trying to break up a fight in a parking lot in Egg Harbor Township, N. J.

Lippolis, who was charged with the shooting, had been released in \$2,500 bail on Sept. 18. Tuesday authorities took him to Mays Landing from Camden, N. J., where he was being held in \$15,000 bail on charges of being a fugitive from Philadelphia on burglary charges. He was arrested on that fugitive charge Saturday.

The police are also looking for Francis Higgins, 28, also of Philadelphia, who is free in \$1,000 bail as a material witness in the death of Brown.

CHANGE GRID DATE

PLEASANTVILLE, N.J. (AP)—The Board of Education voted Tuesday night to put off a football game between Pleasantville and Riverside High schools from Friday night to Saturday afternoon.

The police are also looking for Francis Higgins, 28, also of Philadelphia, who is free in \$1,000 bail as a material witness in the death of Brown.

The vote came as a direct result of a night game last Friday between Pleasantville and Middle Township, which ended in fighting that spread to the streets.

VIENNA, Austria (AP)—The West and the Soviet bloc have joined in authorizing the International Atomic Energy Agency to begin a program of control over nuclear reactors in countries receiving aid from the agency.

Purpose of the inspection plan is to prevent nations from using nuclear plants developed with the agency's assistance from producing military materials.

The idea was approved Tuesday at the concluding session of the agency's seventh general conference.

The plan is expected to become effective next year.

BOO BARNETT IN PRINCETON

PRINCETON, N.J. (AP)—Gov. Ross Barnett was shown two faces of Princeton — one polite, the other hostile — when the segregationist Mississippian preached states' rights before a university audience.

During an hour speech and half hour question period before 1,500 persons, Barnett was applauded 32 times. Booing broke out 15 times.

When the governor and his wife arrived on campus, 5,000 demonstrators swarmed around his car chanting integration songs. As the Barnetts walked the 10 yards from their car to Alexander Hall behind a screen of 36 state troopers, the chanting gave way to jeers and catcalls.

BOOED BY 2,000

Again when he left the hall, Barnett was booed by 2,000 demonstrators.

Barnett and his wife, who wore a Confederate flag in her lapel, smiled but made no gestures to the demonstrators.

In his speech, Barnett characterized civil rights agitation as the work of "selfish politicians of both parties in their mad scramble for votes."

"There are too many selfish, meanly-mouthed, pussy-footing, fence-riding politicians who are selling the American people down the river for their own personal political ambitions and gains," he said.

Those who enroll by mail may go directly to the assigned classrooms.

VARIETY OF CRAFTS

Mr. Corbin said that in other years scattered interest has been shown in a variety of crafts. This semester a newly-installed crafts room in the junior high school is available for adult evening school use. This room contains equipment for a variety of crafts to be offered simultaneously. These crafts, under the direction of Gary Bechtel, will include leather tooling and carving, ceramic slip casting, metal etching and enameling, wood carving, block printing and letter press work, plastics and mosaic tile craft.

Other courses being offered for the first semester include art, bookkeeping, drafting, history, languages, mathematics, science, sewing shop, shorthand, typewriting, safety courses and music.

U.S. - Russia Consular Treaty Being Discussed

By ENDRE MARTON

WASHINGTON (AP)—The United States and the Soviet Union are quietly negotiating a consular treaty which could chip more frost from the Cold War and ultimately aid in any increased U.S.-Soviet trade.

The talks are under way in Moscow against a background of heightened American interest in trade with the Soviet Union. The administration is considering the possibility of selling wheat to the Soviets, a transaction some feel could be the first step in freer American-Soviet trade relations.

The proposed treaty would enable each of the two countries to open consulates in cities outside each other's capital.

UP TO SENATE

If an agreement is reached, the Senate would have to ratify the pact before it could become effective, just as in the case of the limited nuclear test ban treaty.

Generally the job of a consulate is to look after the interests of its citizens traveling or doing business abroad. Although embassies have taken over some of these commercial functions, an embassy's chief mission is to represent its country in dealings with a foreign power.

Ward M. Cameron, an assistant legal adviser of the State Department, is conducting the talks with the Soviet foreign ministry. He left for Moscow after the Soviet Union recommended Sept. 14 that legal experts of the two foreign offices discuss the issue.

HAD NO PACT

Although talks between President Franklin D. Roosevelt and Soviet Foreign Commissar Maxim Litvinov, which led to U.S. recognition of the U.S.S.R. proposed a consular treaty, no pact was ever concluded.

Nevertheless, the two powers had consular relations for a while. In 1941, the United States set up a consular office in Vladivostok, the big Soviet Pacific coast port, and got permission in 1947 to open one in Leningrad. The latter was never opened, however.

In the mid-1930s, the Russians opened offices in New York, San Francisco and Los Angeles.

CLOSED IN 1940

The three Soviet consulates here and the American one in Vladivostok were closed in 1948, the year of the Berlin blockade and the Soviet bloc's campaign against Yugoslavia's Tito. The immediate reason of the closings, however, was the desperate escape from Moscow's New York consulate of Oksana S. Kasenkina, a Soviet teacher, who leaped from a third-floor window to avoid returning to the Soviet Union.

When Soviet Premier Khrushchev visited with President Eisenhower at Camp Davis in 1959, the two briefly touched on the possibility of a consular agreement.

IN "DEEP FREEZE"

The U2 spy plane incident put

the issue into the deep freeze and although it was revived in 1962 when the United States prepared a draft of an agreement and sent it to Moscow, it remained virtually dormant until last summer.

When Secretary of State Dean Rusk visited the Soviet capital to sign the limited nuclear test-ban treaty, he brought up the question again. The Russians were interested — and sent the invitation which resulted in the dispatch of Cameron.

Antidigit Dialing League Wins Round

SAN FRANCISCO (AP) — The Pacific Telephone & Telegraph Co. was ordered Monday to stop converting any more telephone numbers to all-number dialing until further notice.

The order was issued by the California Public Utilities Commission on a complaint issued by the Antidigit Dialing League. The league contends that all-digit dialing is "dehumanizing."

Pacific Telephone has converted about 67 per cent of its system in California to all-digit dialing. The major unconverted areas are San Francisco, about half of Los Angeles, and a few outlying spots. The order does not affect areas already converted.

OUTSIDER IS NEW CHIEF OF PENNSY TODAY

NEW YORK (AP)—A bustling lawyer with a sparkling record as head of a smaller line took charge Tuesday of the Pennsylvania Railroad, industry behemoth.

In a break with tradition, Pennsy directors have tapped Stuart T. Saunders, 54, to guide their railroad in a time when the future is full of question marks.

Saunders, who gave up the presidency of the Norfolk & Western Railway, a prosperous coal-hauling road, is regarded as an outsider—despite a big Pennsy financial interest in the N&W.

FIRST "OUTSIDER"

He is the first "outsider" since railroad's infancy to hold the top post—chairman of the board, in this case.

He also is the first Pennsy chief executive in generations who did not rise from railroad operating ranks.

Short, stocky and balding, Saunders belongs to the deal-making, sales-generating "new breed" of railroad leaders.

He had a flair for mergers at the N&W, consummating an outstandingly successful one and nursing a second close to fruition.

TO STEER MERGER

A prime problem in the new job will be steering to completion the pending merger of the Pennsy and the third-ranking New York Central into a 20,000-mile, \$4 billion assets unified system.

Another will be to jack up faltering earnings. The Pennsy ran \$3.2 million into the red in 1962.

Test Ban Treaty OK'd By Scranton

PHILADELPHIA (AP) — Gov. William Scranton says he favors the limited nuclear test ban treaty, but adds he hopes it doesn't lull America into thinking the cold war is thawing.

Speaking at the convention of the National Guard Association of the United States Monday, he said he was happy to see the Senate ratify the treaty.

"However, I feel, as I am sure most of you feel, that perhaps it might have been altered and improved during the negotiating stage, but it was not—maybe for good reasons—and maybe for reasons that were not so good," said the governor.

on revenue volume of \$850 million but showed a profit after taking subsidiaries into account.

Before taking over, Saunders vowed only to step up freight sales and service and designated a law aide at the N&W, A. Paul Funkhouser, as a Pennsy assistant vice president, to ride herd on the merger.

Pennsy stockholders obviously hoped to see him pull some rabbits out of his hat.

During five years under Saunders, N&W profit jumped nearly 20 per cent (to \$65.4 million in 1962) without any increase in revenues.

Elected to the new post last June, Saunders took over from James M. Symes, 66, who had headed the Pennsy as president and board chairman since 1954.

With his apparent approval, David E. Smucker, 56, was named last week as vice president-operations. Smucker had been president of the Detroit, Toledo and Ironton Railroad, a Pennsy family line.

LILLIAN REIS IS ACQUITTED ON ALL COUNTS

PHILADELPHIA (AP)—Lillian Reis, who was acquitted Monday of charges resulting from a raid on her night club, also learned the date of her next trial, in a Pottsville burglary case.

Miss Reis will go on trial in Pottsville Nov. 8. She is accused of masterminding the burglary at the home of coal operator John B. Rich. Three other men have been convicted and have appealed.

In Monday's trial in Philadelphia, Miss Reis and three other defendants were cleared of all charges resulting from the April 29 raid on her club, the Celebrity Room.

OTHERS INVOLVED

The other defendants were Gabriel Staino, 34, bartender at the club, Theresa Sands, 24, and Sharon Levin, 22.

Miss Reis was accused of larceny, conspiracy and violation of the liquor laws and of employing females to solicit drinks.

Miss Levin was charged with larceny, assault and battery, conspiracy and soliciting; Miss Sands was accused of assault and battery and conspiracy.

Staino was charged with conspiracy.

The four had been arrested after a patrolman, Frederick Daw, said Staino asked him to buy drinks and Miss Levin solicited him for immoral purposes. He also said \$70 of his money was stolen from the bar.

Miss Reis has already been

Night Takeoffs Banned At Tokyo

TOKYO (AP)—A new rule prohibiting takeoffs and landings between 11 p.m. and 6 a.m. at Tokyo International Airport was declared in effect Tuesday as a concession to people who complained of their sleep being disturbed.

All went well until 4:55 a.m. when Pan American World Airways Flight 845 out of Los Angeles got in more than two hours head of schedule.

An airport official said permission to land was granted because this was the first day, Pan Am apologized.

RIO DE JANEIRO, Brazil (AP)—Brazil's war, air and navy ministers threatened Monday night to take "preventive action" against President Joao Goulart's economically and politically troubled government may fall before the end of the year.

Gov. Carlos Lacerda of Guanabara, bitter political foe of Goulart, made the prediction in an interview with Julian Hartt, correspondent of the Los Angeles Times. His story was published here Monday.

The three ministers issued a communique accusing the governor as people with backbones, incapable of guiding itself without foreign tutors and delivered to a band of Communist spoilers.

tried once in the Pottsville case, but the jury could not agree on a verdict. Legal delays have held up the second trial.

Police witnesses and others testified at the previous trial that nearly half a million dollars was stolen. Rich said \$20,000 in cash and jewels was missing.

COUPLE FAILS TO RECONCILE

ZURICH, Switzerland (AP) — A court attempt to reconcile typewriter heiress Gamble Benedict Porumbeanu and her ex-chauffeur husband Andre failed Tuesday after a two-hour closed session.

Gamble, 22, asked the court for a legal separation. She charged her 37-year-old, Romanian-born husband with adultery, neglecting his family and squandering part of the \$20 million Remington typewriter fortune she inherited from her stepgrandmother, Mrs. Katherine Geddes Benedict, of New York.

She also asked full custody of their two children.

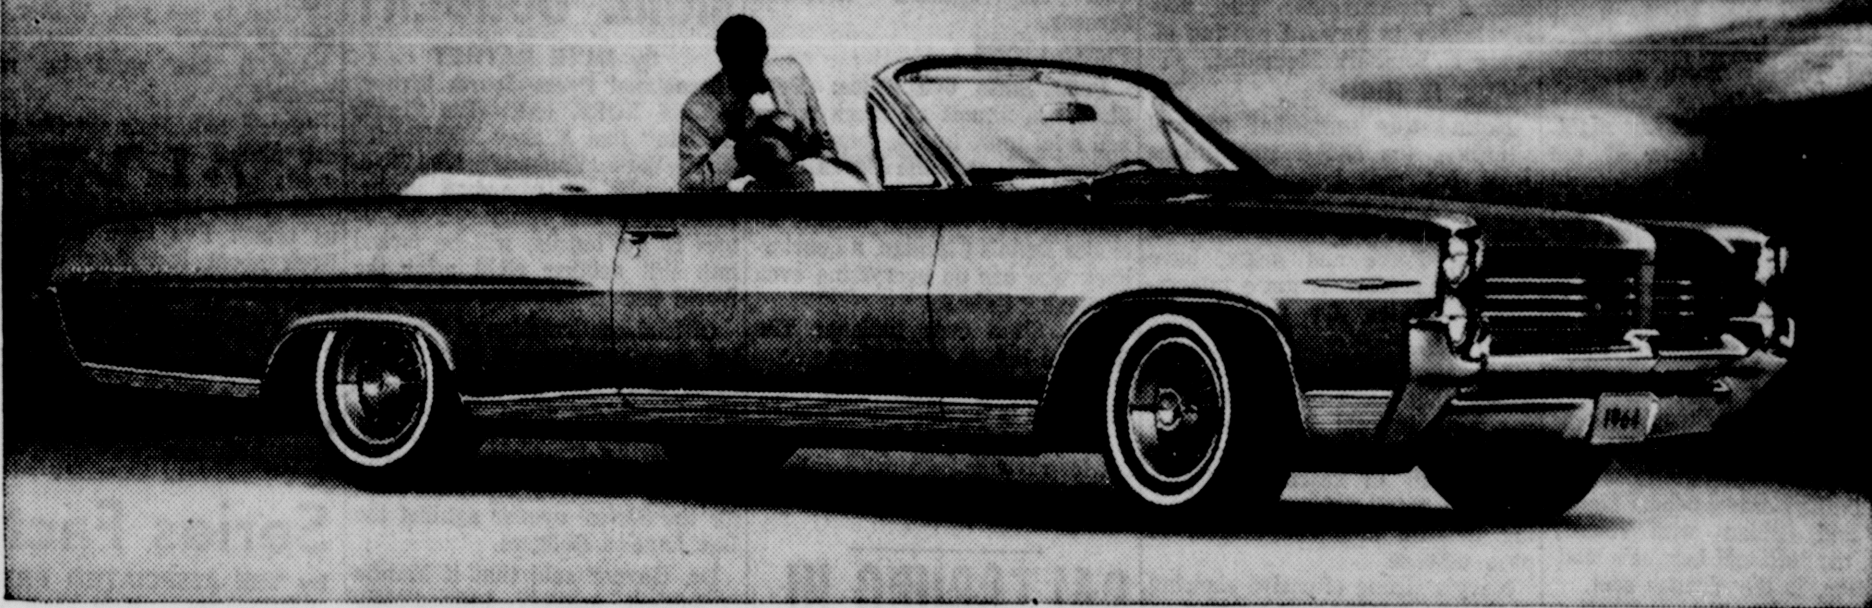

Gamble's attorney, Eugen Curti, said nothing had been settled. He said the hearing was broken off at the request of Porumbeanu's lawyer, who said he wanted to study the evidence.

Curti said another hearing would be necessary, at the request of Porumbeanu's lawyer, but the couple would not have to be present. He said proceedings in Gamble's separate divorce suit probably would not begin before Christmas.

Gamble and Porumbeanu eloped and were married in April 1960 over the opposition of Mrs. Benedict and a court order forbidding them to see each other.

PRESSURE IS HEAVY ON 1ST SERIES GAME

By JOE REICHLER
Associated Press Sports Writer

NEW YORK (AP)—Pounds of extra World Series pressure weighed heavily on the shoulders of opening game pitchers Whitey Ford of New York and Sandy Koufax of Los Angeles today because of unusual importance attached to the first game of the 1963 post-season classic.

Most experts agree pitching will be more of a dominating factor in this series than in any inter-league October clash since World War II. They point to the comparatively light team batting averages, .252 for the Yankees to .251 for the Dodgers, and the presence of only three .300 hitters—Tommy Davis, Maury Wills and Mickey Mantle—in the lineups.

A contributory factor is the determination of both managers to stick with three-starting pitchers regardless of the length of the series. This means that should the series go seven games, as have all since 1953 except the 1959 and 1961 series, Ford and Koufax will probably face each other three times.

PSYCHOLOGICAL EDGE

Thus the winner of the first Ford-Koufax duel—before some 70,000 at Yankee Stadium—would have a vast psychological as well as an actual edge.

The odds favored Ford at 6-5, with the Yankees a 7½-to-5 favorite to gain their seventh triumph in eight World Series meetings with the Dodgers. The perennial American League champions have a 20-7 record in Series play, compared to 2-8 for the Dodgers.

Both clubs presented predominantly right-handed line-ups against the left-handed slants of Ford and Koufax.

McMULLEN ON BENCH

The only southpaw swingers, aside from Ford, in the Yankee batting order, were shortstop Tony Kubek, first baseman Joe Pepitone and right fielder Roger Maris. Switch hitters Mickey Mantle and Tommy Tresh naturally batted right-handed.

At a late hour Tuesday night, Manager Walter Alston of the Dodgers had just about decided to keep Ken McMullen, the injured rookie third baseman, on the bench, playing Dick Tracewski at second and switching Jim Gilliam to third. McMullen pulled a hamstring muscle in his right leg last week.

DAVIS 3RD

Alston promoted Willie Davis, the hottest hitting Dodger in September, from seventh to third spot in the batting order, behind Maury Wills and Gilliam with Tommy Davis, the National League's leading hitter, in the cleanup spot.

Bill Skowron, the ex-Yankee, was at first base, batting sixth behind the right-handed hitting Frank Howard. He was followed by Tracewski, John Roseboro and Koufax.

The Yankees had the same lineup that played all season when Mantle and Maris were in there. Mickey batted fourth behind Tresh and in front of Maris, Kubek and Bobby Richardson batted one, two and Elston Howard, Pepitone, Cleto Boyer and Ford comprising the bottom half of the order.

RING MAGAZINE GIVES RATINGS

NEW YORK (AP)—Hiroyuki Ebihara's first-round knockout of flyweight champion Pone Kingpetch earned the young Japanese the "Fighter of the Month" award from Ring Magazine today.

The dethroned Pone of Thailand was dropped to No. 2 contender in the 112-pound division, a notch behind Italy's Salvatore Burroni.

Two changes were made in the heavyweight division's top ten. Eddie Machen, former top-ranking contender who had been out of action for more than a year because of mental illness, resumed activity with a knockout of Willie Wilson. Machen, of Los Angeles, was given the No. 8 ranking.

Argentina's Gregorio Peralta made the ratings for the first time on the strength of his victory over light heavyweight champion Willie Pastrano in a non-title bout. Peralta was ranked 10th.

BURY MRS. UTZ

Funeral services for Mrs. Verdie M. (Garwick) Utz, 87, wife of Thomas E. Utz, who died on Monday at the home of her son and daughter-in-law, Mr. and Mrs. George E. Utz, Westminster, were conducted this afternoon at 1:30 p.m. from Little's Funeral Home, Littlestown. The Rev. Dr. George E. Bowersox, Hanover, retired Lutheran minister. Burial was in St. Bartholomew's Church Cemetery, West Manheim Twp. The pallbearers were six nephews of the deceased: LeRoy Garwick, Oscar Garwick, Hilbert Garwick, Ivan Garwick, Wilbur Nace and Oscar Nace.

Bullets Dominate In MAC Passing

Bob Laughton of Bucknell moved out in front in rushing and total offense. Gettysburg players dominate the passing ranks and Joe Slobojan of Delaware claimed the scoring lead as the Middle Atlantic Conference's University Division football race moved into full swing last weekend.

Laughton accounted for 108 yards rushing in his lone conference game thus far, tops for any division player. Jim Ward of Gettysburg piled up the most yards passing, 90, while teammate Dale Boyd heads the pass receiving ranks with four catches for 64 yards. Don Rogers of Bucknell has the most completed passes, 9, for 59 yards.

Slobojan led his team to a decisive victory over Lehigh with a 12-point effort.

In team statistics, Delaware leads in rushing, total offense, total defense, pass defense and scoring, while Bucknell leads in rushing defense and Gettysburg in punting and pass offense.

Vance Johnston of the Bullets is the punting leader with an average of 40.3 yards on three kicks.

IVY LEAGUE TEAMS TOPPING GRID FIGURES

NEW YORK (AP)—There's a distinct Ivy League tinge in the first set of team football statistics issued this season by the NCAA Service Bureau.

After just one game each, Pennsylvania is the national pass college leader in total offense, rushing offense and scoring. Princeton leads in total defense and rushing defense and Cornell in punting.

Rutgers, a favorite playmate of the Ivies, is tops in forward pass defense and Columbia, Harvard, Dartmouth and Yale are among the leaders in various team statistical departments. The non-Ivy leader in forward passing offense is Southern Methodist.

NAVY IS HIGH

Noting this somewhat unusual situation, the NCAA statisticians point out that teams somewhat better known in football, notably the three service academies—Navy, Air Force and Army, have compiled somewhat more impressive statistics for two games each.

Leaders among the major teams that have been out twice are Navy in total offense and forward passing, Navy and Air Force tied in scoring, Georgia Tech in total defense and rushing defense and The Citadel in pass defense.

Navy's strong offensive showing is due largely to the passing of quarterback Roger Staubach, the individual leader in total offense and No. 2 in passing. The Midshipmen have gained 884 yards—486 by passing—for an average just 10 points below Penn's 452 yards for one game against Lafayette. Navy and Air Force have scored 79 points each in two games.

Liske Takes Early Lead As Passer

NEW YORK (AP)—Penn State's Pete Liske, with a slight edge over Navy's Roger Staubach, leads the nation's major college passers.

Staubach, however, is ahead in total offense.

Both Staubach and Liske have passed 39 times, with the Penn State quarterback having 30 completions for 288 yards; the Navy field general has completed 29 for 377 yards.

Liske has thrown three touchdown passes, Staubach one. The figures were released Tuesday by the NCAA service bureau.

GRID CHOICES FOR WEEKEND ARE DECIDED

By HAROLD CLAASSEN
Associated Press Sports Writer

NEW YORK (AP)—The trouble in making the weekly college football selections is that not enough of the teams believe what they read. There were 14 such non-conformists last week but 40 others saw the light for a .741 average.

This week's picks:
Alabama over Vanderbilt: Joe Namath, Mike Fracchia & Co., should win this one while concentrating on the outcome of the World Series game.

Texas over Oklahoma State: The Longhorns want this one.

BANKS ON STAUBACH

Northwestern over Illinois: Illinois is on the up-grade but so is Tom Myers, the Northwestern quarterback, who already is regarded by many as the best in the land.

Navy over Michigan: Another game in which the quarterback may be the decisive factor. In this contest the person is Roger Staubach, the scrambling director of the Navy offense.

Georgia Tech over Louisiana State: This could easily go the other way, especially because it is being played in the Tigers' lair.

SOUTHERN CAL, PITT

Southern-California over Michigan State: They moved this game from Saturday afternoon to Friday night so that there would be no conflict with the World Series game. The irate Trojans will move the Big Teners just as easily.

Pittsburgh over California: Fred Mazurek is the answer to Chancellor Litchfield's suggestion to Coach Michelosen that the Panthers should play a more daring and entertaining type of football.

Mississippi over Houston: Without too much trouble.

Duke over Maryland: The game highlights the Tobacco Festival and the nation's television screens.

PICKS LIONS

Penn State over Rice: Penn State has almost as much power and a lot more finesse than a year ago when it was the East's best.

Nebraska over Iowa State: The Cornhuskers veteran lineup includes Dennis Claridge, a quarterback who can do everything even to playing defense.

Ohio State over Indiana: The Buckeye line is too potent.

Arkansas over Texas Christian: The point is that Arkansas lost by a point last weekend and will be out for revenge.

Missouri over Idaho: Almost a walk.

SALTSBURG HI HAS LOST 36

By DAVE LEHERR
HARRISBURG (AP)—They might well call Saltsburg the New York Mets of scholastic football.

The Trojans have lost 36 straight football games since October, 1959, but their fans love 'em.

In fact, it was the townspeople that stopped a threat by school officials last year to discontinue football at the tiny Indiana County school.

The way coach Casey (just like the Mets) Lytle explains it, the Saltsburg booster club just would not let the school give up football.

And despite the 36-game losing streak, Lytle is convinced the fans will stick with the team.

"I think one of the reasons they turn up so faithfully is because they're afraid they'll miss the game we win," Lytle chuckles.

Then turning serious, he added: "We're going to win this year and then all this will be all over. If we win one we'll win a couple. It's sort of psychological now."

Gopher Grid Great Dies Tuesday Night

ST. PAUL (AP)—Herb Joesting, two-time All-America on University of Minnesota football teams in the mid-1920s, died Tuesday night of a heart ailment at 58.

Joesting became ill while he and his wife were driving home and died after stopping the car. Joesting played fullback in 1925, 1926 and 1927.

He had been with the Minnesota Motor Vehicle Department since 1930 except for leaves of absence to play professional football.

Since 1952, Joesting had been supervisor of deputy registrars in the Motor Vehicle Department. He was a native of Little Falls, Minn., but grew up in Owatonna, Minn.

ALSTON STICKS WITH PODRES IN 2ND GAME

By CHARLES MAHER
Associated Press Sports Writer

NEW YORK (AP)—Johnny Podres has a history of pitching his best when they flash him the dollar sign.

So, although Podres gave the most atrocious performance of his career only four days ago, Dodger Manager Walter Alston is standing by his earlier decision to start the 31-year-old left-hander Thursday in the second game of the World Series.

In what was billed as a World Series tuneup, Podres was assigned to go five innings Saturday night against the Philadelphia Phillies. Had John been compelled to go the full five, the Phillies might still be batting in the bottom of the fourth.

"I'VE FORGOTTEN IT"

Before he was mercifully excused with two out in the second, the Phils had scored eight runs on 12 hits—two homers, a triple, a double and eight singles.

"You can throw the game out," Podres said today. "I've already forgotten it. The only game I've got time to think about now is Thursday's."

"Every game I go out there and pitch to win. But if I'm going to pitch a game that really means something, I get keyed up a lot more. I seem to find a little extra, throw a little harder."

WON 2 IN '55

Podres beat the Yankees twice in the 1955 World Series, pitching a 2.0 shutout in the seventh game, aided by Sandy Amoros' great one-handed catch. He hasn't pitched against them since the spring of 1957.

"They've got some new guys, like Pepitone and Tresh, that I've never seen before," John said. "But we've got a pretty good book on the Yankee hitters. At least it looks like a pretty good book. I just hope it works as good as it looks."

MANTLE FACES MORE SURGERY

By MIKE RATHET
Associated Press Sports Writer

NEW YORK (AP)—It's "fairly definite" that Mickey Mantle, the New York Yankees' \$100,000-a-year outfielder who has undergone operations ranging from his toes to his tonsils, will be forced into still another right after the World Series.

Official confirmation of the need for an operation on Mantle—for removal of loose cartilage in his left leg—came from Dr. Sidney Gaynor, only hours before the 31-year-old slugger was scheduled to lead the Yankees onto the field for the Series' opener against the Los Angeles Dodgers.

Dr. Gaynor said that if Mantle underwent surgery immediately after the Series, he would have three months in which to recuperate before spring training and "we would expect him to be back in top physical condition by then."

Mantle, who has undergone a series of operations during an injury-plagued 13-year major league career, discussed the damaged leg in the Yankee dressing room before taking his final workout.

"If it doesn't get any better, it'll have to be operated on," admitted Mantle. "It's been getting stronger day by day, but as it stands now, we think it's going to be operated on."

Hanover Jayvees Top Littlestown

Hanover High School's heavier junior varsity football squad ran rough shod over the Littlestown Jayvees 32-7 at Littlestown Tuesday afternoon.

Carroll Rebert ran the first three touchdowns for Hanover on sprints of six, six and five yards. Jim Bittinger added the next score on an 11-yard run and Bittinger passes to Dave Lamb on a 20-yard scoring pass play.

Tommy Fox plunged over from the three for Littlestown in the last period and Bruce Crouse ran for the extra point.

Littlestown will host Gettysburg next Monday evening at 8 o'clock.

Score by periods:
Hanover 7 12 13 0-32
Littlestown 0 0 0 0-7
Touchdowns: Hanover, Rebert 3, Bittinger, Lamb; Littlestown, Fox, PAT, Scott Bair 2, placekicks; Crouse, run.

The sportsman-modified-late model stock car stars will return to the Lincoln Speedway Sunday afternoon at 2 o'clock.

HOUK, ALSTON ARE SIZING UP TEAM CHANCES

By JIM BECKER
Associated Press Sports Writer

NEW YORK (AP)—What did Walter Alston of the Dodgers say to Manager Ralph Houk of the Yankees today, just before the World Series, started:

"Good to see you Ralph," he said, "and the best of luck."

But was this what he was really thinking?

"Hah, good to see him. He's got Mantle healthy, and Maris healthy, and that damn infield and that outfield. You can't get a ball through the infield, and with that outfield you're lucky to get one base on a single. Then he has Howard catching, and he starts Whitey Ford in the first game. We may not get five runs all week."

HOUK'S THOUGHTS

And what does Houk say to Alston?

"Good to see you, Walter, and best of luck."

And is this what he really means?

"Luck, hah. He's got the greatest pitcher in the world, who needs luck? And that Wills and those Davis boys are liable to run us crazy. I've been reading all week about how they don't hit. With that pitching who has to hit? And they hit .251, anyway, and what did we hit? A robust .252, that's what. One percentage point, and you read in the papers that we're big monsters picking on the Little Leaguers."

BYRD PROMISES OPEN HEARINGS ON TAX BILL

WASHINGTON (AP)—Chairman Harry F. Byrd of the Senate Finance Committee says he may open public hearings next week on President Kennedy's tax cut bill.

Indications are, however, that lengthy committee deliberations and a decision to seek Senate action first on controversial civil rights legislation will delay final congressional action until early next year.

Senate Democratic leaders made plain Tuesday they planned to bring the civil rights bill up for a Senate vote before the tax cut measure which was passed last week in the House.

DELAYED BY CIVIL RIGHTS

The civil rights bill is expected to touch off a battle that almost certainly will include a lengthy Southern filibuster against the bill. Thus even if the Senate Finance Committee moves quickly on the tax bill, the Senate would be unable to consider it until it disposes of civil rights.

Byrd, a Virginia Democrat, said Secretary of the Treasury Douglas Dillon would be leadoff witness at the tax bill hearings. His announcement came Tuesday after his committee voted 10 to 4 against a move by Sen. Paul Douglas, D-Ill., to speed up hearings.

"It's a very unfortunate decision," Douglas said. "In effect, we will have no tax bill this year."

DIRKSEN PREDICTION

Sen. Everett M. Dirksen of Illinois, the Senate Republican leader and a Finance Committee member, said the committee's vote meant the bill would not be ready for floor action until Christmas.

One factor in drawing out the committee's work, Dirksen noted, is that 75 amendments—most of them rejected in the House—are expected to be offered to the tax measure.

The decision to put civil rights ahead of a tax cut was revealed by Sen. Hubert H. Humphrey of Minnesota, the assistant Senate Democratic leader, after Democratic congressional leaders met with the President.

Humphrey told a news conference that political considerations dictated action on civil rights first.

Berber Mutineers Dig In On Ridges

ALGIERS (AP)—Berber mutineers manned cannon on Algerian mountain ridges today, vowing to defy President Ahmed Ben Bella even at the cost of civil war.

Col. Mohand ou el Hadj, military commander of the anti-Ben Bella uprising, told newsmen he would like to avoid a clash but would not hesitate to fire if fired on.

Newsman traveling to the dissident Kabylie area east of Algiers saw mutinous troops haul Chinese-made cannon up the mountain sides while infantry soldiers were digging in.

The last of the French settlers faced ouster from their farms as Ben Bella nationalized their land in an effort to rally hungry peasants to his defense.

Fireman Misses Pole, Breaks Leg

PROVIDENCE, R. I. (AP)—Lt. Austin Nagle, 42, reached for his boots Tuesday night as he went to slide down the brass pole to answer a fire alarm. He missed the pole and fell 14 feet to the floor of the broad street fire station. His left leg was fractured.

The fire report was a false alarm.

CATCHING PASSES

HUNTINGTON, W. Va. (AP)—Marshall University's Jim Cure, the top pass receiver among the nation's major college football players, uses a nail file to help him snag passes.

The 6-foot-1, 184-pound junior from Gary, W. Va. files the ends of his fingers with a nail file before each game. This makes the fingers extra sensitive, says Cure.

WINS TITLE; FIRED

INDIANAPOLIS (AP)—Rollie Hemsley, who managed the Indianapolis Indians to the regular season and playoff championships of the International League, was released by the Indians Tuesday.

No explanation for the dismissal was given. Hemsley, 36, was a major league catcher for 20 years and has been a manager or coach since 1949.

SOUTHERN CAL GUARD NAMED TOP LINEMAN

By TED MEIER
Associated Press Sports Writer

NEW YORK (AP)—It was hotter than blazes in Memorial Coliseum at Los Angeles last Saturday where Oklahoma regained national prominence in college football by upsetting Southern California 17-12.

But the 105-degree temperature didn't faze Damon Bame, Southern Cal's All-America guard. The Trojans' first defeat in 13 games couldn't be traced to him. His outstanding performance earned him the nod today as the Lineman of the Week by The Associated Press.

Bame turned in a superb game, one of the best defensive games in USC records. He made five unassisted tackles, nine aided tackles and got assists on 12 others. Coach John McKay could have used some more Bames.

RUNNERS-UP NAMED

Jimmy Jones of Wisconsin and Lee Sampson of New Mexico State both ends, were high up in the voting by sports writers and broadcasters in the weekly AP poll.

Jones caught six passes for 100 yards and made the key play in Wisconsin's winning drive in the closing minutes against Notre Dame. He made a circus catch with one hand good for 16 yards and a first down on the ND 15.

NO CONFIDENCE ATTITUDE DIMS TAX CUT HOPES

By JACK BELL

WASHINGTON (AP)—Kennedy administration leaders abandoned today efforts to speed Senate Finance Committee action on the \$11-billion tax reduction bill and thus retarded its chances of passage this year.

An administration nose count indicated it could not muster a majority within the 17-member committee to strip Chairman Harry F. Byrd, D-Va., of control over the scheduling of hearings on the House-passed measure.

Although Sen. Vance Hartke, D-Ind., had indicated previously he would move for such a showdown today and Byrd was braced for battle, Sen. George A. Smathers, D-Fla., said he did not believe any such challenge would materialize.

FEAR BYRD POWER

Smathers, secretary of the conference of all Democratic senators, said he felt it would be a mistake to try to wrest authority away from the chairman. Byrd opposes tax reduction unless it is accompanied by significant spending cuts.

Byrd said in a separate interview that the House had taken eight months to pass the tax measure and he felt the Senate committee should have a reasonable length of time to consider it.

The chairman plans to start closed-door briefings of committee members by congressional tax experts Thursday. He has made no announcement of public hearings but they may start with a midmonth appearance of Secretary of the Treasury Douglas Dillon.

EYE HOUSE ACTION

What the Senate does about the tax bill appears to be wrapped up in the timing of House action on President Kennedy's civil rights program.

The Finance Committee's hearings could consume two months. But they will grind to a virtual halt if the House gives its expected approval to a civil rights bill and leaders move to bring that measure before the Senate.

Estimates on the timing of House action range from Oct. 15 to Nov. 15, or even later. As matters stand, administration lieutenants lack the votes in the House committee for approval of the full program.

FILIBUSTER LOOMS

Once the bill reaches the Senate, the filibuster fat will be in the fire. This means that for a month — during which some around-the-clock sessions will be held — the Senate will give its almost undivided attention to the matter.

If the administration is to get any action this year, it probably will have to invoke the cloture rule to curb debate. This requires approval of the move by two-thirds of those voting. It will be touch-and-go to apply cloture on even a stripped-down program.

Faced with these prospects, leaders who regard congressional passage of a civil rights bill as imperative are quietly conceding

A Lovelier You

CREEPING WEIGHT. As many a trim lovely has discovered, it is impossible to follow a sensi-

ble eating pattern for years and then—boom—begin to gain weight. Why should this be, if you've lived by the rules?

The most likely answer is the gradual development of an imbalance in one's energy output and calorie intake. Unless the two strike a nice balance, there's bound to be a gain or a drop in weight. We all know that, or should, in this diet-conscious age.

The point we miss is that the balance does not remain static. It changes with a change in our activity. If you move about less now than you once did, you need fewer calories to sustain your energy. And your weight will increase unless you decrease your calorie allotment.

Never fear, the cut need not be painful. Barring a huge gain, it can be accomplished in ways that are scarcely noticeable. For example: Be more than ever sparing of sauces, gravies and butter to dress foods. Become aware of the calories in the dishes you taste while in preparation. Treat cocktail canapes and between-meal tidbits as samplers, not as repasts.

By such ploys you can lower a count by several hundred calories a day. Every thousand saved is a pound saved. It's easy.

Of course, it just might be that an increase in your physical activity would be easier. Give the idea a whirl!

WASHINGTON (AP) — In the news from Washington:

Kennedy said one out of three young men is turned down by draft boards.

SAYS ROCKY IS CANDIDATE

NEW YORK (AP)—Richard M. Nixon says Gov. Nelson A. Rockefeller made it "quite clear" during a chat three weeks ago that he will seek the 1964 Republican nomination for president.

The former vice president says that as a result of the talk he has no doubt that Rockefeller will make the race. Nixon added that he believes Sen. Barry Goldwater of Arizona also will be a candidate for the nomination.

"Both are so heavily committed," he said, "that it will be impossible for them to pull back."

Nixon, the 1960 GOP nominee, told newsmen Rockefeller "implied" that he wanted Nixon's support for the nomination. But, Nixon added: "I am not committed to any candidate at this time."

Asked whether he might emerge as a dark horse candidate if a convention deadlock developed between Rockefeller and Goldwater, Nixon replied:

"I'm not going to be a candidate in 1964. There will be no dark horse candidates. I will support the candidate chosen by the Republican convention."

Nixon added that he will "not be part of any stop-Rockefeller or stop-Goldwater movement."

Father Of Three Held In Theft

WEST CHESTER, Pa. (AP)—A 30-year-old father of three small children faces charges of armed robbery and violation of the Uniform Firearms Act in connection with a \$900 holdup of the Ritter Finance Co. at Oxford.

Nevin E. Lindenmuth, of Bainbridge, was arrested Monday by Quarryville Police Chief Carl Leffever less than 30 minutes after the robbery. The money was recovered.

State police quoted him as saying he took the money to pay bills because the government doesn't pay enough.

Lindenmuth is an employee of the Olmsted Air Force Base, Middletown.

Lindenmuth offered no resistance when flagged down on the road by Leffever. The police chief was alerted by three employees of the finance company who followed the robber.

TWENTY-FIVE YEARS AGO
Local Store Owner Is Wed:
Abraham Harris, proprietor of a Baltimore street department store, was married to Leah Backall, Philadelphia, on September 4, friends disclosed today. The ceremony was performed in Cumberland, Md., by Rabbi Aaron Kefkowitz. Mrs. Harris is the daughter of Abraham Backall, Philadelphia, and Mrs. Harris is the son of Mr. and Mrs. Michael Harris, Philadelphia. The Gettysburg merchant moved here 23 years ago from New Oxford where he had operated a store for a number of years. Mr. and Mrs. Harris will reside in the apartment above the Harris store.

Republicans Hold Lead: Adams county has a registered Republican majority for the first time in 40 years — possibly for the first time in history — it was revealed today with the announcement of the results of the special registration held here. Court House officials said they had no knowledge that the G.O.P. ever before had held the lead in registrations. A hasty search of court house records failed to show any previous year the democrats had not held the edge on registrations. At present — with fall registration not yet complete — the Republicans are approximately 150 ahead, figures announced by Winfield G. Horner, clerk to the county registration commission, revealed. The total registration up to today was approximately 17,900.

New Garbage Ordinance: Finding most prospective collectors of garbage in Gettysburg ready or preparing to comply with the new ordinance, the members of the Gettysburg Board of Health at a conference Wednesday set Oct. 15 as the date for enforcement and moved to familiarize the residents of the town with their duties in regard to garbage containers. Board members pointed out that the new ordinance not only affects garbage collectors but specifies the type of containers householders, hoteliers and others may use for placing the garbage and other refuse at accessible points on collection days.

75th Anniversary Makes Record: More than a million and a half persons visited the Gettysburg battlefield during the travel year that ended September 30. That estimate was telegraphed to the director of the National Park Service at Washington, D. C. late Friday night by James R. McConaghie, park superintendent. The telegram estimated the number of persons visiting the battlefield here between October 1, 1937, and September 30, 1938, as 1,554,234. The estimated number of automobiles for the same period was given at 391,978.

Passes Law Exam: The Pennsylvania board of law examiners reported today that 56.87 per cent of 371 applicants who took examinations last July 28 and 29 will be admitted to practice law. Among the applicants who passed the examination is Edward B. Bulleit, son of Mr. and Mrs. Eugene V. Bulleit, College avenue. Edward Bulleit is a graduate of Gettysburg college and the Duke University law school.

Today's Talk
NO
There is no shorter word in all the English language than No. And yet, what other word can express so much? Or mean so much?
Many a great and stalwart character has been built with this small word as its cornerstone. The young man who early learns the significance of its use travels the direct route to a substantial success.
No, with the right, is a majority! To have the courage and the will to say No at the right time is character genius. To stand thus alone with your decision is a worthy distinction.
If you think No, Say No — and walk ahead proudly with your chin up.
We hear a great deal about the Yes folks, but very little about the No crowd. For one reason, because it's a rather small crowd. You often have to stand alone with your No decision. Senator William Borah, who died in 1940, was always a magnificent representative of the No party. He always had the courage to stand alone and to say No, if he felt that he was right — no matter how many men, or nations, there might be to decry his stand.
Learn the art of saying No, with a smile, but learn it, at any rate. It often becomes the handiest small word in all the world. The supposition is that No is a negative word. So it is, from some standpoints, and under some conditions, but this talk supports the inspiration side of NO — the side that prods the pride of a man or woman and says to him or her: Dare to say No! Because it is right.
How many a failure has been saved by this simple No! How many a man can say that he owes his success and happiness to the fact that he knew how to say No when the time came. None but cowards can decry you for saying No — if you feel it when you say it.

Just Folks
ONE WOMAN THE PRO CAN'T TEACH
He was giving her a lesson as I chanced to walk that way And I heard him shouting: "Woman, will ye mind the things I say? You're a flubbing, dubbing female, and you will be till you die I can never teach you, and a fool I was to try."

Then the lady turned upon him: "Other women 'hit the ball And I've watched them and I tell you they don't hit your way at all." "There you go again," he shouted just as angry as could be, "You'll try anything they tell you but you pay no heed to me."

Then she took her clubs and left him and I said unto the pro: "I was startled by your language, do you handle ladies so?" And he turned upon me sadly: "That's the curse of married life, All man ever gets is battle when he tries to teach his wife." Protected, 1963, by The George Matthews Adams Service

time street now owned by the heirs of the late Mrs. George E. Stock. Five of Mrs. Stock's children, Dr. Leo F. Stock, Washington; Joseph Stock, Cleveland; the Rev. Fr. Mark E. Stock, Gettysburg; Simon Stock, Harrisburg; and Mrs. M. J. Flynn, Gettysburg, are the present owners. The building, purchased by the late father of the present owners in 1877, was completely remodeled once before in its existence. In 1903 a third story was added to the place and a completely new front was built. When George E. Stock bought the place he carried on his cigar store and factory in a room on the ground floor of the building. He continued with the store and factory until his death in 1915. After that Mrs. Stock, the present owners' mother, continued to live at the residence until her death in 1937. In the meantime the cigar store and factory had been converted into a storeroom occupied for many years past by the Haines Shoe Company. After the death of their mother the heirs decided to renovate and adapt the property to its location. The residential part of the property was converted into three apartments, one on the third floor and two on the second. The first floor was widened and lengthened to supply room for two stores. An addition was built to the rear of the building to permit the addition of space sufficient for the two stores and the front space was widened by several feet. Both stores and the apartments have already been rented. Lawrence Sheads, Joseph Reaser and Michael J. Flynn have rented the apartments. The stores have been leased to the Haines Shoe Company and the Thompson's Lady Shop. This latter store will be an entirely new opening in the community.

"TIP" WORKERS STRIKE CLOSES 13 HOTEL BARS
PHILADELPHIA (AP) — Bars and restaurants in 13 hotels and motels were still closed today and many guests were forced to carry their bags as a result of a strike by 2,000 employees.
The workers, members of Local 568 of the Hotel, Motel and Club Employees Union, walked out Tuesday in a contract dispute centering largely on money issues.
Negotiators promised to meet today with federal mediator Rex Marlowe to try again to settle the dispute.
Supervisory employees took over many of the jobs normally handled by the union members. The strikers include waiters, bartenders, bellhops, porters, waitresses and chambermaids.
CANCELS UP DINNER
Besides the inconvenience to guests, the strike forced the cancellation Tuesday of the kickoff of the 1964 United Fund Drive and a luncheon of the Philadelphia Bar Association.
There's one major convention in town and another is due Friday. Pickets paraded outside the hotels and motels Tuesday and one scuffle was reported. Two pickets were arrested.
The union is seeking increases of \$3 a week for employees who receive few tips and \$2 a week for those who earn most of their wages in tips. Management has offered \$1 a week to the untipped workers and 50 cents a week for those who get tips.
WAGE SCALE
This was later expanded to \$4 a week for little-tipped employees, broken down to \$3.4 a week for the first year of a three-year contract, and \$1.33 a week for the second and third years. It offered \$1 a week raise to employees who get tips.
The hotels also offered to contribute 80 cents a week per worker for a pension. Weekly wages now range from \$28 to \$30 a week for waiters and \$125 to \$130 to second chefs.
Hotels affected are the Adelphia, Bellevue-Stratford, Benjamin Franklin, Drake, St. James, Warwick, Sheraton, Sylvania and Essex. Motels affected are the Sheraton, Roosevelt, Penn Center and City Line.

CORREGIDOR MEMORIAL: The House has passed and sent to the Senate a bill authorizing expenditure of \$1.5 million as the U.S. share in making the Philippine Island of Corregidor a World War II memorial.
House approval Tuesday was by voice vote.
Under the bill, the Philippines would put up a similar amount and would maintain the memorial.
DOMINICAN DEBATE: Three Democratic senators have demanded that the State Department permanently withhold recognition from the military junta that last week overthrew President Juan Bosch of the Dominican Republic.
The three, Sens. Hubert H. Humphrey of Minnesota, Wayne Morse of Oregon and Ernest Gruening of Alaska, also urged withholding of military aid to the new regime.
The Senate Foreign Relations committee plans to question John Bartlow Martin, U.S. ambassador to the Dominican Republic at the time of the coup, and Edwin M. Martin, assistant secretary of state for Latin America, at its first closed session Thursday.
TROOPS TO STAY: An authoritative source says the Kennedy administration has decided to leave the 3,500-man 3rd Armored Cavalry Regiment in Germany.
Plans to return the regiment were revealed several weeks ago as part of a plan to cut back U.S. troops levels in Germany to the number on duty before the 1961 Berlin crisis. Some 22,000 of the 40,000 extra troops sent to Europe at that time have been withdrawn.
No reason was given for the reversal.
FREAR RESIGNS: Former Democratic Sen. J. Allen Frear Jr. of Delaware has resigned from the Securities and Exchange Commission. Although Frear, 60, has been ill a year, it was not known if this was the reason for his resignation.

That which the Lord hath ordained as the sovereign remedy and the mightiest instrument for the healing of all the world is the Union of all its peoples in one Universal Cause, one Common Faith.

Abdu'l-Bahá, son of Bahá'u'lláh, founder of the Bahá'í world Faith, from early childhood shared his father's exile and imprisonment for his belief in the oneness of mankind and the common foundation of all religions.
After his father's death in 1892, Abdu'l-Bahá spent another sixteen years in prison before being freed by the young Turks revolution in 1908. He then spent the rest of his 70 years as the central figure in the Faith as his father's will had decreed. He is regarded by the faithful as the perfect example of the Spirit of Bahá'u'lláh's teaching.
He carried the Bahai movement to Europe in 1911 and then to America in 1912 where he dedicated the cornerstone of the Bahá'í Temple in Wilmette, Ill. In 1920 he was knighted by the British Commonwealth for his humanitarian activities during World War I. After his death in 1921, the Bahai movement continued to grow and today there are almost 3,000,000 adherents around the world. There are 310 groups or "spiritual assemblies" in the United States.

ARREST THIRD WHITE MAN IN BOMBING ACTS
BIRMINGHAM, Ala. (AP) — A third white man has been arrested and over 100 sticks of dynamite were found hidden in a wooded area in the continuing investigation of racial bombings.
John W. Hall, 36, of urban Gardendale, was charged with illegal possession of dynamite Tuesday. He posted bond—set at \$300—shortly afterwards.
Robert E. Chambliss, 59, who was arrested Sunday by state investigators, also was free on \$300 bond on the same charge. Chambliss posted bond shortly after a habeas corpus hearing in circuit court.
YOUTH IN JAIL
Charles Cagle 22, of Birmingham, who was arrested with Chambliss Sunday, remained in jail on an illegal possession of dynamite charge pending a habeas corpus hearing today.
Col. Al Lingo, commander of the State Highway Patrol, said Tuesday night that state investigators found 133 sticks of dynamite in a wooden crate and 2½ sticks lying nearby in a wooded area in North Birmingham, just outside the city limits. He hailed the discovery as significant in the investigation of bombings.
"We are stepping in the right direction. We are making progress,"

The Rev. Fred Shuttlesworth, former Birmingham minister and president of the Alabama Christian Movement for Human Rights, charged that the investigation appeared to be "a sham on the part of law agencies, in an effort to soothe the national conscience and placate Negroes."
Shuttlesworth issued a statement criticizing the investigation shortly after a circuit court jury — which included one Negro — found him guilty of parading without a permit on Good Friday and fined him \$75.
Judge George Lewis Bailes added a term of 90 days to the fine. Shuttlesworth's attorneys appealed the sentence and he was released under \$2,500 bond.
Shuttlesworth noted that his bond was \$2,500 while that of the men charged with possession of dynamite was \$300.
"Where are the FBI and the federal experts brought in — and what part did they play in this? Is this the best the nation can expect of the combined efficient forces of the federal, state and local law agencies?" Shuttlesworth asked.

Presidential advisors Kenneth C. Royall and Earl Blaik planned another round of conferences with white and Negro leaders today.

NOSTALGIC NBC BOGART SHOW WINS PRAISES

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP) — "Unique, unforgettable, powerful and exciting" were only a few of the glowing adjectives used Monday night to describe the late Humphrey Bogart in an illustrated story of his acting career on NBC.

The half-hour show, composed of lively scenes from old Bogart movies, newsreel film and some home movies, was the first of a new series called "Hollywood and the Stars."

The basic appeal of the program is its nostalgia. The film clips are woven together with considerable skill and wit. For instance, there was a lengthy sequence devoted entirely to death scenes played by Bogart during the period when as a heavy in gangster film after gangster film he was inevitable cut down in the climactic scene.

TO PROVE POPULAR

The narration accompanying the excellent pictures was read by Joseph Cotton. It was reverent but slightly high-flown and never caught the frank, earthy quality of the subject.

The series undoubtedly will prove popular, particularly with older viewers who remember the days when movies were not only big and exciting but when movie stars were larger than life.

INTERESTING PROSPECT

One of the more interesting viewing prospects will be comparing the Oct. 13 "Judy Garland Show" with last Sunday night's CBS premiere. Although Judy came off beautifully, the surrounding show proved something of a shambles.

It was the work of Norman Jewison, the series' new producer, and a bunch of new writers pulled in after the original producer, George Schlatter, along with most of his writers, quit the show after four or five had been taped. The disagreement, obviously, concerned the hour's format.

Next Sunday's show also will be a Jewison effort, undoubtedly because CBS brass wants to establish a couple of "regular departments." The departments are, it seems, that tea party session, which didn't work out at all the first time, and the business with the trunk at the window, which hardly seemed worth the effort.

The first of Schlatter's shows will be used, according to present plans, the following week.

The undisputed big star of television for the next few days, of course, is that horsehide sphere

HURLEY WILL PILOT RUSH

SEATTLE (AP) — "I'm not too old to start over, am I?" Deacon Jack Hurley asked the question today as he packed his bags and prepared to head south and launch a new fistic phenom on the unsuspecting world of pugilism.

Hurley has been a much-loved guest of Seattle since he came here 15 years ago to advance Harry (Kid-now grandpa) Matthews from obscurity to an approximation of fame and fortune.

Under the tutelage of Hurley — who believes the object of pugilism is to hurt and be hurt — Matthews was transformed from a tapper to a tiger. He ran an impressive string of knockout victories over people nobody knew and then attained several lucrative paydays against name fighters.

Hurley will go to San Francisco Sunday and take up the cause of one Elmer Rush, 23, ex-paratrooper, 205 pounds. Proudly styling himself the last of the teaching managers, Hurley expects to spend about a year getting Elmer ready.

BOYLE'S Grab Bag

By HAL BOYLE

NEW YORK (AP) — How can you tell whether you are middle-aged?

This point is puzzling to many who have heard that the harvest years are the best years, but aren't quite sure whether they themselves have reached this landmark of living.

Actually, however, there is little doubt about it once you really do reach middle age. You're there for sure if—

You feel too old to touch football but too young for croquet.

Your scalp gets sunburned higher up than it used to, and it takes you less time in the morning to comb your hair.

While reading the evening newspaper, you reach down more often to pat your old dog—and hope he won't insist on taking you for a walk.

FUNNIER JOKES

Every new joke you hear reminds you of an old joke that seems funnier. In fact, anything that happens reminds you of something that happened earlier—and was better.

It comes as a big surprise that Stan Musial is retiring from baseball. Why it seems like only yesterday he was a kid just breaking into the game.

Everybody in the house seems to be engaged in a conspiracy to leave the lights turned on and run up your electricity bills.

The only time you really sleep well is while listening to an after dinner speech.

You no longer have to attend PTA meetings—and kind of miss them.

GET-WELL CARDS

Most of your old friends either are going to the hospital for an operation or recuperating from one. You spend more money buying get-well cards than going to night clubs.

You wonder why the younger generation has never been able to produce another poet like good old Edgar Guest.

The girls who ride on the buddy seats of motorcycles are prettier than any who'll go for a spin with you in a rented Cadillac.

It bores you to death to see a problem play at the theater. All you want is a front-row seat at a cheerful musical comedy with a snappy chorus line.

WAGES HIGHER

You think your neighbor's high school son is spoiled because he isn't interested in digging crabgrass out of your lawn for four bits an hour. Why, at his age you'd have been glad to do it for half that kind of money.

On election days you get up early so you can be the first to vote against any candidate who wants to reform anything—because you're cynically certain that no politician will ever carry out a promise.

Haile Selassie To Call On President

PHILADELPHIA (AP) — Emperor Haile Selassie of Ethiopia, left by train for Washington Tuesday to meet President and Mrs. Kennedy after a one-day visit here.

Before leaving, Selassie was served breakfast by supervisory employees at a strike-bound downtown hotel.

The emperor arrived here Monday to the sound of a 21-gun salute.

The 73-year-old monarch was greeted by Mayor James H. J. Tate.

The emperor, dressed in a khaki uniform with 12 rows of ribbons, was then driven to Independence Hall where he saw the Liberty Bell.

Selassie also was driven through center city and visited city hall where the mayor made him an honorary citizen.

NO CONFIDENCE ATTITUDE DIMS TAX CUT HOPES

By JACK BELL
WASHINGTON (AP)—Kennedy administration leaders abandoned today efforts to speed Senate Finance Committee action on the \$11-billion tax reduction bill and thus retarded its chances of passage this year.

An administration nose count indicated it could not muster a majority within the 17-member committee to strip Chairman Harry F. Byrd, D-Va., of control over the scheduling of hearings on the House-passed measure.

Although Sen. Vance Hartke, D-Ind., had indicated previously he would move for such a showdown today and Byrd was braced for battle, Sen. George A. Smathers, D-Fla., said he did not believe any such challenge would materialize.

FEAR BYRD POWER
Smathers, secretary of the conference of all Democratic senators, said he felt it would be a mistake to try to wrest authority away from the chairman. Byrd opposes tax reduction unless it is accompanied by significant spending cuts.

Byrd said in a separate interview that the House had taken eight months to pass the tax measure and he felt the Senate committee should have a reasonable length of time to consider it. The chairman plans to start closed-door briefings of committee members by congressional tax experts Thursday. He has made no announcement of public hearings but they may start with a midmonth appearance of Secretary of the Treasury Douglas Dillon.

EYE HOUSE ACTION
What the Senate does about the tax bill appears to be wrapped up in the timing of House action on President Kennedy's civil rights program.

The Finance Committee's hearings could consume two months. But they will grind to a virtual halt if the House gives its expected approval to a civil rights bill and leaders move to bring that measure before the Senate.

Estimates on the timing of House action range from Oct. 15 to Nov. 15, or even later. As matters stand, administration lieutenants lack the votes in the House committee for approval of the full program.

FILIBUSTER LOOMS
Once the bill reaches the Senate, the filibuster fat will be in the fire. This means that for a month — during which some around-the-clock sessions will be held — the Senate will give its almost undivided attention to the matter.

If the administration is to get any action this year, it probably will have to invoke the cloture rule to curb debate. This requires approval of the move by two-thirds of those voting. It will be touch-and-go to apply cloture on even a stripped-down program. Faced with these prospects, leaders who regard congressional passage of a civil rights bill as imperative are quietly conceding

The black tie audience, which included French Premier Georges Pompidou and actress Jane Fonda, gave Chevalier a standing ovation. "This night is the highlight of my career," said the 75-year-old entertainer. "Being 75 isn't so bad — you have to slow down a bit though."

Then, Chevalier demonstrated that he isn't slowing down. He did a twisting, swinging imitation of Elvis Presley.

NEW YORK (AP)—General of the Army Douglas MacArthur, vigorous and erect at 83, was being honored by a group of Marines when he got into a friendly argument with the master of ceremonies.

Charles W. Froessel, a former judge, mentioned that the general was born in Little Rock, Ark. MacArthur interrupted: "I am a Virginian."

Then, he explained: "It was intended that I should be born in Norfolk, my mother's home. But my father, being an Army man, was suddenly ordered to Little Rock, Ark., where I was born."

"But the Norfolk papers were loyal and in the paper's headlines it said Douglas MacArthur was born when his parents were away."

The distinguished achievement medal of the Grand Lodge of Masons of New York State was presented to MacArthur in his suite at New York's Waldorf Towers.

A Lovelier You

By MARY SUE MILLER
CREeping WEIGHT. As many a trim lovely has discovered, it is impossible to follow a sensi-

ble eating pattern for years and then—boom—begin to gain weight. Why should this be, if you've lived by the rules?

The most likely answer is the gradual development of an imbalance in one's energy output and calorie intake. Unless the two strike a nice balance, there's bound to be a gain or a drop in weight. We all know that, or should, in this diet-conscious age.

The point we miss is that the balance does not remain static. It changes with a change in our activity. If you move about less now than you once did, you need fewer calories to sustain your energy. And your weight will increase unless you decrease your calorie allotment.

Never fear, the cut need not be painful. Barring a huge gain, it can be accomplished in ways that are scarcely noticeable. For example: Be more than ever sparing of sauces, gravies and butter to dress foods. Become aware of the calories in the dishes you taste while in preparation. Treat cocktail canapes and between-meal tidbits as samplers, not as repasts.

By such ploys you can lower a count by several hundred calories a day. Every thousand saved is a pound saved. It's easy.

Of course, it just might be that an increase in your physical activity would be easier. Give the idea a whirl!

Asked whether he might emerge as a dark horse candidate if a convention deadlock developed between Rockefeller and Goldwater, Nixon replied:

"I'm not going to be a candidate in 1964. There will be no dark horse candidates. I will support the candidate chosen by the Republican convention."

Nixon added that he will "not be part of any stop-Rockefeller or stop-Goldwater movement."

Valachi Says Crime Boss Has "Lots Of Interests" In Las Vegas Gambling Spots

By G. MILTON KELLY
Associated Press Staff Writer
WASHINGTON (AP) — Joseph Valachi swore Tuesday that Vito Genovese, his old boss in a crime syndicate, has "lots of interests" in legalized gambling in Las Vegas, Nev.

He said he understood that Genovese has "a tie" with the gambling operations of Myer Lansky in Las Vegas.

Genovese, convicted on a narcotics charge, is now in the Leavenworth federal prison. Valachi has testified that Genovese nevertheless still bosses New York operations of a nationwide crime syndicate.

VEGAS' INTERESTS

Valachi, in his second day of testimony before the Senate Investigations subcommittee, was questioned by Sen. Jacob K. Javits, R-N.Y. Javits ask Valachi whether it was true that Genovese has "lots of interests in gambling" in Las Vegas.

"Yes, sir," said Valachi. Javits: "As far as you know, is Vito Genovese still in Las Vegas?"

Valachi: "Yes, senator," and named Lansky as one of those with whom he said Genovese is associated.

Javits: "They are associated and it persists to this day?" Valachi: "Yes, sir."

Javits then sought without success to explore for some inside facts about the death of Abe Reles, which Valachi had mentioned in testimony Friday.

CITES TWO CASES

The Friday hearing Valachi had sought to illustrate his contention that mobsters in jail can arrange

the murder of associates on the outside.

He cited the case of two witnesses who, he said, met untimely ends while Genovese was awaiting a murder trial. He mentioned then that Reles had been "thrown out" of a hotel window and killed in New York, while waiting to testify.

Javits, quoting Valachi's testimony that "they threw him out," asked:

"WAS A RUMOR"

"Who was 'they'?"

Valachi clearly uncomfortable under the questioning, said: "That was the rumor. Let's put it this way—whatever was in charge."

Then, as Javits pressed for a better answer, Valachi declared:

"The police threw him." But he said all he really knew about it was that "the boys" of the mob had told this story.

"You believed it?" Javits asked.

"Yes, I did."

A group of about 15 U.S. marshals surrounded Valachi as a protective guard to make sure nothing happened to the ex-gangster as he entered the old Senate office building and was taken to the crowded big hearing room.

DYED HIS HAIR

Valachi, naturally a man of iron gray hair, showed up last week with dazzling reddish brown hair. Today his hair was more on the brown side.

He told reporters last week that he dyed his hair as a disguise because of reports the underworld has condemned him as an informer and put a \$100,000 price on his head.

WASHINGTON (AP)—Leaders of Pennsylvania's National Guard say they want the 28th Division to return to Indiantown Gap for summer training and Pennsylvania congressmen have pledged to support the effort.

Morgan, chairman of the state's bipartisan congressional steering committee, and other Pennsylvania legislators met with the National Guard leaders.

NOT UNTIL '65

The National Guard leaders said the switch back to the Pennsylvania training ground from Camps A. P. Hill and Pickett in Virginia would save money, provide better facilities and boost morale of the guardsmen.

Former Rep. James Van Zandt, secretary to the steering committee and Gov. William Scranton's representative in Washington, said two Pennsylvanians on the House Armed Services Committee will work for the switch. The committee members are Reps. Richard Schweiker, a Republican and Democrat James A. Byrne.

Col. John R. Oatman, the Pennsylvania Guard's operations and training officer, said plans have already been made for the 28th to train in the Carolinas next year. He said it would be 1965 before the Pennsylvania division could train at Indiantown Gap.

Penn State, Army Game Is Sellout

UNIVERSITY PARK, Pa. (AP) —The Penn State-Army football game Oct. 12 is already a sellout. Penn State officials reported Tuesday that all 46,234 seats at Beaver Stadium have been sold. Some 3,000 standing-room-only tickets will go on sale an hour before the game. Meanwhile the Nittany Lions continue to prepare for their next foe, Rice, concentrating mostly on pass defense.

U.S. - Russia Consular Treaty Being Discussed

By ENDRE MARTON
WASHINGTON (AP)—The United States and the Soviet Union are quietly negotiating a consular treaty which could chip more frost from the Cold War and ultimately aid in any increased U.S.-Soviet trade.

The talks are under way in Moscow against a background of heightened American interest in trade with the Soviet Union. The administration is considering the possibility of selling wheat to the Soviets, a transaction some feel could be the first step in freer American-Soviet trade relations.

The proposed treaty would enable each of the two countries to open consulates in cities outside each other's capital.

UP TO SENATE
If an agreement is reached, the Senate would have to ratify the pact before it could become effective, just as in the case of the limited nuclear test ban treaty.

Generally the job of a consulate is to look after the interests of its citizens traveling or doing business abroad. Although embassies have taken over some of these commercial functions, an embassy's chief mission is to represent its country in dealings with a foreign power.

Wardle M. Cameron, an assistant legal adviser of the State Department, is conducting the talks with the Soviet foreign ministry. He left for Moscow after the Soviet Union recommended Sept. 14 that legal experts of the two foreign offices discuss the issue.

HAD NO PACT
Although letters between President Franklin D. Roosevelt and Soviet Foreign Commissar Maxim Litvinov, which led to U.S. recognition of the U.S.S.R. proposed a consular treaty, no pact was ever concluded.

Nevertheless, the two powers had consular relations for a while. In 1941, the United States set up a consular office in Vladivostok, the big Soviet Pacific coast port, and got permission in 1947 to open one in Leningrad. The latter was never opened, however.

In the mid-1930s, the Russians opened offices in New York, San Francisco and Los Angeles.

CLOSED IN 1940

The three Soviet consulates here and the American one in Vladivostok were closed in 1948, the year of the Berlin blockade and the Soviet bloc's campaign against Yugoslavia's Tito. The immediate reason of the closings, however, was the desperate escape from Moscow's New York consulate of Oksana S. Kasenkina, a Soviet teacher, who leaped from a third-floor window to avoid returning to the Soviet Union.

When Soviet Premier Khrushchev visited with President Eisenhower at Camp Davis in 1959, the two briefly touched on the possibility of a consular agreement.

IN "DEEP FREEZE"
The U2 spy plane incident put

the issue into the deep freeze and although it was revived in 1962 when the United States prepared a draft of an agreement and sent it to Moscow, it remained virtually dormant until last summer.

When Secretary of State Dean Rusk visited the Soviet capital to sign the limited nuclear test-ban treaty, he brought up the question again. The Russians were interested — and sent the invitation which resulted in the dispatch of Cameron.

Antidigit Dialing League Wins Round

SAN FRANCISCO (AP) — The Pacific Telephone & Telegraph Co. was ordered Monday to stop converting any more telephone numbers to all-number dialing until further notice.

The order was issued by the California Public Utilities Commission on a complaint issued by the Antidigit Dialing League. The league contends that all-digit dialing is "dehumanizing."

Pacific Telephone has converted about 67 per cent of its system in California to all-digit dialing. The major unconverted areas are San Francisco, about half of Los Angeles, and a few outlying spots. The order does not affect areas already converted.

OUTSIDER IS NEW CHIEF OF PENNSY TODAY

NEW YORK (AP)—A bustling lawyer with a sparkling record as head of a smaller line took charge Tuesday of the Pennsylvania Railroad, industry behemoth.

In a break with tradition, Pennsy directors have tapped Stuart T. Saunders, 54, to guide their railroad in a time when the future is full of question marks.

Saunders, who gave up the presidency of the Norfolk & Western Railway, a prosperous coal-hauling road, is regarded as an outsider—despite a big Pennsy financial interest in the N&W.

FIRST "OUTSIDER"
He is the first "outsider" since railroad's infancy to hold the top post—chairman of the board, in this case.

He also is the first Pennsy chief executive in generations who did not rise from railroad operating ranks.

Short, stocky and balding, Saunders belongs to the deal-making, sales-generating "new breed" of railroad leaders.

He had a flair for mergers at the N&W, consummating an outstandingly successful one and nursing a second close to fruition.

TO STEER MERGER

A prime problem in the new job will be steering to completion the pending merger of the Pennsy and the third-ranking New York Central into a 20,000-mile, \$4 billion assets unified system.

Another will be to jack up faltering earnings. The Pennsy ran \$3.2 million into the red in 1962

Test Ban Treaty OK'd By Scranton

PHILADELPHIA (AP) — Gov. William Scranton says he favors the limited nuclear test ban treaty, but adds he hopes it doesn't lull America into thinking the cold war is thawing.

Speaking at the convention of the National Guard Association of the United States Monday, he said he was happy to see the Senate ratify the treaty.

"However, I feel, as I am sure most of you feel, that perhaps it might have been altered and improved during the negotiating stage, but it was not—maybe for good reasons—and maybe for reasons that were not so good," said the governor.

on revenue volume of \$850 million but showed a profit after taking subsidiaries into account.

Before taking over, Saunders vowed only to step up freight sales and service and designated a law aide at the N&W, A. Paul Funkhouser, as a Pennsy assistant vice president, to ride herd on the merger.

Pennsy stockholders obviously hoped to see him pull some rabbits out of his hat.

During five years under Saunders, N&W profit jumped nearly 20 per cent (to \$65.4 million in 1962) without any increase in revenues.

Elected to the new post last June, Saunders took over from James M. Symes, 66, who had headed the Pennsy as president and board chairman since 1954.

With his apparent approval, David E. Smucker, 56, was named last week as vice president-operations. Smucker had been president of the Detroit, Toledo and Ironton Railroad, a Pennsy family line.

LILLIAN REIS IS ACQUITTED ON ALL COUNTS

PHILADELPHIA (AP)—Lillian Reis, who was acquitted Monday of charges resulting from a raid on her night club, also learned the date of her next trial, in a Pottsville burglary case.

Miss Reis will go on trial in Pottsville Nov. 8. She is accused of masterminding the burglary at the home of coal operator John B. Rich. Three other men have been convicted and have appealed.

In Monday's trial in Philadelphia, Miss Reis and three other defendants were cleared of all charges resulting from the April 29 raid on her club, the Celebrity Room.

OTHERS INVOLVED

The other defendants were Gabriel Staino, 34, bartender at the club, Theresa Sands, 24, and Sharon Levin, 22.

Miss Reis was accused of larceny, conspiracy and violation of the liquor laws and of employing females to solicit drinks.

Miss Levin was charged with larceny, assault and battery, conspiracy and soliciting; Miss Sands was accused of assault and battery and conspiracy.

Staino was charged with conspiracy.

The four had been arrested after a patrolman, Frederick Daw, said Staino asked him to buy drinks and Miss Levin solicited him for immoral purposes. He also said \$70 of his money was stolen from the bar.

Miss Reis has already been

Night Takeoffs Banned At Tokyo

TOKYO (AP)—A new rule prohibiting takeoffs and landings between 11 p.m. and 6 a.m. at Tokyo International Airport was declared in effect Tuesday as a concession to people who complained of their sleep being disturbed.

All went well until 4:55 a.m. when Pan American World Airways Flight 845 out of Los Angeles got in more than two hours head of schedule.

An airport official said permission to land was granted because this was the first day. Pan Am apologized.

RIO DE JANEIRO, Brazil (AP) —Brazil's war, air and navy ministers threatened Monday night to take "preventive action" against a governor who predicted President Joao Goulart's economically and politically troubled government may fall before the end of the year.

Gov. Carlos Lacerda of Guanabara, bitter political foe of Goulart, made the prediction in an interview with Julian Hartt, correspondent of the Los Angeles Times. His story was published here Monday.

The three ministers issued a communique accusing the governor as people with back backbone, incapable of guiding itself without foreign tutors and delivered to a band of Communist spoilers.

tried once in the Pottsville case, but the jury could not agree on a verdict. Legal delays have held up the second trial.

Police witnesses and others testified at the previous trial that nearly half a million dollars was stolen. Rich said \$20,000 in cash and jewels was missing.

COUPLE FAILS TO RECONCILE

ZURICH, Switzerland (AP) — A court attempt to reconcile typewriter heiress Gamble Benedict Porumbeanu and her ex-chaufer husband Andre failed Tuesday after a two-hour closed session.

Gamble, 22, asked the court for a legal separation. She charged her 37-year-old, Romanian-born husband with adultery, neglecting his family and squandering part of the \$20 million Remington typewriter fortune she inherited from her stepgrandmother, Mrs. Katherine Geddes Benedict, of New York.

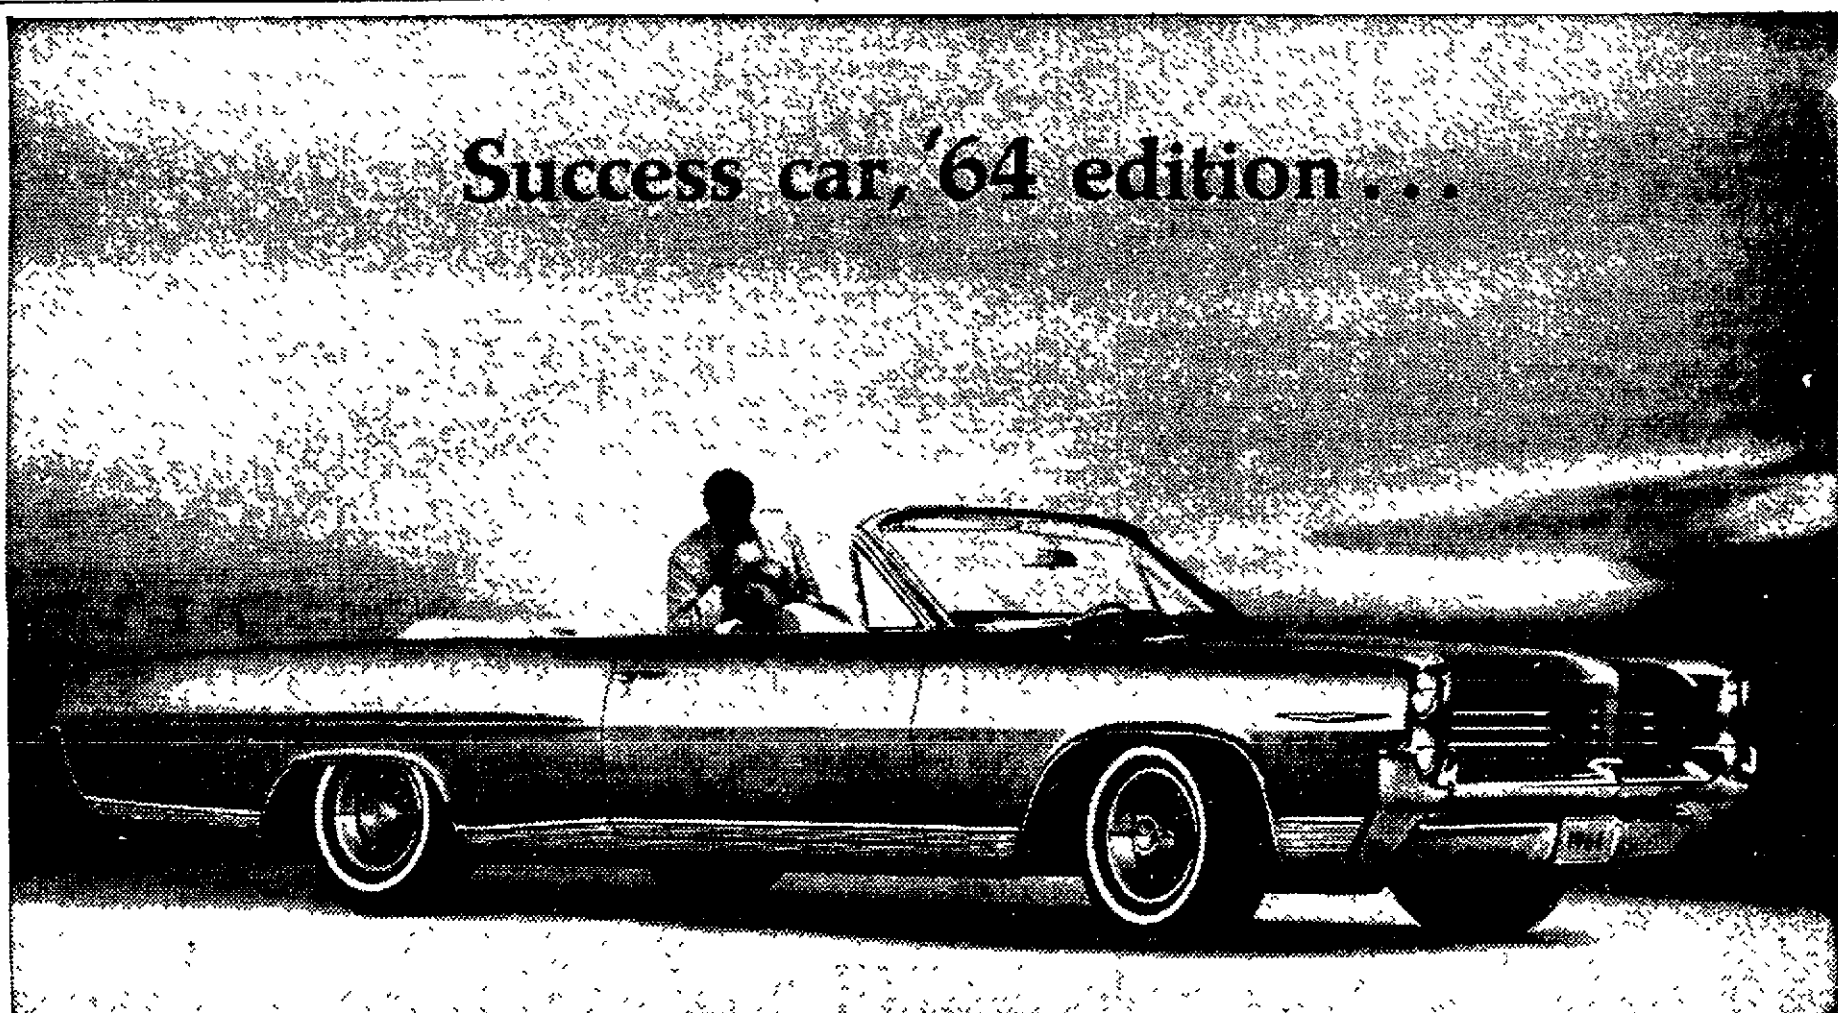

She also asked full custody of their two children.

Gamble's attorney, Eugen Curti, said nothing had been settled. He said the hearing was broken off at the request of Porumbeanu's lawyer, who said he wanted to study the evidence.

Curti said another hearing would be necessary, at the request of Porumbeanu's lawyer, but the couple would not have to be present. He said proceedings in Gamble's separate divorce suit probably would not begin before Christmas.

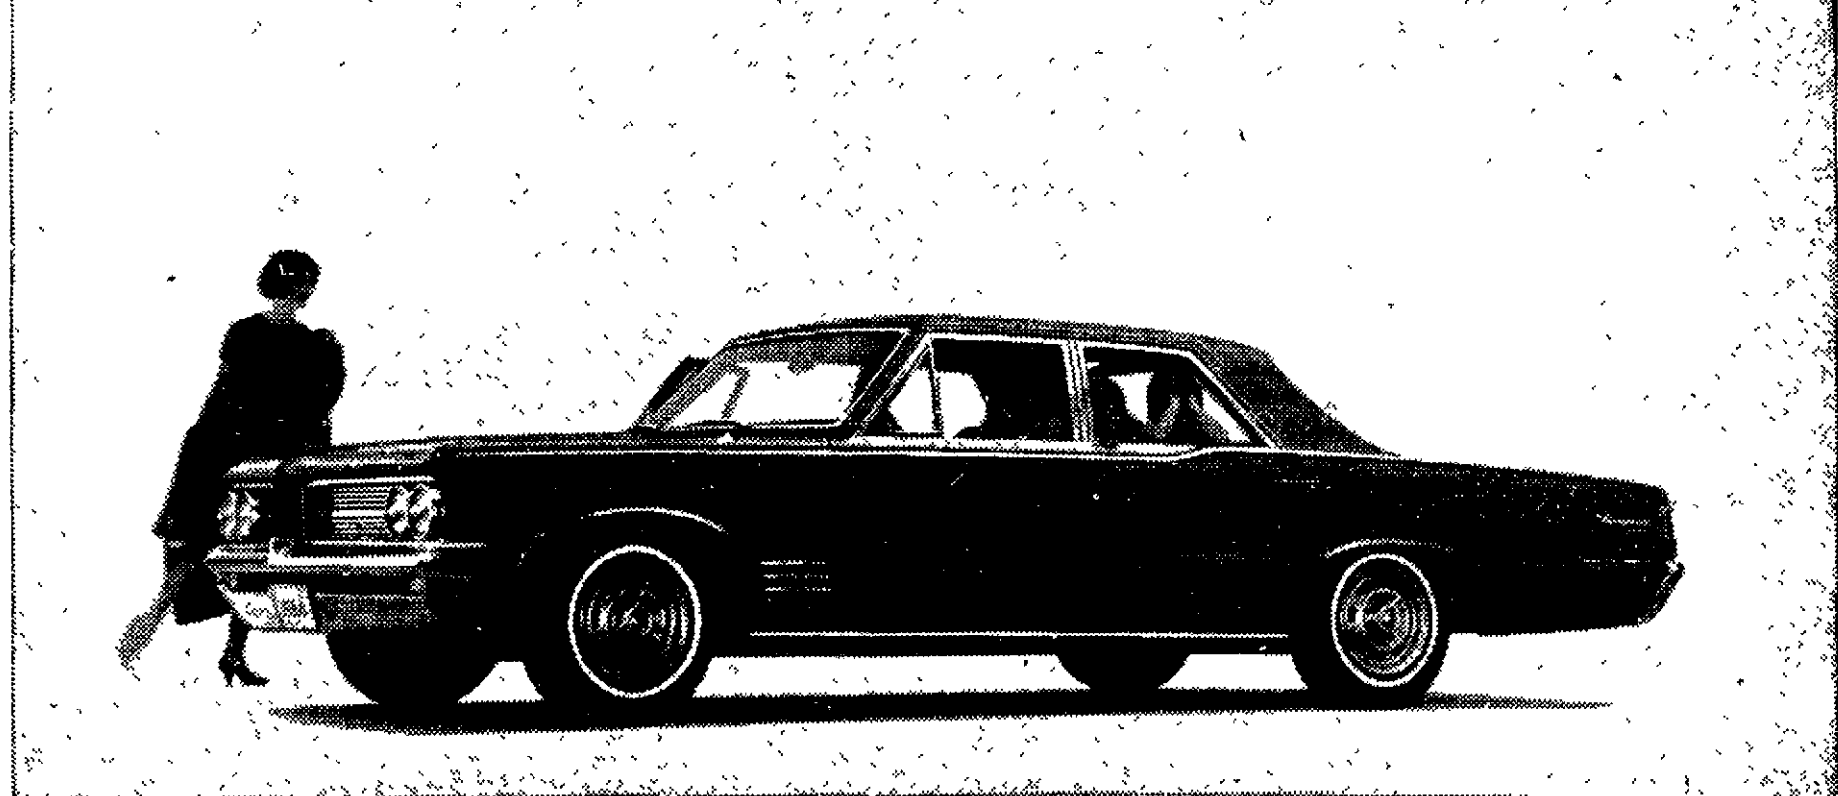

Gamble and Porumbeanu eloped and were married in April 1960 over the opposition of Mrs. Benedict and a court order forbidding them to see each other.

Variety Of Loot Seized In Police Raids Will Be Sold By State Oct. 15-17

By FRED WALTERS

(Editor's Note: What becomes of the odds and ends picked up in police raids, the bric-a-brac left by deceased wards of the state, and the valuable property which comes into possession of the state. Here's an account of a most unusual auction sale.)

HARRISBURG (AP) — Among the items picked up by Philadelphia police in gambling raids this year was a small piece of luggage converted into a homemade radio transmitting and receiving set.

The raiders reasoned that the brown leather bag was used by its owner to relay gambling information. That specific note in the official record wasn't proven, but the owner of the bag never bothered to reclaim his property from the police.

That's why it has wound up among the items the state revenue department will sell at public auction at the Farm Show Building.

\$1,000 RING

There will be more than 1,300 items, divided into 1,205 lots.

The inventory ranges from practically worthless junk up to a man's diamond wedding ring valued at about \$1,000.

More than half the items are jewelry or watches, including a pair of diamond earrings (worth \$600 and up), and old sterling silver pocket watch (value undetermined) and a \$5 gold piece (minted in 1864) on a gold chain.

There also will be 28 rifles and shotguns and auctioned in time for the fall hunting season.

And the department has odd lot of unpaired shoes to sell at the Oct. 15-17 auction.

The less expensive merchandise is grouped and sold by lots. The more expensive jewelry and other items such as rifles are sold individually.

PRO DEALERS

Past auctions have averaged about 40 persons, reports Jack D. Snodgrass, director of the escheats division. Professional dealers dominate the proceedings.

The law authorizing the state to auction off its collection of abandoned property has been on the books for years, but the program only got under way a few years ago.

The biggest, in terms of dollar volume, was held last November. There were fewer items than in the new inventory, but the state realized \$10,548.65 from the sale. Informal estimates for the new auction place the expected return at about \$9,000.

3-DAY SALE

Amos Bohr, of Tower City, a retired auctioneer will conduct the sale, moving the lots at the rate of about one every minute over the three-day period.

The auctions will begin each day at 2 p.m. and close at 10 p.m. The evening hours were set as an effort to give the public time to attend.

Bohr will be paid about \$115 for

his work if the sale hits \$9,000. He was the lowest of five bidders on the job.

A substantial portion of abandoned property never goes to public auction.

GUNS AND WINE

A machine gun turned over by police promptly was destroyed by the department. Snodgrass has in a locked basement closet several hundred pistols and some 40 bottles of wine that cannot be sold at auction.

The pistols will be sold to licensed dealers under sealed bid. The Liquor Control Board will have to decide the disposition of the wine.

U.S. OPPOSING MERGER OF 2 BIG RAILROADS

saying it does not think the union of the two eastern rail giants would serve the public interest.

William H. Orrick Jr., assistant attorney general for antitrust, disclosed the administration's position Tuesday as Interstate Commerce Commission hearings on the proposed merger neared an end.

Orrick's statement was regarded as the administration's official view on the proposal. However, it is not binding on the commission which will rule on the merger.

NO COMPETITION

In Philadelphia, officials of the Pennsylvania Railroad said they would have no comment immediately on Orrick's testimony. Earlier in the day, before he learned of Orrick's testimony, the Pennsylvania's new board chairman, Stuart T. Saunders, said he was confident the merger would be approved.

Orrick said the union of the two eastern railroad mammoths "would eliminate a vast amount

of beneficial rail competition, depriving a number of important areas and traffic flows of satisfactory alternatives among roughly equal rival railroads."

The assistant attorney general also testified, however, that the administration favored two other proposed consolidations—that of the Chesapeake & Ohio and the Baltimore & Ohio, and of the Norfolk & Western, Nickel Plate and Wabash Railroads.

OTHER MERGERS OK

Orrick said the merger of the Pennsylvania and New York Central "would not only impose restraints on effective rail competition, but would also endanger the service capabilities, the prospects and even the continued existence of several smaller railroads which neither these applicants nor any other railroads have included in their merger or control proposals."

Orrick appeared before the hearing as a representative of the interagency committee on transport mergers. The committee in-

cludes all government agencies affected by such mergers.

Orrick said the government opposed the merger because of the long-range consequences, saying such a merger might bar a more balanced reassignment of eastern railroads in the future.

Truax Appoints Youth Specialist

HARRISBURG (AP) — Republican State Chairman Craig Truax named Rep. Eugene M. Fulmer of Centre County Tuesday as a special assistant to develop youth activities for the party.

"Fulmer's intense interest in youth, combined with wide experience in organization work and an understanding of practical politics, are some of the qualities which were considered in selecting him," Truax said.

Fulmer's first assignment will be to persuade each of the 67 county chairmen to send a young man and young woman—under

voting age—to the 1964 campaign kickoff dinner at Hershey, Oct.

Valachi Says Crime Boss Has "Lots Of Interests" In Las Vegas Gambling Spots

By G. MILTON KELLY
Associated Press Staff Writer
WASHINGTON (AP) — Joseph Valachi swore Tuesday that Vito Genovese, his old boss in a crime syndicate, has "lots of interests" in legalized gambling in Las Vegas, Nev.

He said he understood that Genovese has "a tie" with the gambling operations of Myer Lansky in Las Vegas.

Genovese, convicted on a narcotics charge, is now in the Leavenworth federal prison. Valachi has testified that Genovese neverless still bosses New York operations of a nationwide crime syndicate.

VEGAS' INTERESTS

Valachi, in his second day of testimony before the Senate Investigations subcommittee, was questioned by Sen. Jacob K. Javits, R-N.Y. Javits ask Valachi whether it was true that Genovese has "lots of interests in gambling" in Las Vegas.

"Yes, sir," said Valachi. Javits: "As far as you know, is Vito Genovese still in Las Vegas?"

Valachi: "Yes, senator," and named Lansky as one of those with whom he said Genovese is associated.

Javits: "They are associated and it persists to this day?"

Valachi: "Yes, sir."

Javits then sought without success to explore for some inside facts about the death of Abe Reles, which Valachi had mentioned in testimony Friday.

CITES TWO CASES

The Friday hearing Valachi had sought to illustrate his contention that mobsters in jail can arrange

the murder of associates on the outside.

He cited the case of two witnesses who, he said, met untimely ends while Genovese was awaiting a murder trial. He mentioned then that Reles had been "thrown out" of a hotel window and killed in New York, while waiting to testify.

Javits, quoting Valachi's testimony that "they threw him out," asked:

"WAS A RUMOR"

"Who was 'they'?"

Valachi clearly uncomfortable under the questioning, said: "That was the rumor. Let's put it this way—whatever was in charge."

Then, as Javits pressed for a better answer, Valachi declared: "The police threw him." But he said all he really knew about it was that "the oys" of the mob had told this story.

"You believed it?" Javits asked.

"Yes, I did."

A group of about 15 U.S. marshals surrounded Valachi as a protective guard to make sure nothing happened to the ex-gangster as he entered the old Senate office building and was taken to the crowded big hearing room.

DYED HIS HAIR

Valachi, naturally a man of iron gray hair, showed up last week with dazzling reddish brown hair. Today his hair was more on the brown side.

He told reporters last week that he dyed his hair as a disguise because of reports the underworld has condemned him as an informer and put a \$100,000 price on his head.

WANT 28TH TO TRAIN AT GAP

WASHINGTON (AP)—Leaders of Pennsylvania's National Guard say they want the 28th Division to return to Indiantown Gap for summer training and Pennsylvania congressmen have pledged to support the effort.

"We will put the full influence of the whole 27 House members and two senators behind this drive," said Rep. Thomas E. Morgan, D-Pa., Tuesday after meeting with National Guard leaders.

Morgan, chairman of the state's bipartisan congressional steering committee, and other Pennsylvania legislators met with the National Guard leaders.

NOT UNTIL '65

The National Guard leaders said the switch back to the Pennsylvania training ground from Camps A. P. Hill and Pickett in Virginia would save money, provide better facilities and boost morale of the guardsmen.

Former Rep. James Van Zandt, secretary to the steering committee and Gov. William Scranton's representative in Washington, said two Pennsylvanians on the House Armed Services Committee will work for the switch. The committee members are Reps. Richard Schweiker, a Republican and Democrat James A. Byrne.

nor left and acknowledged no questions from newsmen as he and his guards walked swiftly to the hearing room Tuesday morning.

Valachi says he decided to tell his story of a national crime syndicate, which he says is known as La Cosa Nostra, because he received the kiss of death from the man he named as the syndicate's "boss of bosses," Vito Genovese.

Dog With Cigarette

Mrs. Ada Gibson, of Tyreanna, Va., the owner of the pet, said Rover has actually learned to smoke cigarettes but there are times, and this was one of those times, when it is reluctant to puff while smoking. Col. John R. Oatman, the Pennsylvania Guard's operations and training officer, said plans have already been made for the 28th to train in the Carolinas next year. He said it would be 1965 before the Pennsylvania division could train at Indiantown Gap.

William Pitt and King George II signed the death warrant of Ft. Louisburg, Nova Scotia, in 1760. Under the direction of Capt. John Byron, grandfather of the poet, crews worked for six months to grind the great fortress into dust.

BAILEY SEES JFK VICTORY IN THIS STATE

HARRISBURG (AP)—President Kennedy will carry Pennsylvania in 1964 by even more than his 120,000 vote margin in 1960, regardless of foe, predicts Democratic National Chairman John M. Bailey.

"I don't know who the Republican nominee will be and frankly I don't much care whether the slogan is backup with Barry, rotate with Rocky, retool with Romney or scramble with Scranton," Bailey declared in a speech Tuesday at the Harrisburg Capitol Press Club.

Bailey also chided Gov. Scranton for remarks he made last week claiming that Kennedy's popularity throughout the nation is declining.

PEOPLE TESTIFIED

"I'm sure that Scranton, sitting here in Harrisburg, has a complete survey of the country," Bailey told newsmen tongue-in-cheek after his speech.

Then he went on: "Unquestionably, President Kennedy will do better. The people of Pennsylvania are satisfied with the things Kennedy has done, the positive record he has made and they are going to give him a tremendous vote of confidence."

"You've got to remember that four years ago he was a junior senator from Massachusetts and now he is the proven leader of the nation."

NO '62 EFFECTS

Bailey also maintained that results of the 1962 election in which Scranton swamped his Democratic opponent, Richardson Dilworth, by a 470,000 vote margin, will have no bearing on next year's presidential balloting.

"John F. Kennedy was not a candidate in that election and the issues were not the same as they will be next year," the Democratic chairman said. "There is no doubt in my mind that Kennedy will win big in Pennsylvania in 1964."

Asked how Kennedy would campaign against Scranton if the Pennsylvania governor should win the GOP presidential nomination, Bailey replied:

NO VALUABLE PRIZE

"We would not wage a campaign against Scranton, we simply would run on the President's positive record."

In his speech Bailey said that with the possible exception of Gov. Nelson Rockefeller of New York, none of the Republican governors seem very interested in the nomination.

"I can understand this, too," he said. "That nomination will not be a very valuable prize."

Other names mentioned for the GOP nomination are Gov. George Romney of Michigan and Sen. Barry Goldwater of Arizona.

Bailey spent the afternoon in Harrisburg then traveled to State College to address a Democratic fund-raising dinner for Centre County.

CRITIC CREDITS VALACHI STORY AS CBS BEST

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK — CBS' full, live coverage of the Senate investigation subcommittee hearings providing without doubt the most gripping television on the networks for a long time. The other network summaries of highlights do not begin to capture the impact of the shocking story.

Joseph Valachi, ex-burglar, ex-narcotics dealer, confessed accomplice in cold-blooded murder and defector from a secret Sicilian organization, appears to have an almost embarrassed reluctance to use that new tag, "Cosa Nostra," for what used to be called the Mafia or the Black Hand Society.

EXCELLENT MEMORY

He has, however, an elephant's memory for names, dates and conversations and by the end of Tuesday's testimony had reached only the early 1930s. It was a level-voiced—and thus even more shocking—account of life inside a nationwide crime syndicate run by feudal overlords.

It is hard to follow his testimony. Valachi's diction is muddy. His sentences are a mixture of

gang slang and formal legal phrases. He often mispronounces words. Most difficult of all is his cast of characters. Most of them have two names, used interchangeably. It is hard to remember the other name of Nick the Thief, or of Dutch Augie and I never did find out the real name of Chick Ninety Nine.

CALM VOICE

Valachi, who looks like an elderly and respectable businessman, told his incredible tale in a matter-of-fact voice. Even the senators who had heard the story before looked flabbergasted. One interrupted a complicated story about a killing contract to ask Valachi if all this seemed to him "as natural as breathing." The witness calmly agreed it did.

Valachi's description of the initiation sounded like kid stuff. It involved promising to "live by the gun and the knife and to die by the gun and the knife," taking, quite literally, a blood oath of secrecy and fealty. But the witness, who seemed to be enjoying the sensation he was creating, pointed out "This is my doom—this is the promise I'm breaking."

It was certainly exciting and frightening to watch but one wonders what good this public testimony will do. Valachi has been talking to the authorities for over a year. Not much seems to have happened.

Democratic National Chairman John M. Bailey, at Harrisburg, predicted Tuesday that President Kennedy will carry Pennsylvania in 1964 by even more than his 120,000 vote margin in 1960, regardless of foe.

Republicans from eight northwestern Pennsylvania counties today selected Pennsylvania State House Speaker Albert W. Johnson to run for the Congressional seat vacated by the death of Leon Gavin. The Republican leaders cast 33 ballots at the meeting in Oil City before selecting Johnson of Smethport.

The Kennedy administration has opposed the merger of the Pennsylvania and New York Central Railroads. An administration told the Interstate Commerce Commission Tuesday in Washington the administration doesn't think the merger would serve the public interest.

BOYLE'S Grab Bag

NEW YORK (AP)—Anatole De Grunwald is the fair-haired boy of the film world today.

He did it with a simple, golden idea.

De Grunwald got the idea after a movie company spent \$40 million filming and beating the drums for "Cleopatra," starring Elizabeth Taylor and Richard Burton.

His idea: To make another picture using the same stars — but leaving out the Nile River and the asp—and costing \$36,750,000 less to produce.

There were no costly delays, no big rows, Anatole, an old hand at handling temperamental stars, brought the picture — "The V.I.P.S." — in on time—at its budgeted price of \$3,250,000, which includes \$1 million for Miss Taylor, now her standard fee for a film.

Capitalizing nicely on the interest stirred up by Cleopatra's ordeal, "The V.I.P.S." has proved an instant hit.

It is pure marshmallow fudge, featuring a group of assorted people waiting to take a delayed

flight at a London airport.

THE REAL WINNER

Overshadowing a series of subplots involving Orson Welles, Margaret Rutherford and Rod Taylor, is the big issue: Will Elizabeth Taylor fly away from her business tycoon-husband, Richard Burton, and start a new life with a ne'er-do-well society card sharp, Louis Jourdan?

Well, tears flow like glycerine all over the place before Elizabeth finally decides who really needs her most — her yearning husband or the weakling gambler.

But the real winner is producer De Grunwald. His glossily spun cinematic taffy is expected to gross \$16 million in America alone, up to \$25 million or more on the world market. Now all Hollywood doors are open to him.

How did he pull off his big coup?

"It wasn't easy," recalled Anatole, a soft-spoken, gray-haired man with the easy friendliness of an affable English sheep dog.

"It was difficult in that everybody in the world was offering them something. Both Miss Taylor and Burton are choosy, and their business matters were terribly complicated.

"Finally, it boiled down to one thing—they liked the script."

De Grunwald feels the astronomical sum paid to Miss Taylor was well spent.

"I'll save money on unimportant things," he remarked, "but I'll never save money on scripts or actors."

NOSTALGIC NBC BOGART SHOW WINS PRAISES

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP) — "Unique, unforgettable, powerful and exciting" were only a few of the glowing adjectives used Monday night to describe the late Humphrey Bogart in an illustrated story of his acting career on NBC.

The half-hour show, composed of lively scenes from old Bogart movies, newsreel film and some home movies, was the first of a new series called "Hollywood and the Stars."

The basic appeal of the program is its nostalgia. The film clips are woven together with considerable skill and wit. For instance, there was a lengthy sequence devoted entirely to death scenes played by Bogart during the period when as a heavy in gangster film after gangster film he was inevitable cut down in the climactic scene.

TO PROVE POPULAR

The narration accompanying the excellent pictures was read by Joseph Cotton. It was reverent but slightly high-flown and never caught the frank, earthy quality of the subject.

The series undoubtedly will prove popular, particularly with older viewers who remember the days when movies were not only big and exciting but when movie stars were larger than life.

INTERESTING PROSPECT

One of the more interesting viewing prospects will be comparing the Oct. 13 "Judy Garland Show" with last Sunday night's CBS premiere. Although Judy came off beautifully, the surrounding show proved something of a shambles.

It was the work of Norman Jewison, the series' new producer, and a bunch of new writers pulled in after the original producer, George Schlatter, along with most of his writers, quit the show after four or five had been taped. The disagreement, obviously, concerned the hour's format.

Next Sunday's show also will be a Jewison effort, undoubtedly because CBS brass wants to establish a couple of "regular departments." The departments are, it seems, that tea party session, which didn't work out at all the first time, and the business with the trunk at the windup, which hardly seemed worth the effort.

The first of Schlatter's shows will be used, according to present plans, the following week.

The undisputed big star of television for the next few days, of course, is that horsehide sphere

HURLEY WILL PILOT RUSH

SEATTLE (AP) — "I'm not too old to start over, am I?" Deacon Jack Hurley asked the question today as he packed his bags and prepared to head south and launch a new fistic phenom on the unsuspecting world of pugilism.

Hurley has been a much-loved guest of Seattle since he came here 15 years ago to advance Harry (Kid-now grandpa) Matthews from obscurity to an approximation of fame and fortune.

Under the tutelage of Hurley — who believes the object of pugilism is to hurt and be hurt — Matthews was transformed from a tapper to a tiger. He ran an impressive string of knockout victories over people nobody knew and then attained several lucrative paydays against name fighters.

Hurley will go to San Francisco Sunday and take up the cause of one Elmer Rush, 23, ex-paratrooper, 205 pounds. Proudly styling himself the last of the teaching managers, Hurley expects to spend about a year getting Elmer ready.

BOYLE'S Grab Bag

By HAL BOYLE
NEW YORK (AP) — How can you tell whether you are middle-aged?

This point is puzzling to many who have heard that the harvest years are the best years, but aren't quite sure whether they themselves have reached this landmark of living.

Actually, however, there is little doubt about it once you really do reach middle age. You're there for sure if—

You feel too old to touch football but too young for croquet.

Your scalp gets sunburned higher up than it used to, and it takes you less time in the morning to comb your hair.

While reading the evening newspaper, you reach down more often to pat your old dog—and hope he won't insist on taking you for a walk.

FUNNIER JOKES

Every new joke you hear reminds you of an old joke that seems funnier. In fact, anything that happens reminds you of something that happened earlier—and was better.

It comes as a big surprise that Stan Musial is retiring from baseball. Why it seems like only yesterday he was a kid just breaking into the game.

Everybody in the house seems to be engaged in a conspiracy to leave the lights turned on and run up your electricity bills.

The only time you really sleep well is while listening to an after-dinner speech.

You no longer have to attend PTA meetings—and kind of miss them.

GET-WELL CARDS

Most of your old friends either are going to the hospital for an operation or recuperating from one. You spend more money buying get-well cards than going to night clubs.

You wonder why the younger generation has never been able to produce another poet like good old Edgar Guest.

The girls who ride on the buddy seats of motorcycles are prettier than any who'll go for a spin with you in a rented Cadillac.

It bores you to death to see a problem play at the theater. All you want is a front-row seat at a cheerful musical comedy with a snappy chorus line.

WAGES HIGHER

You think your neighbor's high school son is spoiled because he isn't interested in digging crabgrass out of your lawn for four bits an hour. Why, at his age you'd have been glad to do it for half that kind of money.

On election days you get up early so you can be the first to vote against any candidate who wants to reform anything—because you're cynically certain that no politician will ever carry out a promise.

Haile Selassie To Call On President

PHILADELPHIA (AP) — Emperor Haile Selassie of Ethiopia, left by train for Washington Tuesday to meet President and Mrs. Kennedy after a one-day visit here.

Before leaving, Selassie was served breakfast by supervisory employees at a strike-bound downtown hotel.

The emperor arrived here Monday to the sound of a 21-gun salute.

The 73-year-old monarch was greeted by Mayor James H. J. Tate.

The emperor, dressed in a khaki uniform with 12 rows of ribbons, was then driven to Independence Hall where he saw the Liberty Bell.

Selassie also was driven through center city and visited city hall where the mayor made him an honorary citizen.

Italy Travels Rock Road Politically And Economically

By ALLAN JACKS

ROME (AP)—Italy is traveling a rocky road, both politically and economically. A resurgent Communist party is waiting patiently on the sidelines to take advantage of the situation.

For the present the party and its experienced leaders seem content to watch deteriorating conditions and save their big guns—strikes and riots—for the future.

With summer vacations over, the so-called stopgap government of Premier Giuseppe Leone has announced a semi-austerity program providing for cutbacks in government spending, reduction of imports, higher taxes on luxury items and other measures.

POLITICS IN TURMOIL

Said Leone in a recent speech: "We do not deny, or ignore, that current problems are heavy and serious." He went on to exhort Italians not to lose faith in the government or the economy.

Italian politics was left in a turmoil by the 14-month, left-leaning government of Amintore Fanfani. The government was defeated last April in an election in which the Communists made an astonishing showing. The Reds polled 25 per cent of the vote.

Fanfani's Christian Democrats, who have governed Italy since World War II and once could count on half the voters, polled only 38 per cent. The rest of the ballots were split among six other parties.

PRICES SPIRALING

During the same 14 months Italy's economic boom began to falter. Prices have been spiraling upward for months.

Some Italians, and foreign observers, blame circumstances as much as Fanfani for these price rises and other problems. Full employment, for the first time in Italy's history, and general prosperity have had inflationary effects.

Whatever the cause, politicians have taken little notice until Leone's recent speech.

Instead they have been debating the merits and demerits of Fanfani's experimental "opening to the left," the ideological formula under which he ran the government with the support of the country's bright pink Socialist party.

FORMED AS STOP GAP

The Leone government was formed as a post-election stopgap to handle routine business until various parties, particularly the Christian Democrats and Socialists, could settle internal disputes and form some sort of working coalition.

Five months after the elections, the internal disputes are no near-

er solution and efforts to resolve them are exhausting politicians who should be attending to national rather than party problems.

The major exception is the Communist party. It stands solidly behind veteran Palmiro Togliatti, undivided by the Chinese-Soviet feud, and ready to make the most of the growing crisis.

HURRICANE IS GETTING WORSE

PORT OF SPAIN, Trinidad (AP)—Hurricane Flora, showing signs of increased intensity and size, churned over central Caribbean shipping lanes north of Venezuela today and threatened southernmost sections of Hispaniola with gale winds.

The U.S. Weather Bureau at San Juan, Puerto Rico, said the dangerous storm would pass about 120 miles south of the Peninsula of Barahona, a section of the Dominican Republic jutting to the south, early tonight.

By Thursday morning, the hurricane will be less than 100 miles south of the Haitian peninsula of Presque Isle de Sudouest, the bureau said. The Dominican Republic and Haiti share the island of Hispaniola.

Persons in these areas were warned to prepare for heavy rains and winds up to 55 miles an hour. Gale warnings were hoisted.

Arrives In Greece On 15-Day Vacation

ATHENS (AP) — Jacqueline Kennedy, wife of the U.S. president, arrived today aboard a TWA jet airliner to begin a 15-day autumn vacation in Greece.

Her sister, Princess Lee Radziwili, awaited her at the airport with U.S. Ambassador Henry R. Labouisse.

Mrs. Kennedy and her sister kissed as the U.S. First Lady stepped from the plane ramp. Then they left in a U.S. embassy car for a 15-mile drive to Mrs. Kennedy's rented vacation villa at Cavouri on the Saronic Gulf.

A special berth was set up for Mrs. Kennedy for the transatlantic flight. It was the first time TWA had provided a berth for a passenger on one of its superjets, which make the flight in about seven hours. Officials said special permission had to be obtained from the Federal Aviation Agency in Washington.

THE UNITED TELEPHONE COMPANY OF PENNSYLVANIA

BAILEY SEES JFK VICTORY IN THIS STATE

HARRISBURG (AP)—President Kennedy will carry Pennsylvania in 1964 by even more than his 120,000 vote margin in 1960, regardless of foe, predicts Democratic National Chairman John M. Bailey.

"I don't know who the Republican nominee will be and frankly I don't much care whether the slogan is backed with Barry, rotate with Rocky, retort with Romney or scramble with Scranton," Bailey declared in a speech Tuesday at the Harrisburg Capitol Press Club.

Bailey also chided Gov. Scranton for remarks he made last week claiming that Kennedy's popularity throughout the nation is declining.

PEOPLE TESTIFIED

"I'm sure that Scranton, sitting here in Harrisburg, has a complete survey of the country," Bailey told newsmen tongue-in-cheek after his speech.

Then he went on: "Unquestionably, President Kennedy will do better. The people of Pennsylvania are satisfied with the things Kennedy has done, the positive record he has made and they are going to give him a tremendous vote of confidence."

"You've got to remember that four years ago he was a junior senator from Massachusetts and now he is the proven leader of the nation."

NO '62 EFFECTS

Bailey also maintained that results of the 1962 election in which Scranton swamped his Democratic opponent, Richardson Dilworth, by a 470,000 vote margin, will have no bearing on next year's presidential balloting.

"John F. Kennedy was not a candidate in that election and the issues were not the same as they will be next year," the Democratic chairman said. "There is no doubt in my mind that Kennedy will win big in Pennsylvania in 1964."

Asked how Kennedy would campaign against Scranton if the Pennsylvania governor should win the GOP presidential nomination, Bailey replied:

NO VALUABLE PRIZE

"We would not wage a campaign against Scranton, we simply would run on the President's positive record."

In his speech Bailey said that with the possible exception of Gov. Nelson Rockefeller of New York, none of the Republican governors seem very interested in the nomination.

"I can understand this, too," he said. "That nomination will not be a very valuable prize."

Other names mentioned for the GOP nomination are Gov. George Romney of Michigan and Sen. Barry Goldwater of Arizona.

Bailey spent the afternoon in Harrisburg then traveled to State College to address a Democratic fund-raising dinner for Centre County.

CRITIC CREDITS VALACHI STORY AS CBS BEST

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK — CBS' full, live coverage of the Senate investigations subcommittee hearings provide without doubt the most gripping television on the networks for a long time. The other network summaries of highlights do not begin to capture the impact of the shocking story.

Joseph Valachi, ex-burglar, narcotics dealer, confessed accomplice in cold-blooded murder and defector from a secret Sicilian organization, appears to have an almost embarrassed reluctance to use that new tag, "Cosa Nostra," for what used to be called the Mafia or the Black Hand Society.

EXCELLENT MEMORY

He has, however, an elephant's memory for names, dates, and conversations and by the end of Tuesday's testimony had reached only the early 1930s. It was a level-headed—and thus even more shocking—account of life inside a nationwide crime syndicate run by feudal overlords.

It is hard to follow his testimony. Valachi's diction is muddy. His sentences are a mixture of

gang slang and formal legal phrases. He often mispronounces words. Most difficult of all is his cast of characters. Most of them have two names, used interchangeably. It is hard to remember the other name of Nick the Thief, or of Dutch Augie and I never did find out the real name of Chick Ninety Nine.

CALM VOICE

Valachi, who looks like an elderly and respectable businessman, told his incredible tale in a matter-of-fact voice. Even the senators who had heard the story before looked flabbergasted. One interrupted a complicated story about a killing contract to ask Valachi if all this seemed to him "as natural as breathing." The witness calmly agreed it did.

Valachi's description of the initiation sounded like kid stuff. It involved promising to "live by the gun and the knife and to die by the gun and the knife," taking, quite literally, a blood oath of secrecy and fealty. But the witness, who seemed to be enjoying the sensation he was creating, pointed out "This is my doom—this is the promise I'm breaking."

It was certainly exciting and frightening to watch but one wonders what good this public testimony will do. Valachi has been talking to the authorities for over a year. Not much seems to have happened.

BOYLE'S Grab Bag

NEW YORK (AP)—Anatole De Grunwald is the fair-haired boy of the film world today.

He did it with a simple, golden idea.

De Grunwald got the idea after a movie company spent \$40 million filming and beating the drums for "Cleopatra," starring Elizabeth Taylor and Richard Burton.

His idea: To make another picture using the same stars — but leaving out the Nile River and the asp—and costing \$36,750,000 less to produce.

There were no costly delays, no big rows. Anatole, an old hand at handling temperamental stars, brought the picture — "The V.I.P.S." — in on time—at its budgeted price of \$3,250,000, which includes \$1 million for Miss Taylor, now her standard fee for a film. Capitalizing nicely on the interest stirred up by Cleopatra's ordeal, "The V.I.P.S." has proved an instant hit.

It is pure marshmallow fudge, featuring a group of assorted people waiting to take a delayed

flight at a London airport.

THE REAL WINNER

Overshadowing a series of subplots involving Orson Welles, Margaret Rutherford and Rod Taylor, is the big, issue: Will Elizabeth Taylor fly away from her business tycoon-husband, Richard Burton, and start a new life with a ne'er-do-well society card sharp, Louis Jourdan?

Well, tears flow like glycerine all over the place before Elizabeth finally decides who really needs her most — her yearning husband or the weakling gambler.

But the real winner is producer De Grunwald. His glossily spun cinematic taffy is expected to gross \$16 million in America alone, up to \$25 million or more on the world market. Now all Hollywood doors are open to him.

How did he pull off his big coup?

"It wasn't easy," recalled Anatole, a soft-spoken, gray-haired man with the easy friendliness of an affable English sheep dog.

"It was difficult in that every body in the world was offering them something. Both Miss Taylor and Burton are choosy, and their business matters were terribly complicated.

"Finally, it boiled down to one thing—they liked the script." De Grunwald feels the astronomical sum paid to Miss Taylor was well spent.

"I'll save money on unimportant things," he remarked, "but I'll never save money on scripts or actors."

Variety Of Loot Seized In Police Raids Will Be Sold By State Oct. 15-17

By FRED WALTERS
(Editor's Note: What becomes of the odds and ends picked up in police raids, the bric-a-brac left by deceased wards of the state, and the valuable property which comes into possession of the state. Here's an account of a most unusual auction sale.)

HARRISBURG (AP) — Among the items picked up by Philadelphia police in gambling raids this year was a small piece of luggage converted into a homemade radio transmitting and receiving set. The raiders reasoned that the brown leather bag was used by its owner to relay gambling information. That specific note in the official record was not proven, but the owner of the bag never bothered to reclaim his property from the police.

That's why it has wound up among the items the state revenue department will sell at public auction at the Farm Show Building.

\$1,000 RING
There will be more than 1,300 items, divided into 1,205 lots.

The inventory ranges from practically worthless junk up to a man's diamond wedding ring valued at about \$1,000. More than half the items are jewelry or watches, including a pair of diamond earrings (worth \$600 and up), and old sterling silver pocket watch (value undetermined) and a \$5 gold piece (minted in 1864) on a gold chain.

There also will be 28 rifles and shotguns and auctioned in time for the fall hunting season.

And the department has odd lot of unpaired shoes to sell at the Oct. 15-17 auction.

The less expensive merchandise is grouped and sold by lots. The more expensive jewelry and other items such as rifles are sold individually.

PRO DEALERS
Past auctions have averaged about 40 persons, reports Jack D. Snodgrass, director of the escheats division. Professional dealers dominate the proceedings.

The law authorizing the state to auction off its collection of abandoned property has been on the books for years, but the program only got under way a few years ago.

The biggest, in terms of dollar volume, was held last November. There were fewer items than in the new inventory, but the state realized \$10,548.65 from the sale.

Informal estimates for the new auction place the expected return at about \$9,000.

3-DAY SALE
Amos Bohr, of Tower City, a retired auctioneer will conduct the sale, moving the lots at the rate of about one every minute over the three-day period.

The auctions will begin each day at 2 p.m. and close at 10 p.m. The evening hours were set as an effort to give the public time to attend.

Bohr will be paid about \$145 for his work if the sale hits \$9,000. He was the lowest of five bidders on the job.

A substantial portion of abandoned property never goes to public auction.

GUNS AND WINE
A machine gun turned over by police promptly was destroyed by the department. Snodgrass has in a locked basement closet several hundred pistols and some 40 bottles of wine that cannot be sold at auction.

The pistols will be sold to licensed dealers under sealed bid. The Liquor Control Board will have to decide the disposition of the wine.

saying it does not think the union of the two eastern rail giants would serve the public interest.

William H. Orrick Jr., assistant attorney general for antitrust, disclosed the administration's position Tuesday as Interstate Commerce Commission hearings on the proposed merger neared an end.

Orrick's statement was regarded as the administration's official view on the proposal. However, it is not binding on the commission which will rule on the merger.

NO COMPETITION

In Philadelphia, officials of the Pennsylvania Railroad said they would have no comment immediately on Orrick's testimony. Earlier in the day, before he learned of Orrick's testimony, the Pennsylvanian's new board chairman, Stuart T. Saunders, said he was confident the merger would be approved.

Orrick said the union of the two eastern railroad mammoths "would eliminate a vast amount

of beneficial rail competition, depriving a number of important areas and traffic flows of satisfactory alternatives among roughly equal rival railroads."

The assistant attorney general also testified, however, that the administration favored two other proposed consolidations—that of the Chesapeake & Ohio and the Baltimore & Ohio, and of the Norfolk & Western, Nickel Plate and Wabash Railroads.

OTHER MERGERS OK

Orrick said the merger of the Pennsylvanian and New York Central "would not only impose restraints on effective rail competition, but would also endanger the service capabilities, the prospects and even the continued existence of several smaller railroads which neither these applicants nor any other railroads have included in their merger or control proposals."

Orrick appeared before the hearing as a representative of the interagency committee on transportation mergers. The committee in-

Truax Appoints Youth Specialist

HARRISBURG (AP) — Republican State Chairman Craig Truax named Rep. Eugene M. Fulmer of Centre County Tuesday as a special assistant to develop youth activities for the party.

"Fulmer's intense interest in youth, combined with wide experience in organization work and an understanding of practical politics, are some of the qualities which were considered in selecting him," Truax said.

Fulmer's first assignment will be to persuade each of the 67 county chairmen to send a young man and young woman—under

EAGLES SIGN ROOKIE

PHILADELPHIA (AP)—Rookie end Gary Henson of the University of Colorado, who stands 6-foot-3 and weighs 200 pounds, was signed Tuesday by the Philadelphia Eagles.

Henson was drafted but later dropped by the Los Angeles Rams.

The Eagles also released end Dick Lucas, a five-year veteran.

His over all job is to develop a comprehensive, statewide program to encourage under-voting-age youth to be active in the party.

A legislator since 1959, Fulmer has been active for the GOP state committee in previous statewide campaigns.

It's the Polar Bears vs. the Black Bears when Bowdoin meets Maine on the gridiron. Those are the team nicknames.

Italy Travels Rock Road Politically And Economically

By ALLAN JACKS
ROME (AP)—Italy is traveling a rocky road, both politically and economically. A resurgent Communist party is waiting patiently on the sidelines to take advantage of the situation.

For the present the party and its experienced leaders seem content to watch deteriorating conditions and save their big guns—strikes and riots—for the future.

With summer vacations over, the so-called stopgap government of Premier Giuseppe Leone has announced a semi-austerity program providing for cutbacks in government spending, reduction of imports, higher taxes on luxury items and other measures.

POLITICS IN TURMOIL
Said Leone in a recent speech: "We do not deny, or ignore, that current problems are heavy and serious." He went on to exhort Italians not to lose faith in the government or the economy.

Italian politics was left in a turmoil by the 14-month, left-leaning government of Amintore Fanfani. The government was defeated last April in an election in which the Communists made an astonishing showing. The Reds polled 25 per cent of the vote.

Fanfani's Christian Democrats, who have governed Italy since World War II and once could count on half the voters, polled only 38 per cent. The rest of the ballots were split among six other parties.

PRICES SPIRALING
During the same 14 months Italy's economic boom began to falter. Prices have been spiraling upward for months.

Some Italians, and foreign observers, blame circumstances as much as Fanfani for these price rises and other problems. Full employment, for the first time in Italy's history, and general prosperity have had inflationary effects.

Whatever the cause, politicians have taken little notice until Leone's recent speech.

Instead they have been debating the merits and demerits of Fanfani's experimental "opening to the left," the ideological formula under which he ran the government with the support of the country's bright pink Socialist party.

FORMED AS STOP GAP
The Leone government was formed as a post-election stopgap to handle routine business until various parties, particularly the Christian Democrats and Socialists, could settle internal disputes and form some sort of working coalition.

Five months after the elections, the internal disputes are no nearer solution and efforts to resolve them are exhausting politicians who should be attending to national rather than party problems.

The major exception is the Communist party. It stands solidly behind veteran Palmiro Togliatti, undivided by the Chinese-Soviet feud, and ready to make the most of the growing crisis.

HURRICANE IS GETTING WORSE
PORT OF SPAIN, Trinidad (AP)—Hurricane Flora, showing signs of increased intensity and size, churned over central Caribbean shipping lanes north of Venezuela today and threatened southernmost sections of Hispaniola with gale winds.

The U.S. Weather Bureau at San Juan, Puerto Rico, said the dangerous storm would pass about 120 miles south of the Peninsula of Barahona, a section of the Dominican Republic jutting to the south, early tonight.

By Thursday morning, the hurricane will be less than 100 miles south of the Haitian peninsula of Presque Isle de Sudouest, the bureau said. The Dominican Republic and Haiti share the island of Hispaniola.

Persons in these areas were warned to prepare for heavy rains and winds up to 55 miles an hour. Gale warnings were hoisted.

Arrives In Greece On 15-Day Vacation
ATHENS (AP) — Jacqueline Kennedy, wife of the U.S. president, arrived today aboard a TWA jet airliner to begin a 15-day autumn vacation in Greece.

Her sister, Princess Lee Radziwili, awaited her at the airport with U.S. Ambassador Henry R. Labouisse.

Mrs. Kennedy and her sister stepped from the plane ramp. Then they left in a U.S. embassy car for a 15-mile drive to Mrs. Kennedy's rented vacation villa at Cavouri on the Saronic Gulf.

A special berth was set up for Mrs. Kennedy for the transatlantic flight. It was the first time TWA had provided a berth for a passenger on one of its superjets, which make the flight in about seven hours. Officials said special permission had to be obtained from the Federal Aviation Agency in Washington.

LE HAVRE, France (AP)—The 4,608-ton Norwegian freighter Ronda sank in port today after a collision with the 6,103-ton American freighter Lucile Bloomfield. The crew was rescued.

He will bring greetings from the district and will speak on current and future happenings in the zone and district. The Lions information committee, W. R. Jones and John W. Boy Scout Troop No. 84 met on Monday evening at the Community Center, when plans were made for an overnight camp with Royer-Greaves Troop 103, Paoli, on Saturday and Sunday at Horseshoe Camp, Rising Sun, Md. The Paoli Boy Scouts are the only handicapped troop in the United States. Explorer Post 84 will also participate in the camp. The group will leave town at 8 a.m. on Saturday from the Scout room. Adult leaders in attendance were Scoutmaster Edgar A. Wolfe, Assistants John R. Rudisill and Victor L. Reynolds and Committeeman L. D. Snyder. The regular meeting of the troop will be held at 7:30 p.m. next Monday.

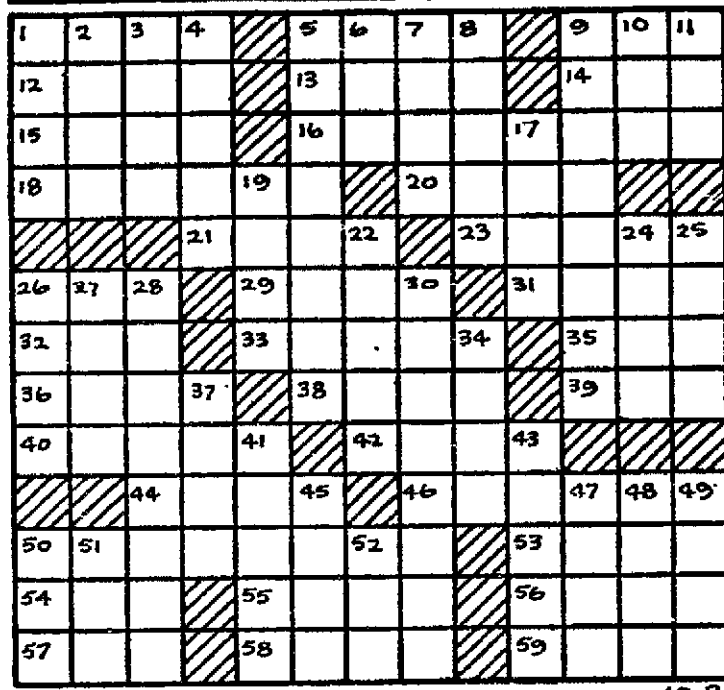

New and good used toys are needed for the Warner Hospital Auxiliary bazaar to be held on Friday, November 8. Donors are invited to leave the items at the homes of Mrs. Leonard L. Potter, Maple Ave., or Mrs. Frank E. Basehoar, Patrick Ave., or the toys will be collected by calling them.

The Adams County Library Bookmobile will stop at Hillcrest Diner, along the Littlestown-Gettysburg Rd., on Thursday from 4:15 to 5 p.m.

The October meeting of the Carroll-Adams Riding Club Inc., will be held at 8 p.m. on Thursday in the clubhouse at "Sunset Hill Farm," near town. A financial report on the recent horse show will be given.

Yesterday's Cryptogrip: COURAGEOUS SOLDIER MET DIFFICULT ASSIGNMENT.

TODAY In History

Today is Wednesday, Oct. 2, the 275th day of 1963. There are 90 days left in the year.

Today's highlight in history: On this date in 1780, the British officer, Maj. John Andre, was hanged by the United States as a spy. It was Andre who negotiated traitor Benedict Arnold's attempted surrender of West Point during the American Revolution.

On this date In 1894, England's entire population was mobilized to resist possible invasion by Napoleon Bonaparte's French armies.

In 1871, Mormon leader Brigham Young was arrested for polygamy.

In 1919, King Albert of Belgium arrived in the United States for a visit.

In 1941, the Germans launched an intensive drive against Moscow during World War II.

In 1955, the Rev. Simon Montgomery became the first Negro minister of an all-white congregation at Old Mystic, Conn.

Ten years ago . . . The Brooklyn Dodgers beat the New York Yankees 3-2 in the third game of the 1953 World Series as right-hander Carl Erskine fanned 14 to set a new series strikeout record.

Five years ago . . . Russia accused the United States and Britain of flouting the U.N. General Assembly by refusing to withdraw troops from Lebanon and Jordan.

One year ago . . . Secretary of State Dean Rusk told representatives of the Organization of American States that the United States was prepared to provide political leadership needed to block Communist inroads in the Western Hemisphere.

Rocky Will Not Accept 2nd Place

BRUSSELS, Belgium (AP) — Gov. Nelson S. Rockefeller of New York said today he will not be Sen. Barry Goldwater's running mate if the Arizona senator gets the Republican presidential nomination.

Asked whether he would refuse the vice presidential nomination if the party chose Goldwater to head the ticket, Rockefeller replied: "That is correct."

Rockefeller is near the end of a brief European tour with his wife.

PROBE INJURIES

HONOLULU (AP)—An investigation into the loss of four landing craft and injuries to nine Marines during Navy and Marine amphibious assault maneuvers has been ordered by Adm. U.S. Grant Sharp Jr., Pacific Fleet commander.

The craft overturned in surf Monday on Molokai Island at the start of a four-day operation with 7,000 Marines and 6,000 Navy men.

Sharp estimated Tuesday that damage to boats and equipment total \$224,000. The injuries to the Marines were minor.

BONN, Germany (AP) — West German firms will export about \$18 million worth of wheat flour to the Soviet Union, well-informed sources said today, despite Chancellor Konrad Adenauer's open disapproval of helping Moscow out of its bread shortage.

The quantity is relatively small — 250,000 tons, compared with the 6.8 million tons the Soviets have bought from Canada and the 1.8 million tons from Australia. The price is reported to be about \$71 a ton, with delivery by March.

Cat Survives Two Months In Crate

CAPE TOWN, South Africa (AP)—A tough little gray cat from Canada astonished veterinarians here by surviving a two-month journey from Montreal sealed in a crate.

A dockster in a warehouse noticed movement behind a knothole in the crate.

The crate was opened and the cat emerged, thin but little the worse except for a raging thirst.

U. S. WARNED

MIAMI, Fla. (AP) — Cuban armed forces Vice Minister Maj. Eligio Almeida Jirass said the United States to keep its hands off Cuba or suffer the consequences.

"If the imperialists stick their hands into Cuba again, we will cut them off," Almeida Jirass said according to a Havana radio broadcast heard in Miami.

The eyes were transported immediately to Geisinger Memorial Hospital in Danville where a Bloomsburg housewife and a Selinsgrove man underwent corneal transplants Monday.

The youngster died at Harrisburg Hospital Sunday from injuries suffered the day before when hit by a car while riding his bicycle.
